

## Table of Contents

Chapter 1 General introduction	1
Chapter 2 Response of maize genotypes contrasting in starch type to temperature during grain filling	27
Chapter 3 Starch degradation in rumen fluid as influenced by genotype, climatic conditions and maturity stage of maize grown under controlled conditions	61
Chapter 4 Oven-drying reduces ruminal starch degradation in maize kernels	87
Chapter 5 Ruminal degradation of maize silage is influenced by temperature and duration of ensiling	107
Chapter 6 General discussion	127
Summary	155
Samenvatting	161
Acknowledgements	169
List of publications	173

PE&RC PhD Training Certificate	175
Curriculum vitae	177
