

Table of Contents

1. The Wave Function David W. Griffiths	1
2. Time-Independent Schrödinger Equation David W. Griffiths	25
3. Formalism David W. Griffiths	95
4. Quantum Mechanics in Three Dimensions David W. Griffiths	133
5. Identical Particles David W. Griffiths	203
6. Time-Independent Perturbation Theory David W. Griffiths	251
7. Time-Dependent Perturbation Theory David W. Griffiths	295
8. The Variational Principle David W. Griffiths	323
9. The WKB Approximation David W. Griffiths	345
10. The Adiabatic Approximation David W. Griffiths	371
11. Scattering David W. Griffiths	397
Index	423
