

CONTENTS

PART I FOUNDATIONAL ISSUES I

Chapter 1 OVERVIEW OF EMOTIONAL AND BEHAVIORAL DISORDERS 2

Introduction	4
Emotional and Behavioral Disorders (E/BD) Definition of E/BD	4
IDEA Definition of Emotional Disturbance	4
MNHSEC Definition of E/BD	5
Characteristics of E/BD Externalizing Behaviors / Internalizing Behaviors / Behavioral Deficits / IQ and Achievement	6
Overlapping Problems with E/BD Depression / School Problems / Dropout and E/BD	7
Labels for Students with E/BD Benefits of Labels / Disadvantages of Labels	9
Prevalence Rates of Students with E/BD Variance in Prevalence Rates / Gender Differences in E/BD Prevalence Rates	9
Causes of E/BD Multiple Causes / Biological Causes / Genetic Causes / Environmental Causes / Traumatic Brain Injury / Child Abuse / Socioeconomic Status May Contribute to E/BD / Poverty and the Development of E/BD / Hunger and E/BD / Poverty and Effective Parenting	11
IDEA 1997 and Controversial Discipline Basic Assumptions of IDEA 1997 / Manifest Determination	17
Implications for Working with Youth and Adolescents	19
References	19

Chapter 2 ASSESSMENT METHODS FOR E/BD 22

Introduction	24
Assessment of Students with EB/D	24
General Assessment Procedures Prereferral Methods / Ecological Approach / Procedural Suggestions / Screening / Behavior Rating Scales / Social Skills Assessments / Interviews and Direct Observations	24
Assessment Summary	28
Intervention Models Biophysical Model / Psychodynamic Model/ Behavioral Model / Observation and Analysis of Student Behavior Is Important / Ecological Model / Social Learning Theory Model	28
Implications for Working with Youth and Adolescents	37
References	37

Chapter 3 EDUCATIONAL PLACEMENT OPTIONS 38

Introduction	40
History of Educational Placement Options	40
Mainstreaming and Inclusion Mainstreaming / Inclusion / Problems with Inclusion and Students with E/BD	41
Least Restrictive Environment Definition / Inclusion Model / Educational Placement Options for Students with E/BD	43
Special Education Continuum of Services in Public Schools Resource Rooms / Self-Contained Classrooms / Self-Contained Classrooms Are Necessary	46

The Alternative Day School	47
<i>Alternative Day School Models</i>	
Residential Schools	49
<i>Residential School Models / Outdoor Adventure Programming</i>	
Correctional Facilities	52
<i>Definition / Difference Between Treatment and Corrections / Corrections and Special Education Services / Discharge and Transition from Corrections / Boot Camps</i>	
Implications for Working with Youth and Adolescents	54
References	55

Physiological Complications for Prenatally Drug-Exposed Children	71
<i>Low Birth Weight / Small Head Circumference Measurement / Premature Birth / Learning and Behavioral Problems</i>	
Implications for Working with Youth and Adolescents	72
<i>Learning and Behavioral Disorders / Prenatal Drug Exposure and School Behavior / Teach Appropriate Alternatives for Misbehavior / Specific Behavioral Symptoms of Prenatal Exposure / Recommendations for Infancy and Early Childhood Years / Recommendations for the Elementary School Years / Recommendations During Adolescence</i>	
Conclusion	77
References	78

PART 2

SOCIAL, CULTURAL, AND ENVIRONMENTAL ISSUES

59

Chapter 4

PRENATAL DRUG AND ALCOHOL EXPOSURE

60

Introduction	62
Treat All Students as Individuals	62
No Amount of Drugs or Alcohol Is Safe for a Pregnant Woman	62
Prenatal Drug Exposure Is a Complicated Problem	63
<i>Complicating Research Factors / Multidrug Use / Prenatal Effects / Quality of Life</i>	
Demographic Changes in Drug Abuse	65
Prevalence of Drug Abuse Among Pregnant Women	66
<i>Additional Risks of Addiction for Pregnant Women / Effects of Drug Addiction on Mother and Fetus</i>	
Postnatal Effects on Drug-Exposed Infants	67
<i>Swaddling</i>	
Fetal Alcohol Syndrome (FAS) and Fetal Alcohol Effects (FAE)	68
<i>General Characteristics of FAS and FAE / Medical Criteria for the Diagnosis of FAS / Diagnostic Criteria for FAE / Lifetime Costs of FAS and FAE</i>	

Chapter 5

SUBSTANCE ABUSE IN YOUTH AND ADOLESCENTS

80

Introduction	82
Adolescence Is a Stressful Period	82
Three Most Commonly Abused Substances	82
Historic Use of Illicit Drugs	83
<i>Tribal Shaman / Tonics, "Cure-Alls," and Coca-Cola / Gangsters and Drugs / Over-the-Counter Medications / Methamphetamine</i>	
The Monitoring the Future Survey	85
<i>Current Statistics on Illicit Drug Use</i>	
Drug Categories and Their Effects	86
<i>Stimulants / Depressants / Hallucinogens / Narcotics</i>	
Commonly Abused Drugs	96
<i>Anabolic Steroids / Inhalants / Prescription Drugs</i>	
Risk Factors for Adolescent Drug Abuse	102
<i>Transitions Can Be Risky / Longitudinal Study on Behavior and Substance Abuse</i>	
Other Problems Related to Adolescent Drug Abuse	103
<i>High Cost of Substance Abuse / Deficient Academic Achievement / Delayed Adult Adjustment / Medical Concerns</i>	

Intervention Programs for Adolescent Substance Abuse	105
<i>Changing Addictive Behavior Patterns Is Difficult</i>	
Implications for Working with Youth and Adolescents	107
References	109

Chapter 6 **SCHOOL VIOLENCE 112**

Introduction	114
School Achievement Is Vital to Life Success	114
Trends in School Violence	115
<i>Assaults and Thefts in School / Guns in School / Teacher Perceptions of Safety at School</i>	
Definition of School Violence	116
Factors That May Lead to School Violence	117
<i>Family Factors / Teacher Training</i>	
A Perspective on Violence	118
<i>Coercive Behaviors</i>	
Teach Positive Replacements for Violent Behaviors	119
Cautions About Using Punishment	120
<i>Punishment Is Reactive Rather Than Proactive</i>	
When Crimes Occur	120
Federal Legislation to Promote Safe Schools	120
<i>Gun-Free Schools Act / Students with Disabilities and Section 504 / The Safe and Drug-Free Schools and Community Act of 1994 / Goals 2000: Educate America Act of 1994</i>	
Warning Signs of School Violence	122
<i>Communicative Intent of Behavior / Take All Threats Seriously</i>	
Characteristics of Safe Schools: Intervention and Prevention	125
<i>Key Characteristics of a School Violence Prevention Program / Structuring a School Violence Prevention</i>	

<i>Program / Level System to Manage School Violence / School Uniforms / Early Intervention</i>	
Students with Behavioral Disorders and School Violence	127
<i>Social Skill Deficits / Dropouts</i>	
Responding to Crisis Situations	128
<i>Make a Plan / Violence Prevention Plan Considerations</i>	
Implications for Working with Youth and Adolescents	129
References	130

Chapter 7 **CHARACTERISTICS AND IDENTIFICATION STRATEGIES OF YOUTH GANG MEMBERS 132**

Introduction	134
Gang Prevention and Education Programs	135
Violence Associated with Youth Gangs	135
Gang Membership	136
<i>The One Percent Rule / Growth of Gang Membership / Gangs in School</i>	
Lack of Teacher Preparation to Manage Violence in the Classroom	137
Teachers' Level of Knowledge on Gang Identifiers	138
Gang Warning Signs	139
<i>Lacks Self-Esteem / Lives in a Gang-Oriented Neighborhood / Has Relatives in a Gang / Has Problems at Home / Has Problems with School / Carries a Weapon / Lacks Recreational, Leisure, and Vocational Skills / Imitates the Dress and Colors of the Gang / Wears Gang Jewelry / Draws Gang Graffiti / Uses Gang Slang / Uses Gang Hand Signs / Has a Gang Tattoo / Carries Gang Paraphernalia</i>	
Major Gang Factions	149
<i>"Representing"</i>	

Specific Gang Identifiers 151
*Crips and Bloods / Vice Lords / Black Gangster
Disciples / Latin Kings / Look for Two Signs or
Identifiers*

Professional Athletic Clothing 157
Implications for Working with Youth and
Adolescents 161

References 162

PART 3

CATEGORIES OF INTERNALIZED DISORDERS 163

Chapter 8

ANXIETY DISORDERS 164

Introduction 166
Characteristics of Anxiety Disorders 166
*Causes of Anxiety Disorders / Assessment of Anxiety
Disorders*
Characteristics of Generalized Anxiety Disorder
(GAD) 167
*Unrealistic Fears and Excessive Anxiety / Observable
Symptoms of Generalized Anxiety Disorder (GAD)*
Characteristics of Separation Anxiety
Disorder (SAD) 168
School Refusal Problems
Characteristics of Obsessive-Compulsive
Disorder 169
*Cause and Treatment for OCD / Characteristic
Behaviors of OCD*
Characteristics of Panic Disorder 171
Characteristics of Phobias 174
Common Phobias / Social Phobias
Characteristics of Post-Traumatic Stress
Disorder 176
Implications for Working with Youth and
Adolescents 176
Treatment Options for Anxiety Disorders 177

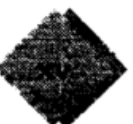

*Behavioral Therapy / Cognitive Therapy / Cognitive
Behavioral Therapy / Relaxation Therapy / Choosing a
Therapist / Medications for Anxiety Disorders*

References 178

Chapter 9

DEPRESSION AND SUICIDE 180

Introduction 182
Mood Disorders 182
*Difference Between Bipolar Disorders and Depressive
Disorders*
Depression 182
*Definition / Childhood Depression / Specific Symptoms
of Childhood Depression*
Categories of Depressed Behavior 184
*Academic Category / Emotional/Affective Category
Cognitive Category / Motivation Category /
Physiological Category*
Causes of Depression 186
*Endogenous Causes of Depression / Reactive Causes of
Depression / Seasonal Affective Disorder (SAD)*
Prevalence of Childhood Depression 187
*Prevalence Among the Special Education Population /
Comparative Statistics on Depression*
Assessment Methods 189
*Educator's Role in Assessment / DSM-IV-TR and
Assessment for Depression*
Treatment Options 190
*Counseling, Talk Therapy, and Behavioral Therapy /
Medication Options for Depression / Educational
Intervention for Depression / Cognitive
Restructuring / Focusing on Strengths / Positive
Teacher Personalities*
Suicide 192
*Definition / Prevalence / Prevalence of Suicide Among
Special Education Population / Gender Differences /
Causes / Suicide Prevention / Specific Suicidal
Indicators / Suicide Prevention Strategies*

Implications for Working with Youth and Adolescents	195
References	196

Chapter 10 **EATING DISORDERS 198**

Introduction	200
What Is an Eating Disorder?	200
Prevalence of Eating Disorders	201
Causes of Eating Disorders	201
<i>Anorexia: Obsessive Dieting / Bulimia: Food Obsession</i>	
Interview with an Individual with an Eating Disorder	204
Eating Disorders and Depression	206
<i>Eating Disorders Go Hand in Hand with Depression / Eating Disorders Are Addictive</i>	
Personality Characteristics of Persons with Eating Disorders	206
<i>Overachievers</i>	
Eating Disorders and Males	207
Eating Disorders and the Media	208
Characteristics of Anorexia Nervosa	209
<i>Warning Signs of Anorexia / Physical Complications of Anorexia</i>	
Characteristics of Bulimia Nervosa	211
<i>Danger Signals of Bulimia / Physical Complications of Bulimia</i>	
Treatment of Eating Disorders	213
<i>How Can Men Help to Prevent Eating Disorders in Females? / Things Parents Can Do to Prevent Eating Disorders / The IMAD Approach</i>	
Implications for Working with Youth and Adolescents	216
Early Intervention Is Important	216
References	217

PART 4 **CATEGORIES OF EXTERNALIZED DISORDERS 219**

Chapter 11 **ATTENTION DEFICIT HYPERACTIVITY DISORDER (ADD) 220**

Introduction	222
Other Health Impairments Category	222
ADD Is a Neurobiological Condition	223
History and Background Information	223
Definition of ADD	225
<i>DSM-IV-TR Definition / Behavioral Indicators</i>	
Prevalence	225
<i>Wide Range of Statistics / Male vs. Female ADD Ratios</i>	
Causes	227
<i>ADD as an Inherited Condition / Twins and Adopted Children / Neurobiological Research and Assessment of ADD / Neurotransmitter Deficiencies</i>	
Use of Medication	230
<i>Highly Controversial Issue / Joint Decision for Parents and Physicians / Try Environmental Modifications First / Medicine Can Be Effective / Medications for Managing ADD Symptoms / Medication Side Effects / The Educator's Role in the Medication Process</i>	
Different Types of Attention Deficits	234
<i>Attention Is a Multifaceted Concept</i>	
Behavioral Characteristics of ADD	236
ADD Assessments	236
<i>Multimethod Assessment / Medical Examination / Clinical Interview / Observational and Behavior Rating Checklists / The ACID Test</i>	
Severity Levels of ADD	240
<i>Jordan Executive Function Index for Children</i>	
Differences Between ADD/ADHD	241
<i>ADD, Residual Type / Associated Behavior Problems with ADD</i>	

Food Allergies and Nutritional Therapy	244
<i>List of Allergens Is Extensive / Physiological Signs / The Feingold Diet</i>	
Proactive Behavior Management Strategies	246
<i>Confront Inappropriate Behavior</i>	
Implications for Working with Youth and Adolescents	247
<i>Early Intervention / Parent/Teacher Communication</i>	
References	248

Chapter 12

TOURETTE SYNDROME 252

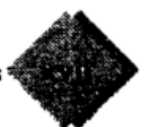

Introduction	254
History of Tourette Syndrome	254
The Tourette Syndrome Association (TSA)	254
What Is Tourette Syndrome?	255
<i>Definition / Autosomal Gene Disorder / Variety of Symptoms and Overlapping Conditions</i>	
Prevalence of Tourette Syndrome	256
<i>Difference Between TS and Other Tic Disorders</i>	
Tourette Syndrome Characterized by Tics	257
<i>Meaning of "Involuntary" / Simple Tics and Complex Tics / Variety of Tics</i>	
Intellectual Functioning	258
Progression of Symptoms	258
<i>Importance of Early Diagnosis / Onset of Tics</i>	
How Is Tourette Syndrome Diagnosed?	261
<i>Media Coverage of TS / Evaluation Process / Direct Behavioral Observations / Multidisciplinary Team Evaluation</i>	
Related Conditions or Problems	265
<i>Behavior Problems and Tourette Syndrome</i>	
TS and Overlapping Conditions	266
<i>TS and ADD / TS and Learning Disabilities / TS and Obsessive-Compulsive Disorder / TS and Social or Emotional Skill Deficits</i>	
Intervention Strategies for Tourette Syndrome	268

Medication for TS	268
<i>Medication Is Not a Cure / Mild Symptoms May Not Require Medication / Specific Medications Used for TS Symptoms / Parent/Physician Collaboration Is Imperative</i>	
Behavioral Management Methods for TS	271
<i>Proactive Behavioral Intervention</i>	
Classroom Strategies for Students with TS	271
<i>Special Education Services / Educate Classmates About TS / Classroom Strategies</i>	
Implications for Working with Youth and Adolescents	274
References	275

Chapter 13

CONDUCT DISORDER 278

Introduction	280
<i>Behavior Associated with CD / CD Compared to More Transient Problems / Terminology and Labeling</i>	
Definition of CD	281
CD Subtypes	282
Oppositional Defiant Disorder	282
Antisocial Personality Disorder	282
Bully and Victim Behavior	284
<i>Definition / Tattletales / Difference Between Bully Behavior and Normal Conflict / Bullies Can Be Boys or Girls / Characteristics of Bullies / Characteristics of Victims / Behaviors of Neutral Students: The Silent Majority / Bully Behavior and Fatal Violence / Intervention</i>	
Prevalence of Conduct Disorder	288
Causes of Conduct Disorder	289
<i>Developmental Pathways / Age of Onset as a Causation Factor / Temperament as a Factor / Link Between Delinquency and APD / Biological Factors / Environment and the Nurture Theme / Consequences Shape Behavior</i>	

Common Characteristics of Students with CD	293
<i>Family / School / Social Skills and the Peer Group / CD Symptoms Are Persistent / Stability of CD Compared to IQ Scores</i>	
Assessment for CD	296
<i>Screening / Important Components of a Screening Program / Student Risk Screening Scale (SRSS) / Functional Assessment / Multidimensional Behavior Rating Scales / Predicting the Future</i>	
Prevention Strategies	298
<i>Three Forms of Prevention</i>	
Intervention Strategies	299
<i>Exclusionary Strategies / Proactive and Positive Behavior Management / Intervention for CD / Cognitive Behavior Modification (CBM) / School-Based Interventions / Self-Management Skills</i>	
Implications for Working with Youth and Adolescents	305
References	306

PART 5
**CATEGORIES OF PERVASIVE
DEVELOPMENTAL
DISORDERS 309**

Chapter 14
**AUTISM SPECTRUM DISORDERS AND
SCHIZOPHRENIA 310**

Introduction	312
Pervasive Developmental Disorder	312
<i>Definition of Pervasive Developmental Disorder / Autism Spectrum Disorders and Pervasive Developmental Disorder / Domino Theory and Autism Spectrum Disorders</i>	

Autism	313
<i>Early History of Autism / Definition / Developmental Delays / Etiology of Autism / Prevalence of Autism / Developmental Course of Autism / Diagnostic Criteria for Autism / Characteristics of Autism / Major Symptoms of Autism / Checklist of Common Behaviors / Stereotypic Behaviors of Autism / Assessment Methods for Individuals with Autism / Variety of Assessments / Education and Treatment Options</i>	
Other Autism Spectrum Disorders	331
<i>Rett's Disorder / Childhood Disintegrative Disorder / Asperger's Syndrome</i>	
Schizophrenia	335
<i>Characteristics of Schizophrenia / Three Phases of Schizophrenia / Onset and Treatment of the Illness</i>	
Implications for Working with Youth and Adolescents	337
References	338

PART 6
**THE FUTURE OF SPECIAL
EDUCATION 341**

Chapter 15
**BEST PRACTICES IN WORKING WITH STUDENTS
WITH EMOTIONAL AND BEHAVIORAL
DISORDERS (E/BD) 342**

Proactive Positive Procedures	344
<i>Inclusion / Ongoing Research on Effective Education</i>	
References	345

Name Index 347

Subject Index 352
