Preface	page xi
Acknowledgements	xvii

PART I: SECURITY, ANXIETY, AND DISTRESS

1	Prototypes of Human Sorrow	3
	<i>Responses of young children to separation from mother</i>	3
	<i>Conditions leading to intense responses</i>	6
	<i>Conditions mitigating the intensity of responses</i>	16
	<i>Presence or absence of mother figure: a key variable</i>	22
2	The Place of Separation and Loss in Psychopathology	25
	<i>Problem and perspective</i>	25
	<i>Separation anxiety and other forms of anxiety</i>	30
	<i>A challenge for theory</i>	30
3	Behaviour with and without Mother: Humans	33
	<i>Naturalistic observations</i>	33
	<i>Experimental Studies</i>	39
	<i>Ontogeny of responses to separation</i>	52
4	Behaviour with and without Mother: Non-human Primates	57
	<i>Naturalistic observations</i>	57
	<i>Early experimental studies</i>	60
	<i>Further studies by Hinde and Spencer-Booth</i>	69

PART II: AN ETHOLOGICAL APPROACH TO HUMAN FEAR

5	Basic Postulates in Theories of Anxiety and Fear	77
	<i>Anxiety allied to fear</i>	77
	<i>Models of motivation and their effects on theory</i>	79
	<i>Puzzling phobia or natural fear</i>	83
6	Forms of Behaviour Indicative of Fear	87
	<i>An empirical approach</i>	87
	<i>Withdrawal behaviour and attachment behaviour</i>	89
	<i>Feeling afraid and its variants: feeling alarmed and feeling anxious</i>	92

CONTENTS

7	Situations that Arouse Fear in Humans	96
	<i>A difficult field of study</i>	96
	<i>Fear-arousing situations: the first year</i>	99
	<i>Fear-arousing situations: the second and later years</i>	105
	<i>Compound situations</i>	118
	<i>Fear behaviour and the development of attachment</i>	119
8	Situations that Arouse Fear in Animals	124
	<i>Natural clues to potential danger</i>	124
	<i>Fear behaviour of non-human primates</i>	127
	<i>Compound situations</i>	134
	<i>Fear, attack, and exploration</i>	136
9	Natural Clues to Danger and Safety	138
	<i>Better safe than sorry</i>	138
	<i>Potential danger of being alone</i>	142
	<i>Potential safety of familiar companions and environment</i>	146
	<i>Maintaining a stable relationship with the familiar environment: a form of homeostasis</i>	148
10	Natural Clues, Cultural Clues, and the Assessment of Danger	151
	<i>Clues of three kinds</i>	151
	<i>Real danger: difficulties of assessment</i>	153
	<i>'Imaginary' dangers</i>	156
	<i>Cultural clues learnt from others</i>	158
	<i>Continuing role of the natural clues</i>	161
	<i>Behaviour in disaster</i>	166
11	Rationalization, Misattribution, and Projection	169
	<i>Difficulties in identifying situations that arouse fear</i>	169
	<i>Misattribution and the role of projection</i>	172
	<i>The case of Schreber: a re-examination</i>	174
12	Fear of Separation	178
	<i>Hypotheses regarding its development</i>	178
	<i>Need for two terminologies</i>	182
PART III: INDIVIDUAL DIFFERENCES IN SUSCEPTIBILITY TO FEAR: ANXIOUS ATTACHMENT		
13	Some Variables responsible for Individual Differences	187
	<i>Constitutional variables</i>	187

CONTENTS

<i>Experiences and processes that reduce susceptibility to fear</i>	191
<i>Experiences and processes that increase susceptibility to fear</i>	196
14 Susceptibility to Fear and the Availability of Attachment Figures	201
<i>Forecasting the availability of an attachment figure</i>	201
<i>Working models of attachment figures and of self</i>	203
<i>The role of experience in determining working models</i>	207
<i>A note on use of the terms 'mature' and 'immature'</i>	209
15 Anxious Attachment and Some Conditions that Promote it	211
<i>'Overdependency' or anxious attachment</i>	211
<i>Anxious attachment of children reared without a permanent mother figure</i>	215
<i>Anxious attachment after a period of separation or of daily substitute care</i>	220
<i>Anxious attachment following threats of abandonment or suicide</i>	226
16 'Overdependency' and the Theory of Spoiling	237
<i>Some contrasting theories</i>	237
<i>Studies of 'overdependency' and its antecedents</i>	240
17 Anger, Anxiety, and Attachment	245
<i>Anger: a response to separation</i>	245
<i>Anger: functional and dysfunctional</i>	246
<i>Anger, ambivalence, and anxiety</i>	253
18 Anxious Attachment and the 'Phobias' of Childhood	258
<i>Phobia, pseudophobia, and anxiety state</i>	258
<i>'School phobia' or school refusal</i>	261
<i>Two classical cases of childhood phobia: a reappraisal</i>	283
<i>Animal phobias in childhood</i>	289
19 Anxious Attachment and 'Agoraphobia'	292
<i>Symptomatology and theories of 'agoraphobia'</i>	292
<i>Pathogenic patterns of family interaction</i>	299
<i>'Agoraphobia', bereavement, and depression</i>	309
<i>A note on response to treatment</i>	310
20 Omission, Suppression, and Falsification of Family Context	313

CONTENTS

21	Secure Attachment and the Growth of Self-reliance	322
	<i>Personality development and family experience</i>	322
	<i>Studies of adolescents and young adults</i>	328
	<i>Studies of young children</i>	350
	<i>Self-reliance and reliance on others</i>	359
22	Pathways for the Growth of Personality	363
	<i>The nature of individual variation: alternative models</i>	363
	<i>Developmental pathways and homeorhesis</i>	366
	<i>One person's pathway: some determinants</i>	369

APPENDICES

I	Separation Anxiety: Review of Literature	375
II	Psychoanalysis and Evolution Theory	399
III	Problems of Terminology	404
	References	409
	Index	43 ¹
