Preface vii

Acknowledgments xi

PART I Foundations for Inclusive Physical Activity 1

CHAPTER 1 Health, Physical Activity, and Individuals With Ability Differences 3

Changing Definitions of Disability 5

The Health of People With Disabilities 7

Inclusive Physical Activity 10

Summary 14

Learning Aids 14

CHAPTER 2 An Inclusive Physical Activity Approach 17

Moving Toward Inclusive Physical Activity 18

Factors Influencing Individual Capability 22

Putting It Into Practice 25

Summary 27

Learning Aids 27

CHAPTER 3 Overcoming Barriers to Inclusive Physical Activity 29

Context-Related Barriers and Strategies 31

Person-Related Barriers and Strategies 42

Summary 49

Learning Aids 49

PART II Inclusive Physical Activity Program Planning and Implementation 51

CHAPTER 4 Teaming and Collaboration 53

Collaboration and Consultation 55

Team Members 58

Effective Communication 64

Collaborative Team Process and Issues 69

Collaborative Strategies for Teachers and Practitioners 73

Summary 77

Learning Aids 77

CHAPTER 5	Program Focus and Assessment	79
	Purposes of Assessment 80	
	Assessment Considerations 85	
	Assessment Across the Life Span: What Are We Looking For? 93	
	Summary 108	
	Learning Aids 109	
CHAPTER 6	Preparing and Planning Inclusive Physical Activity Programs	111
	A Practical Approach to Inclusive Physical Activity Programming 112	
	Inclusive Physical Activity for Infants and Toddlers: Preparation and Planning 117	
	Inclusive Physical Activity for School-Age Children: Preparation and Planning 123	
	Inclusive Physical Activity for Adults: Preparation and Planning 142	
	Summary 144	
	Learning Aids 145	
CHAPTER 7	A Functional Approach to Modifying Movement Experiences	147
	Step 1: Determining Underlying Components of Skills 149	
	Step 2: Determining Current Capabilities of Participants 150	
	Step 3: Matching Modification Efforts to Capabilities 151	
	Step 4: Evaluating Modification Effectiveness 165	
	Applying the FAMME Model 167	
	Summary 168	
	Learning Aids 169	
<hr/>		
PART III	Application of Inclusive Practices	171
CHAPTER 8	Movement Skills and Concepts	173
	Overview of Movement Skills and Concepts 174	
	Prerequisite Knowledge of Task Elements 176	
	Critical Elements and Differences in Movement Capabilities 177	
	Modification of Fundamental Movement Skills and Concepts 178	
	Examples of Practice 181	
	Summary 184	
	Learning Aids 184	
CHAPTER 9	Play, Games, and Sport	187
	Play 188	
	Games and Sport 190	
	Modifying Games and Sports 194	
	Summary 198	
	Learning Aids 198	

CHAPTER 10	Health-Related Fitness and Conditioning	201
	Physical Fitness Goals	202
	Implications for Physical Activity Practitioners	203
	Training Principles	205
	Components of Fitness and Strategies for Inclusive Programming	206
	Health-Related Fitness Activities	212
	Summary	214
	Learning Aids	215
CHAPTER 11	Aquatics	217
	Overview of Aquatic Skills	218
	Water Competence	219
	Implications for Aquatic Activity Practitioners	221
	Modifications for Aquatic Activities	223
	Summary	226
	Learning Aids	227
CHAPTER 12	Outdoor Pursuits	229
	Overview of Outdoor Pursuits	230
	Competencies of Outdoor Leaders	231
	Goals of Outdoor Pursuits	231
	Modifications for Outdoor Activities	232
	Summary	239
	Learning Aids	240
Appendix A	Person-Related Factors Influencing Capability	241
Appendix B	Eligibility Criteria for Infants and Toddlers	261
Appendix C	Resources	263
Appendix D	Tests and Assessment Tools Currently Available	267
Appendix E	Sample Medical History and Referral Form	271
	References	279
	Index	287
	About the Authors	299
