<i>Introduction</i> by C.N. Stefanis	
<b>PART I. GENETIC, BIOCHEMICAL, AND IMMUNOLOGICAL FACTORS</b>	
1. Solving the Conundrum of Schizophrenia: WHO's Contribution <i>Norman Sartorius</i>	23
2. Recent Trends from Nature-Nurture Research in Schizophrenia <i>Fini Schulsinger, Josef Parnas, Hanne Schulsinger, Timothy W. Teasdale, and Sarnoff Mednick</i>	39
3. Genes and Viruses in Schizophrenia: The Retrovirus/Transposon Hypothesis <i>Timothy J. Crow</i>	54
4. A Study of the Immunological State of Schizophrenic Patients <i>Stavroula Theodoropoulou-Vaidaki, Costas Alexopoulos, and Costas N. Stefanis</i>	69
5. Growth Hormone and Prolactin Responses to the Apomorphine Challenge: Studies in	

	Controls and Nonmedicated Paranoid and Nonparanoid Schizophrenics	86
	<i>John Hatzimanolis, Pantelis Rinieris, Manolis Markianos, George Tolis and Costas N. Stefanis</i>	
<b>PART II.</b>	<b>PSYCHOPATHOLOGICAL, PSYCHOPHYSIOLOGICAL, AND COGNITIVE FACTORS</b>	
6.	Relation of Cycloid Psychoses to Schizophrenic Disorders of Schizoaffective Type	93
	<i>Carlo Perris</i>	
7.	Observations on the Schizophrenic Language	104
	<i>Marios Markidis, Gregory Vaslamatzis, Vassilis Kontaxakis, and Urania Machera</i>	
8.	Cognitive Performance in Schizophrenia and its Relation to Treatment, Psychopathology, Arousal, and Anxiety	112
	<i>Aris Liakos, Stavroula Yannitsi, and Sotiris Loukas</i>	
9.	Electrodermal Laterality Indices in Paranoid Schizophrenics	122
	<i>Andreas D. Rabavilas, John A. Liappas, and Costas N. Stefanis</i>	
<b>PART III.</b>	<b>TREATMENT ISSUES</b>	
10.	Developing a Global Psychotherapeutic Approach to Schizophrenia: Results of a Five-Year Follow-Up	135
	<i>Yrjö O. Alanen, Viljo Rökköläinen, Riitta Rasimus, Juhani Laakso and Anne Kaljonen</i>	

11. The Psychological Effects of Antipsychotic Drugs 165  
*John M. Davis, Joseph E. Comaty, and Philip G. Janicak*
12. Naloxone in Schizophrenic Hallucinations 182  
*Yiannis G. Papakostas*
13. Effects of ECT on Nocturnal Prolactin Secretion in Schizophrenics: Preliminary Observations 185  
*Constantin R. Soldatos, Joanne D. Bergiannaki, Paul N. Sakkas, John Kibouris, Georgia Sakellariou, and Costas N. Stefanis*

**PART IV. PSYCHOSOCIAL FACTORS AND MENTAL HEALTH SERVICES**

14. The Mental Health Care System in Transition: A Study in Organization, Effectiveness, and Costs of Complementary Care for Schizophrenic Patients 195  
*Heinz Häfner and Wolfram an der Heiden*
15. Decentralization, Sectorization, and the Development of Alternatives to Institutional Care in a Northern County in Sweden 217  
*Carlo Perris*
16. Coping with Schizophrenia at Home 232  
*John K. Wing*
17. Family Atmosphere on the Course of Chronic Schizophrenia Treated in a Community Mental Health Center: A Prospective Longitudinal Study 246  
*Michael Madianos, George Gournas, Vlassis*

*Tomaras, Aphrodite Kapsali, and Costas N. Stefanis*

18. Deinstitutionalization: Alternatives to  
Mental Hospitals in Italy 257  
*Eugenio Torre*
19. Mental Health Services in Groningen and  
Trieste 271  
*Robert Giel and Sineke ten Horn*
- Index* 281
