Series Editor's Preface	vii
Foreword	ix
Preface	xiii
Preface to the English Edition	xv
1 Introduction	1
PART ONE: CHARACTERISTICS AND ANTECEDENTS OF ATTRIBUTIONS	5
2 Basic assumptions of attribution theories	7
2.1 A historical note	8
2.2 Three central assumptions of attribution theory	10
2.3 The range of convenience of attributional theories	20
3 Dimensions of causal explanations	22
3.1 Classificatory perspectives	23
3.2 Relational differentiations	24
3.3 Qualitative differentiations	26
3.4 The 'status' of attribution dimensions	29
4 Antecedents of causal attributions	32
4.1 The attribution of intention, equifinality, and local causality	33
4.2 Kelley's covariation principle	34
4.3 Indirect communication of attributionally relevant information	40
PART TWO: CONSEQUENCES OF CAUSAL ATTRIBUTIONS	45
5 Achievement motivation and attribution theory	47
5.1 Basic concepts of the model	48
6 Learned helplessness, depression, and attributional style	59
6.1 The original learned helplessness model	59

6.2	The attributional reformulation	61
7	Further consequences of attributions	67
7.1	Helping behavior	68
7.2	Anger	69
7.3	Loneliness	70
7.4	Anxiety	71
7.5	Influences of attributions on behaviors related to health, illness, and coping	73
7.6	Excursus: Criticism with regard to attribution conceptions	81
PART THREE: ATTRIBUTIONAL CHANGE		87
8	Attributional retraining studies	89
8.1	Misattribution and reattribution training	89
8.2	Attributional retraining programs	92
PART FOUR: ATTRIBUTION IN THERAPY		111
9	Foundations of a taxonomy of the attributional content of dysfunctional reactions	113
9.1	The principles of attributional retraining	113
9.2	Limitations of the programs with regard to attri- butional dimensions	116
9.3	The functionality of causal attributions	118
10	Therapeutic interventions derived from attribution theory	128
10.1	Foundations of cognitive approaches to therapy	128
10.2	Shared features of cognitive therapy theories and attributional models	132
10.3	When can attribution interventions be made	134
10.4	Techniques for changing attributions	140
10.5	General goals of attribution therapy	157
10.6	Demands on the therapist	158
11	Conclusions	161
