Proceedings and Selected abstracts of the
5th International Conference on Clinical Neonatology, Torino, Italy, September 11–13, 2014

Editorials

Current management of apnea in premature infants: Is caffeine the magic bullet? E. Bancalari	S1
Interaction between respiratory and cardiovascular function E. Bancalari	S3
Quality improvement and initiatives in neonatal intensive care A.A. Fanaroff	S5

Review papers

U.S. and international efforts on critical congenital heart disease screening: Can we have a uniform recommendation for Europe? L.A. Hom and G.R. Martin	S11
Role of G-CSF and GM-CSF in the management of infections in preterm newborns: an update E. Castagnola and C. Dufour	S15
Evidence for CCHD screening and its practical application using pulse oximetry A.K. Ewer	S19
Epigenetics and neonatal nutrition U. Simeoni, C. Zyzdorzyc, B. Siddeek and M. Benahmed	S23

Research papers

CMV infection associated with severe lung involvement and persistent pulmonary hypertension of the newborn (PPHN) in two preterm twin neonates P. Manzoni, M. Vivalda, M. Mostert, C. Priolo, P. Galletto, E. Gallo, M. Stronati, R. Gili, A. Opramolla, S. Calabrese, E. Tavella, M. Luparia and D. Farina	S25
Use of erythropoietin is associated with threshold retinopathy of prematurity (ROP) in preterm ELBW neonates: a retrospective, cohort study from two large tertiary NICUs in Italy P. Manzoni, L. Memo, M. Mostert, E. Gallo, R. Guardione, A. Maestri, O.S. Saia, A. Opramolla, S. Calabrese, E. Tavella, M. Luparia and D. Farina	S29
Time outside targeted oxygen saturation range and retinopathy of prematurity D.A. Kaufman, S.A. Zanelli, M.J. Gurka, M. Davis, C.P. Richards and B.K. Walsh	S35
Lung ultrasound findings in meconium aspiration syndrome M. Piastra, N. Yousef, R. Brat, P. Manzoni, M. Mokhtari and D. De Luca	S41
Risk and protective factors in maternal–fetal attachment development C. Pisoni, F. Garofoli, C. Tzialla, S. Orcesi, A. Spinillo, P. Politi, U. Balottin, P. Manzoni and M. Stronati	S45

Immunoglobulins in neonatal sepsis: has the final word been said? L. Capasso, A.C. Borrelli, T. Ferrara, C. Coppola, J. Cerullo, F. Izzo, R. Caiazza, S. Lama and F. Raimondi	S47
Evaluation and management of thrombocytopenic neonates in the intensive care unit A. Del Vecchio	S51
Administration of surfactant using less invasive techniques as a part of a non-aggressive paradigm towards preterm infants M. Aguar, A. Nuñez, E. Cubells, M. Cernada, P.A. Dargaville and M. Vento	S57
5th International Conference on Clinical Neonatology – Selected conference abstracts	S61
Author index	S81
