Part I Design of Mobile Teaching and Learning in Higher Education	1
1 Design of Mobile Teaching and Learning in Higher Education: Introduction	3
Yu (Aimee) Zhang	
2 Characteristics of Mobile Teaching and Learning	11
Yu (Aimee) Zhang	
3 Business Models for Mobile Learning and Teaching	29
Cassey Lee	
4 Design Considerations for Mobile Learning	41
Jason Haag and Peter Berking	
5 Designing a Mobile Applications Curriculum: Overview	61
Deanne Cranford-Wesley	
6 Framework for Design of Mobile Learning Strategies	75
Oscar R. Boude Figueredo and Jairo A. Jimenez Villamizar	
7 Gamification and Mobile Teaching and Learning	91
Keith Brophy	
8 Mobile Learning: Critical Pedagogy to Education for All	107
Kshama Pandey and Neetu Singh	
9 Mobile Learning and Education: Synthesis of Open Access Research	133
Teresa Cardoso and Renato Abreu	
10 Mobile Learning and Engagement: Designing Effective Mobile Lessons	149
Kimberly Vincent-Layton	

11 Mobilizing PD: Professional Development for Sessional Teachers Through Mobile Technologies	165
Bonnie Dean, Michael Zanko, and Jan Turbill	
12 Applying Open-Book-Open-Web Assessment In Postgraduate Accounting Subject: Flipping Test	183
Corinne Cortese, Sanja Pupovac, and Lina Xu	
13 Use of Short Message Service for Learning and Student Support in the Pacific Region	199
Bibhya Sharma, Anjeela Jokhan, Raneel Kumar, Rona Finiasi, Sanjeet Chand, and Varunesh Rao	
14 Transformation of Traditional Face-to-Face Teaching to Mobile Teaching and Learning: Pedagogical Perspectives	221
Jan Turbill	
Part II Development of Mobile Application for Higher Education	235
15 Development of Mobile Application for Higher Education: Introduction	237
Yu (Aimee) Zhang	
16 Novel Education Pattern Applied to Global Crowd of all Ages: Mobile Education	243
Jing Zhang	
17 Construction Safety Knowledge Sharing via Smart Phone Apps and Technologies	261
Rita Yi Man Li	
18 Mobile Learning Initiatives in Nursing Education	275
Sharon Rees, Clint Moloney, and Helen Farley	
19 Tutors in Pockets for Economics	291
Yu (Aimee) Zhang and Jun Hu	
20 Uniqueness in Mobile Teaching Environment Design Methodology	309
Chih-Hung Li, Yi Lu, and Zinian Li	
Part III Adoption of Mobile Technology in Higher Education	329
21 Adoption of Mobile Technology in Higher Education: Introduction	331
Jun Hu	
22 Accessibility Challenges in Mobile Learning	337
Linda Robson	

23 Gatekeepers to Millennial Careers: Adoption of Technology in Education by Teachers	351
Debra L. White	
24 Learning to Teach with Mobile Technologies: Pedagogical Implications In and Outside the Classroom	365
Wendy L. Kraglund-Gauthier	
25 Mobile Education via Social Media: Case Study on WeChat	381
Yu (Aimee) Zhang	
26 Mobile Learning in Southeast Asia: Opportunities and Challenges	403
Helen Farley and Helena Song	
27 Increasing Learning Outcomes in Developing Countries by Engaging Students Out of the Classroom Using SMS and Voice Mobile Technology	421
Danielle Reid and Christopher Pruijsen	
28 Mobile Web 2.0 Tools and Applications in Online Training and Tutoring	437
Zuzana Palkova	
29 Mobilizing the Middle Kingdom: Bringing M-Learning to High Schools	457
Fengyun Cheng and Lucy Haagen	
30 Networked Teleoperation Applied in Mobile Teaching: Study ...	487
Qiongjie Luo and Haiping Du	
31 Use of Mobile Digital Technology and iPod Touches in Physical Education	499
S. Crawford and Patricia Fitzpatrick	
Part IV Higher Education Partnerships with Non-profit and Profit Organizations	509
32 Higher Education Partnerships with Non-Profit and Profit Organizations: Introduction	511
Dean Cristol	
33 Higher Education Partnerships for Learning with Mobile Technologies in P-12 Environments	517
Anika Ball Anthony and Belinda Gimbert	
34 Apps in the Field: Prototyping <i>HyperSite</i> for Describing Work Practices in Workplaces	535
Rodney J. Clarke	

35	Cross-Country University Collaboration Barriers and Solutions	557
	Yongzheng Liu and Yu (Aimee) Zhang	
36	Designing Mathematical Tasks Within Mobile Learning Environments	573
	Hea-Jin Lee and Jaime Kautz	
37	iPad Program in K-12 Education: Pilot Year	601
	Adelina Moura	
38	Health Guidance of Children’s Psychological Development	617
	Fan (Linda) Liu	
39	Mobile Teachers: Becoming Professional Mobile Educators in the Marketization of Education	629
	Athena Vongalis-Macrow and Ruth Arber	
40	Mobile Technologies for Teaching and Learning	645
	Rajiv Ramnath and Ajay Kuriakose	
41	Using Mobile Technology in an Early Childhood Setting	663
	Shelley Zipparo, Carley Robinson, and Rowanne Hazeldene	
42	Mobile Technology in K-12 Environments	669
	Dean Cristol, Moonsoon Choi, Robert Mitchell, and Jonathan Burbidge	
	Part V Evaluation of Mobile Teaching and Learning Projects ...	683
43	Evaluation of Mobile Teaching and Learning Projects: Introduction	685
	Helen Farley and Angela Murphy	
44	iPads as Educational Tools	691
	Lynnae Rankine-Venaruzzo and Dennis Macnamara	
45	Mobile Language Learning: How Gamification Improves the Experience	705
	Izabel de Moraes Sarmento Rego	
46	Moving Towards the Effective Evaluation of Mobile Learning Initiatives in Higher Education Institutions	721
	Helen Farley, Angela Murphy, Nicole Ann Todd, Michael Lane, Abdul Hafeez-Baig, Warren Midgley, and Chris Johnson	
47	Moving with Mobiles – Using IT in the Classroom as Against Online: Comparative Reflection from South Australia ...	741
	Melissa Nursey-Bray	
48	Service-Learning Application in an M-Learning Course	753
	Margaret Sass	

49 Student Feedback in Mobile Teaching and Learning	769
Yu (Aimee) Zhang	
50 Transforming Assessments into the Digital Domain	787
Rodney J. Clarke	
51 Internet Based Peer Assisted Learning: Current Models, Future Applications, and Potential	811
Tairan Kevin Huang, Jin Cui, Corinne Cortese, and Matthew Pepper	
Part VI Expectations from Future Technologies in Higher Education	827
52 Expectations from Future Technologies in Higher Education: Introduction	829
Kshama Pandey	
53 Advanced Image Retrieval Technology in Future Mobile Teaching and Learning	835
Lei Wang and Yu (Aimee) Zhang	
54 Augmented Reality and 3D Technologies: Mapping Case Studies in Education	847
Teresa Cardoso, Teresa Coimbra, and Artur Mateus	
55 Expectations from Future Technologies and E-Learning in Higher Education in Albania	861
Irena Nikaj	
56 How Irish Postgraduate Students Use Mobile Devices to Access Learning Resources	899
Ann Marcus-Quinn and Yvonne Cleary	
57 M-Learning and U-Learning Environments to Enhance EFL Communicative Competence	917
Soraya Garcia-Sanchez and Carmen Lujan-Garcia	
58 M-Learning: Visible Approach for Invisible World	935
Kshama Pandey	
59 Mobile Learning Beyond Tablets and Smartphones: How Mobile and Networked Devices Enable New Mobile Learning Scenarios	953
Daniel Stoller-Schai	
60 Mobile Technologies and Learning: Expectations, Myths, and Reality	973
Lina Petrakieva	

61	Implementation of Mobile Teaching and Learning in University Education in Nigeria: Issues and Challenges	983
	D.J. Kayode, A.T. Alabi, A.O. Sofoluwe, and R.O. Oduwaiye	
62	Smart Lab Technologies	999
	Hu Yin
