Preface	vii	
Tables	xiii	
The Authors	xv	
ONE	Current Issues in Behavioral Assessment	1
	<i>Individual Differences • Evaluation of Behavioral Assessment Instruments • Response Fractionation and Multimodal Assessment • Behavioral Diagnosis • Computer-Assisted Assessment • Behavioral Assessment of Cognitive Events • Social Validity • Statistical Analysis of Time-Series Designs • Summary</i>	
TWO	Conceptual and Methodological Advances	47
	<i>Behavioral Coding Systems and Checklists • Automated Data-Recording Systems • Assessing Interobserver Agreement • Reactivity and Other Sources of Error in Behavioral Observation • Participant Observers in Behavioral Assessment • Recent Advances in Observation Instrumentation • Summary</i>	

THREE	Observation in Natural Environments <i>Family Settings • Institutions • Schools • Community Settings • Issues in Naturalistic Observation • Product-of-Behavior Measures • Summary</i>	80
FOUR	Observation in Structured Environments <i>Parent-Child Interaction • Child Behavior • Marital Interaction • Fear and Anxiety • Social Skills • Ingestive Behavior • Summary</i>	148
FIVE	Self-Monitoring <i>Applicability • Methods and Derived Measures of Self-Monitoring • Reactivity of Measures • Variables Influencing Reactivity • Validity of Self-Monitoring • Variables Affecting Validity • Summary</i>	206
SIX	Behavioral Questionnaires <i>Assertiveness • Social Interactions • Marital Interaction and Satisfaction • Ingestive Behaviors • Fears • Sexual Attitudes and Behavior • Problem Behaviors and Traits • Miscellaneous Questionnaire Applications • Variables Influencing the Validity of Questionnaires • Summary</i>	241
SEVEN	Behavioral Interviews <i>Applications of the Behavioral Interview • Reliability and Validity of the Behavioral Interview • Additional Issues in Behavioral Interviewing • Summary</i>	319
EIGHT	Psychophysiological Assessment <i>Response Fractionation • Assessment of Behavioral Intervention • Measurement of Psychophysiological Disorders • Diagnostic Applications • Advances in Technology • Additional Issues • Sexual Arousal and Functioning • Summary</i>	342
