## **I DEVELOPMENTAL AND FAMILIAL FACTORS**

**2 Overview 29**  
*Peggy A. Crawford and Dana Watts*

**3 Developmental Issues in the Study of Eating Problems and Disorders 35**  
*Ilana Attie and Jeanne Brooks-Gunn*

What Developmental Processes Are Germane to the Study of the Emergence of Eating Disorders and Problems? 37

	What Individual and Social Risk Factors Increase Vulnerability for Developing an Eating Disorder? <b>39</b>
	Does a Continuum of Eating Psychopathology Exist? <b>43</b>
	When Do Eating Disorders Coevolve with Other Forms of Psychopathology? <b>45</b>
	Do Developmental Trajectories Differ for Girls in Different Contexts? <b>46</b>
	Are There Developmental Changes in the Meaning and Expression of Eating Problems Over Time? <b>50</b>
	Conclusion <b>52</b>
	References <b>53</b>
<b>4</b>	<b>Toward a Model of the Developmental Psychopathology of Eating Disorders: The Example of Early Adolescence   59</b>
	<i>Michael P. Levine and Linda Smolak</i>
	General Model <b>60</b>
	Early Adolescent Transition <b>68</b>
	Test of the Model <b>72</b>
	Discriminant Ability of the Model <b>74</b>
	Conclusion <b>75</b>
