Foreword	ix
Preface	x
Acknowledgments	xi
About the Editors	xii
Contributors	xiv
Video Contents	xviii

Part 1. Basics

1	History, Principles, and Instrumentation of Optical Coherence Tomography	2	4	Phase-Variance Optical Coherence Tomography	25
	<i>Dhivya Ashok Kumar and Amar Agarwal</i>			<i>Scott M. McClintic, Dae Yu Kim, Jeff Fingler, Susan Garcia, Robert J. Zawadzki, Lawrence S. Morse, Susanna S. Park, Scott E. Fraser, John S. Werner, Jason P. Ruggiero, and Daniel M. Schwartz</i>	
2	Time-Domain and Fourier-Domain Optical Coherence Tomography	9			
	<i>Dhivya Ashok Kumar and Amar Agarwal</i>				
3	Ultrahigh-Resolution Optical Coherence Tomography for Imaging of Ocular Surface Tumors	16	5	Swept-Source Optical Coherence Tomography ..	32
	<i>Juan C. Murillo, Anat Galor, and Carol L. Karp</i>			<i>Cong Ye and Vishal Jhanji</i>	

Part 2. Anterior-Segment Optical Coherence Tomography

6	Visante Anterior-Segment Optical Coherence Tomography in the Evaluation of Patients for Refractive Surgery	38	11	Descemet Membrane Detachment: Classification and Management	82
	<i>Amin Ashrafzadeh and Roger F. Steinert</i>			<i>Soosan Jacob and Amar Agarwal</i>	
7	Anterior-Segment Exploration with Optical Coherence Tomography	53	12	Optical Coherence Therapy in Endothelial Keratoplasty	89
	<i>Georges Baikoff</i>			<i>Yuri McKee, Evan D. Schoenberg, and Francis Price, Jr.</i>	
8	Corneal Inflammation and Optical Coherence Tomography	63	13	Spectral-Domain Optical Coherence Tomography Evaluation of Pre-Descemet Endothelial Keratoplasty Graft	100
	<i>Dhivya Ashok Kumar and Amar Agarwal</i>			<i>Ashvin Agarwal, Dhivya Ashok Kumar, and Amar Agarwal</i>	
9	Optical Coherence Tomography in Corneal Ectasia	68			
	<i>Otman Sandali, Vincent Borderie, and Laurent Laroche</i>				
10	Spectral-Domain Anterior-Segment Optical Coherence Tomography in Refractive Surgery ..	74			
	<i>Karolinne Maia Rocha and Ronald R. Krueger</i>				

Part 3. Cataract Surgery

14	Optical Coherence Tomography Analysis in Cataract Surgery 108 <i>Richard Packard</i>	17	Glued Intraocular Lens Position: An Optical Coherence Tomography Assessment 124 <i>Athiya Agarwal, Dhivya Ashok Kumar, and Amar Agarwal</i>
15	Optical Coherence Tomography Analysis of Wound Architecture in Sub-1-mm Cataract Surgery (700-μm Cataract Surgery) 115 <i>Dhivya Ashok Kumar and Amar Agarwal</i>	18	Use of Optical Coherence Tomography in Femtosecond Laser Lens and Cornea Surgery . 130 <i>Jason Philip Brinton and George O. Waring IV</i>
16	Intraocular Lens Tilt 119 <i>Kaladevi Satish, Dhivya Ashok Kumar, and Amar Agarwal</i>		

Part 4. Optical Coherence Tomography in Retinal Diseases

19	Optical Coherence Tomography Diagnosis of Retinal Diseases 144 <i>Mandeep Lamba, Soosan Jacob, and Amar Agarwal</i>	21	Optical Coherence Tomography Diagnosis of Macular Pathologies 161 <i>J. Fernando Arevalo, Andres F. Lasave, and Fernando A. Arevalo</i>
20	Vitreomacular Traction and Optical Coherence Tomography Classification 154 <i>Mehreen Adhi and Jay S. Duker</i>	22	Optical Coherence Tomography and Anti-Vascular Endothelial Growth Factor Therapy 182 <i>Mariana R. Thorell and Philip J. Rosenfeld</i>

Part 5. Miscellaneous

23	Optical Coherence Tomography for Imaging Anterior-Chamber Inflammatory Reaction in Uveitis 194 <i>Dhivya Ashok Kumar and Amar Agarwal</i>	26	Optical Coherence Tomography in Intraocular Tumors 215 <i>Santosh G. Honavar, Tika Siburt, and Carol L. Shields</i>
24	Optical Coherence Tomography for Imaging the Subtenon Space, Sclera, and Choroid 199 <i>Soundari Sivagnanam, Dhivya Ashok Kumar, Amar Agarwal, and Rekha S. Bainchincholemath</i>	27	Optical Coherence Tomography-Assisted Anterior-Segment Surgery 231 <i>Gabor B. Scharioth</i>
25	Optical Coherence Tomography and Glaucoma 208 <i>Jullia Ann Rosdahl and Sanjay Asrani</i>	28	Optical Coherence Tomography in Neurophthalmology 234 <i>Dhivya Ashok Kumar and Amar Agarwal</i>
