Preface	ix
Chapter 1	
Schwa in the history of English	1
1.1. Problems involved in the present study	1
1.2. Forces at play in schwa loss	2
1.3. Remarks on method	3
1.4. Analytical procedures	10
Chapter 2	
More background: Accounts of schwa loss	15
2.1. Choice of sources	15
2.2. Lorenz Morsbach (1896): <i>Mittelenglische Grammatik</i>	16
2.3. Karl Luick (1921–1940): <i>Historische Grammatik der englischen Sprache</i>	20
2.4. Richard Jordan: (1934/1968) <i>Handbuch der mittelenglischen Grammatik</i>	23
2.5. Wilhelm Horn/Martin Lehnert (1954): <i>Laut und Leben. Englische Lautgeschichte der neueren Zeit (1400–1950)</i>	24
2.6. Karl Brunner (1962): <i>Die englische Sprache, ihre geschichtliche Entwicklung. Vols. I, II</i>	24
2.7. Joseph Wright and E. M. Wright (1923): <i>An Elementary Middle English Grammar</i>	25
2.8. Fernand Mossé (1949): <i>Manuel de l'anglais du moyen âge</i>	26
2.9. Jacek Fisiak (1970): <i>A Short Grammar of Middle English</i>	27
2.10. Peter Erdmann (1972): <i>Tiefenphonologische Lautgeschichte der englischen Vokale</i>	27
2.11. Summary	28
Chapter 3	
Textual evidence	35
3.1. Principles and methods specific to the study of schwa loss in Middle English	35
3.2. Types of evidence	37
3.3. Graphically marked morpho-syntactic loss of <i>-e</i>	45

3.4. Unetymological final <i>-e</i>	55
3.5. Elision in hiatus	62
3.6. Rhyme evidence	69
3.7. Scribal errors, editorial corrections	71
3.8. Graphically unmarked evidence	75
Chapter 4	
Phonological aspects of schwa loss	87
4.1. The phonemic status of schwa in Middle English	87
4.2. The Middle phonemic inventory	91
4.3. Distribution	104
4.4. Phonetic parameters. Distinctive features	106
4.5. Phonological correlates of schwa loss	109
4.6. Some consequences	114
Chapter 5	
Morphological aspects of schwa loss	125
5.1. The morpho-syntactic functions of schwa	125
5.2. The morphologization of schwa loss	133
5.3. Classification and ranking of factors for schwa loss	134
5.4. Syntactic correlates	140
5.5. Extralinguistic factors	146
5.6. Hierarchy of factors within individual word classes	149
Chapter 6	
Early schwa deletion as a prosodic phenomenon	155
6.1. Early schwa loss data	155
6.2. The shared properties of early schwa loss	158
6.3. The rhythmic phrasing of early schwa deletion	159
6.4. The Early Schwa Deletion Rule	162
Chapter 7	
Schwa preservation in Late Middle English as a prosodic phenomenon	171
7.1. Final <i>-e</i> in weak adjectival inflexions	171
7.2. The weak adjectives in Chaucer	172
7.3. The weak adjectives in non-Chaucerian Late Middle English	173

7.4. Accounts of adjectival schwa preservation	175
7.5. The rhythmic nature of final <i>-e</i>	177
7.6. The metrical structure of adjectival phrases	178
7.7. The proposal reviewed: objections	186
7.8. Conclusion	187
Bibliography	193
Index	217
