

Table of contents

Index.....	I
Index of Maps, Figures, Tables and Plates.....	III
Index of Annex.....	IV
Preface.....	V
Summary.....	VII
Zusammenfassung.....	XI

INDEX

1. Introduction and explanation of the research problem.....	1
1.1. General background and explanation of the research problem.....	1
1.2. Brief description of the study.....	5
2. The survey area.....	8
2.1. The natural conditions.....	8
2.1.1. Geographical location and topography.....	8
2.1.2. Climate.....	9
2.1.3. Geology and hydrology.....	12
2.1.4. Soils.....	14
2.1.5. Vegetation.....	15
2.2. The socio-economic background.....	16
2.2.1. Ethnic groups.....	16
2.2.2. Landuse by nomads and agropastoralists.....	18
3. Methods.....	20
3.1. Analytical methods.....	20
3.1.1. Applied methods of soil physics.....	20
3.1.2. Applied methods of soil chemistry.....	23
3.2. Empirical methods.....	29
3.2.1. Cartographical approach.....	29
3.2.2. Methods of climatic parameters.....	29
3.2.3. Methods of soil survey.....	29
3.2.4. Methods of vegetation survey.....	30
3.2.5. Methods of socio-economic dynamics.....	31

4. Results and discussion of ecological parameters.....	34
4.1. Climatic parameters.....	34
4.1.1. Available climatic data.....	34
4.1.2. Water situation in the Huri Hills.....	38
4.2. Soil analyses and soil surveys.....	40
4.2.1. Profile description for the soil analyses.....	40
4.2.2. Physical properties of the soils.....	42
4.2.3. Chemical properties of the soils.....	48
4.2.4. Evaluation of the soil surveys.....	59
4.2.5. General evaluation of the soils.....	61
4.3. Evaluation of the vegetation surveys and range conditions.....	63
4.3.1. Evaluation of the vegetation surveys.....	63
4.3.2. Range conditions.....	64
4.4. Conclusions.....	66
5. Results and discussion of socio-economic dynamics.....	67
5.1. Nomads and their livestock.....	67
5.1.1. Nomadic groups at the Huri Hills.....	68
5.1.2. Nomadic life and livestock.....	73
5.2. Sedentary farmers/agropastoralists.....	75
5.2.1. Permanent settlements.....	78
5.2.2. Farming on the upper Huri Hills.....	82
5.2.3. Development activities by organizations (NGO's and GO's).....	83
5.3. Land utilization conflicts between nomads and farming settlers.....	86
5.4. Conclusions.....	88
6. Discussion and recommendations for further sustainable landuse planning.....	89
6.1. Discussion of the results.....	89
6.2. Recommendations for further activities on sustainable landuse planning.....	90
6.2.1. Suitable crops.....	90
6.2.2. Prospects for the future.....	92
7. Final Comments.....	98
8. References.....	100
9. Annex.....	115
