

## Table of Contents

1.	<i>Survey of Drugs and Driving in Relation to General Problems of Drug Potentiation and Adverse Reactions</i> . . . . .	1
1.1	Introduction . . . . .	1
1.2	Driving and Drugs. . . . .	2
1.3	Ubiquity of Psychotropic Drugs . . . . .	3
1.4	History of Psychotropic Drugs . . . . .	4
1.5	Mode and Specificity of Drug Action . . . . .	5
1.6	Alcohol – Its Ubiquity . . . . .	6
1.6.1	A Public Health Problem . . . . .	6
1.6.2	A Comfort . . . . .	7
1.7	Drug Therapy and the Environment . . . . .	8
1.8	Psychotropic Drugs and the Alcohol Interaction . . . . .	8
1.9	Need for Drug-Alcohol Interaction Studies . . . . .	9
1.9.1	Prediction of Clinical Response from Animal Data . . . . .	9
1.9.2	Species, Strain, Sex and Other Factors Affecting Drug Metabolism	10
1.9.3	Activation of Liver Enzymes as a Factor Influencing Drug Metabolism	11
1.10	Therapeutics – Experimental Medicine . . . . .	12
1.11	Some Pharmacological Aspects of Psychotropic Drugs . . . . .	12
1.11.1	Antipsychotics . . . . .	13
1.11.2	Antianxiety Agents . . . . .	20
1.11.3	Tricyclic Antidepressants . . . . .	21
1.11.4	Monoamine Oxidase Inhibitor Antidepressants . . . . .	21
1.11.5	Pharmacology of the Stimulants . . . . .	22
1.11.6	Hypno-Sedatives . . . . .	22
1.12	Adverse Drug Interactions . . . . .	23
2.	<i>Drugs and Driving Research</i> . . . . .	25
2.1	Statement of the Problem . . . . .	25
2.2	Effect of Drugs on Driving Skills . . . . .	26
2.3	Methodological Difficulties . . . . .	30
2.4	Research Methods . . . . .	33
2.5	Parallel Studies in Mice and Men . . . . .	34

2.5.1	Animal Laboratory Experiments . . . . .	34
2.5.2	Experimental Methods . . . . .	35
2.5.3	Interaction of Psychotropic Drugs and Alcohol . . . . .	38
2.6	Investigations in Humans . . . . .	51
2.6.1	Tests of Driving Performance . . . . .	51
2.6.2	Tests of Simple Functions . . . . .	53
2.6.3	Driving Simulator Tests . . . . .	54
2.6.4	Tests of Various Skills . . . . .	55
2.6.5	Some Results . . . . .	59
2.6.6	Current Studies . . . . .	64
2.7	Statistical Studies on the Relationship between Illness, Drugs and Driving	64
2.8	The Road Toll . . . . .	68
3.	<i>General Discussion of Drugs and Driving and some Related Problems</i> . . . . .	70
3.1	History . . . . .	70
3.2	Further Research . . . . .	71
3.2.1	Ethics and Experiments . . . . .	71
3.2.2	Psychotropic Drugs and Alcohol . . . . .	72
3.2.3	Marihuana and Driving . . . . .	73
3.2.4	Statistical Field Surveys . . . . .	74
3.3	The Doctor's Responsibilities . . . . .	75
3.3.1	Negligible Information . . . . .	76
3.3.2	Prescribing for Different Personalities . . . . .	76
3.3.3	Attitudes and Adverse Reactions . . . . .	79
3.4	Suggestions for Advice to Patients Given Specific Drugs . . . . .	80
3.4.1	General Habits, Including Self-Medication . . . . .	80
3.4.2	Drug Dependency . . . . .	80
3.4.3	Chronic Illness, Including Epilepsy and Diabetes mellitus . . . . .	80
3.4.4	Stimulants . . . . .	82
3.4.5	Analgesics . . . . .	82
3.4.6	Monoamine Oxidase Inhibitor Antidepressants . . . . .	82
3.4.7	Tricyclic Antidepressants . . . . .	83
3.4.8	Antianxiety Drugs . . . . .	83
3.4.9	Sedative-Hypnotics . . . . .	84
3.4.10	Antihistamines . . . . .	84
3.4.11	Antipsychotic Drugs . . . . .	85
3.4.12	Miscellaneous Drugs . . . . .	86
3.4.13	Caution . . . . .	87
3.5	Prescribing Habits and Drug Hazards . . . . .	87
3.5.1	Polypharmacy . . . . .	87
3.5.2	Suicide and Psychotropic Drugs . . . . .	88
3.5.3	Relative Merits of Psychotropic Drugs and the Specificity of their Effects . . . . .	90

Table of Contents

IX

3.5.4 Drug Prescriptions and Alcohol Users . . . . .	94
3.5.5 Treatment of Alcoholics . . . . .	95
3.6 Control of the Drugs and Driving Problem and the Prevention of Traffic ‘Accidents’ . . . . .	97
3.7 Envoi . . . . .	105
4. <i>References</i> . . . . .	107
5. <i>Subject Index</i> . . . . .	121
