

# Contents

## **PART 1 • General Introduction**

### **1. General Introduction • 3**

Maria R. Finckh and Ariena H. C. van Bruggen

## **PART 2 • Organic Plant Production Practices**

### **2.1. General Principles of Organic Plant Production • 15**

Ariena H. C. van Bruggen and Maria R. Finckh

### **2.2. Organic Production of Annual Crops • 25**

Maria R. Finckh and Ariena H. C. van Bruggen

### **2.3. Organic Perennial Crop Production • 33**

Lucius Tamm, Helga Willer, and Ariena H.C. van Bruggen

### **2.4. Organic Greenhouse Production • 43**

Ariena H. C. van Bruggen

## **PART 3 • Plant Diseases in Organic Agriculture**

### **3.1. Organic Management and Airborne Diseases • 53**

Maria R. Finckh and Lucius Tamm

### **3.2. Soil Health and Soilborne Diseases in Organic Agriculture • 67**

Ariena H. C. van Bruggen and A. M. Semenov

### **3.3. Diseases Caused by Nematodes in Organic Agriculture • 91**

Johannes Hallmann and Sebastian Kiewnick

### **3.4. Vector-Borne Diseases • 107**

Thomas Felix Döring

## **PART 4 • Plant Disease Management in Organic Agriculture**

### **4.1. Introduction to Plant Disease Management in Organic Agriculture • 119**

Ariena H. C. van Bruggen

### **4.2. Crop Rotation • 127**

Carolina Leoni, Walter Rossing, and Ariena H. C. van Bruggen

**4.3. Water Management • 141**

Steven T. Koike and Michael D. Cahn

**4.4. Biodiversity Enhancement • 153**

Maria R. Finckh and Martin S. Wolfe

**4.5. Resistance and Resistance Breeding for Organic Farming • 175**

Walter A. J. de Milliano, Edith T. Lammerts van Bueren, Roeland E. Voorrips, and James R. Myers

**4.6. Health Management for Seeds and Other Organic Propagation Material • 189**

Eckhard Koch and Steven P. C. Groot

**4.7. Direct Control of Airborne Diseases • 205**

Lucius Tamm, Bernhard Speiser, and Imre Holb

**4.8. Direct Control of Soilborne Diseases • 217**

Dan O. Chellemi, Ariena H. C. van Bruggen, and Maria R. Finckh

**4.9. Organic Food Chain Management • 227**

Ariena H. C. van Bruggen, Eelco Franz, and Gabriela S. Wyss

**PART 5 • Specific Crops**

**5.1. Organic Potato Disease Management • 239**

Maria R. Finckh, Lucius Tamm, and Christian Bruns

**5.2. Organic Small Grain Cereal Disease Management • 259**

Maria R. Finckh

**5.3. Organic Rice Disease Management • 275**

Maria R. Finckh

**5.4. Organic Temperate Legume Disease Management • 293**

Maria R. Finckh, Tapani Yli-Mattila, Arja Nykänen, Päivi Kurki, and Asko Hannukkala

**5.5. Organic Vegetable Disease Management • 311**

Steven T. Koike

**5.6. Organic Apple Disease Management • 319**

Imre Holb, Bart Heijne, and Lucius Tamm

**5.7. Organic Grape Disease Management • 335**

Lucius Tamm, Ilaria Pertot, and W. Douglas Gubler

**5.8. Organic Banana Disease Management • 351**

Luis E. Pocasangre, Luis Pérez-Vicente, and Howard Ferris

**5.9. Organic Coffee Disease Management • 367**

Holger Hindorf, Mekuria Tadesse, Jürgen Pohlen, Odette Weedon, and Maria R. Finckh
