PART I ISSUES IN TREATMENT

1 Concepts and Ethics	2
The concept of treatment	4
Order, values and social control	5
Treatment and other interventions	7
Ideals and limitations	8
Ethics of treatment	9
Confidentiality	12
Further reading	14
2 Approaches to Treatment	16
Prerequisites of action	16
Informal contexts	18
<i>Parents and family</i>	18
<i>Foster-parents</i>	19
Formal intervention	20
<i>Criminal justice</i>	20
<i>Health services</i>	21
<i>Education</i>	23
<i>Social services</i>	24
The state of treatment	25
<i>Physical problems</i>	25
<i>Cognitive problems</i>	25
<i>Home and family</i>	26
<i>Social skills</i>	26
<i>Antisocial behaviour</i>	26
<i>Personal problems</i>	26
Classification of treatments	27
Further reading	29

3	The Organisation of Resources	31
	Organisation and venues	31
	<i>Resources: material and human</i>	33
	Material resources	33
	<i>Environment and space</i>	33
	<i>Equipment</i>	36
	Human resources	36
	The requirements of human resources	38
	<i>Numbers</i>	38
	<i>Personal qualities</i>	39
	<i>Treatment skills</i>	41
	<i>Supervision, support and appraisal</i>	44
	<i>Monitoring</i>	45
	<i>Development</i>	46
	Training for treatment	46
	Research into treatment	47
	Further reading	49
4	The Practice of Treatment	51
	Planning	51
	<i>Individual treatment plans (ITPs)</i>	52
	<i>Steps in treatment planning (ITP1)</i>	52
	Preparing the action plan (ITP2)	57
	<i>Who carries out the treatment?</i>	57
	<i>What treatment?</i>	58
	<i>How should treatment be carried out?</i>	58
	<i>Time targeting – how long should treatment last?</i>	58
	Implementation	59
	Monitoring	61
	Treatment reviews	62
	Presenting information	64
	Criteria for evaluation	64
	Terminating treatment	66
	Further reading	67
	PART II METHODS OF TREATMENT	
5	Classification of Methods	70
	How to use Part II	72
	Further reading	72

6 Delivery of Goods and Services	73
Basic premises	73
Further reading	75
7 Physical Methods	76
Basic premises	76
Medication (chemotherapy)	78
<i>Antipsychotic medication</i>	80
<i>Antidepressant medication</i>	81
<i>Anti-anxiety ('anxiolytic') medication</i>	82
<i>Anticonvulsant medication</i>	83
<i>Hypnotics</i>	84
<i>Drug treatment for enuresis</i>	85
<i>Drug treatment for minimal brain dysfunction, etc.</i>	86
Surgical treatment	87
Physiotherapy	87
Biofeedback	89
Physical exercise	91
<i>General advice</i>	92
Further reading	93
8 Behaviour Therapy	94
Theoretical basis	94
Status	97
Assertiveness training	100
Aversive conditioning (aversion therapy)	101
Chaining	103
Cognitive behaviour modification	104
Contingency contracting	105
Covert conditioning	107
Differential reinforcement	110
Extinction	111
Fading	112
Flooding (or implosive therapy)	113
Modelling	114
Negative practice	116
Negative reinforcement	116
Operant conditioning	117
Paradoxical intention	119
Positive reinforcement	120
Prompting	121
Punishment	122
Relaxation training	124

Self-management	125
Shaping	127
Systematic desensitisation	128
Time out (TO)	130
Token economy (TE)	131
Further reading	133
9 Cognitive Methods	135
Theoretical basis	135
Status	136
Feedback	137
Remedial education	138
<i>Theoretical basis</i>	138
<i>Status</i>	139
<i>General guidelines for practice</i>	139
<i>Reading</i>	139
<i>Spelling</i>	141
<i>Mathematics</i>	143
Social skills training (SST)	144
<i>Theoretical basis</i>	144
<i>Status</i>	144
<i>General guidelines for practice</i>	145
<i>The role of discussion</i>	145
<i>Practice</i>	146
<i>Generalisation</i>	147
Further reading	148
10 Talking Therapies	150
Theoretical basis	151
Status	152
Counselling	153
Gestalt therapy	157
Psychoanalytic therapy	160
Rational-emotive therapy (RET)	164
<i>Interpersonal cognitive problem-solving (ICPS)</i>	167
<i>Stress-inoculation training</i>	167
<i>Self-instruction training (SIT)</i>	168
Transactional analysis (TA)	170
Further reading	173
11 Group Therapies	175
Theoretical basis	175
General practice issues	177
Status	178

Family therapy	179
Group behaviour modification	184
Group counselling	186
Positive peer culture	190
Psychodrama	193
Role-playing	195
Further reading	197
12 Environmental Therapies	199
Theoretical basis	199
Status	201
Therapeutic communities/therapeutic milieu	202
Planned environment therapy (PET)	204
Security	205
Further reading	207
PART III THE MASTER CODE	209
Index	283
