Foreword	xi
I Approaches to the PPP - Past and Present	
1 Traditional definition	1
2 Survey of past treatment	5
2.1 Traditional grammar	5
2.2 Modern linguistic theories	11
2.3 Conclusions	18
3 Present analysis	19
3.1 Corpus	19
3.2 Types of constraint	20
3.2.1 Semantic-syntactic	20
3.2.2 Lexical, contextual	22
3.3 Empiricism vs theory	23
II The Semantics of Subject	
1 Procedure	24
2 Subject notions	26
2.1 Agentive	26
2.2 Experiencer	31
2.3 Instrument	34
2.4 Location	35
2.5 Objective/Patient	36
3 Subject notion and object eligibility	39
III The Semantics of Object	
1 Procedure	43
2 Object notions	44
2.1 Agentive	44
2.2 Benefactive	44
2.3 Comitative	45
2.4 Direction	47
2.5 Experiencer	48
2.6 Extent	48
2.7 Goal	49
2.7.1 Basic Goal	50
2.7.2 Goal as ending-point	55
2.7.3 Goal as target	56
2.7.4 Goal as direction	57
2.7.5 Goal as objective	58
2.8 Instrument	59
2.9 Location	61
2.10 Manner	72
2.11 Path	73
2.12 Objective/Patient	74
2.12.1 Concrete Patient	74
2.12.2 Metaphorical Patient and Objective	76

2.13 Reason	78
2.14 Replacive	79
2.15 Source	80
2.16 Stimulus	82
2.17 Time	83
3 Object notion and subject eligibility	84
IV PPP Acceptability	
1 Semantic-syntactic configuration	90
2 Lexical choice	97
2.1 Idiom	98
2.2 Infrequent use	100
2.3 Metaphorical use	100
2.4 Complex structure	102
3 Contextualization	105
3.1 Tense, modality, aspect	105
3.2 Information focus	110
4 Acceptability in practice	114
V Grammar and Theory of the PPP	
1 Towards a grammar of the PPP	116
2 The PPP and the passive proper	118
3 The PPP and the active	119
4 The PPP and linguistic theory	123
Appendix: Corpus correlation between surface preposition and semantic function	126
A Lexicon of Prepositional Verbs	129
