

# Contents

<b>1</b>	<b>Introduction</b> .....	1
1.1	Introduction for Biofuels .....	1
1.2	Biofuel Production Cost .....	4
1.3	Reduction of GHG Emissions .....	5
1.4	Net Energy Return on Investments of Biofuels .....	6
1.5	Biofuel Use for Agricultural Commodity Markets .....	7
	References .....	10
<b>2</b>	<b>Biofuels and Food Security in Brazil</b> .....	13
2.1	Introduction .....	13
2.2	Bioethanol Program and Markets .....	15
2.2.1	Bioethanol Program .....	15
2.2.2	Bioethanol Market .....	16
2.2.3	Bioethanol Production Structures .....	17
2.2.4	Implications of the Bioethanol Policy .....	22
2.2.5	Brazilian Bioethanol Problems .....	23
2.3	Biodiesel Program and Markets .....	24
2.3.1	Biodiesel Program .....	24
2.3.2	Biodiesel Markets .....	25
2.3.3	Biodiesel Policy Implications and Problems .....	27
2.4	Biofuels and Food Security in Brazil .....	27
	References .....	29
<b>3</b>	<b>Biofuels and Food Security in China</b> .....	31
3.1	Background and Biofuel Policy .....	31
3.2	Biofuel Production .....	32
3.3	Production Costs and Subsidies .....	34
3.4	Feedstock for Bioethanol Production .....	35
3.5	Developments and Perspectives of the Chinese Biofuel Program ..	36
3.6	Biofuels and Food Security in China .....	37
	References .....	40
