<b>MAPS AND DIAGRAMS</b>		
Global grid and directions		6/7
Size and scale - Strasbourg		8/9
Satellite image of Northeast Strasbourg	1:30 000	9
Map of Northeast Strasbourg	1:30 000	9
Strasbourg and Kehl	1:300 000	9
Southern Rhine Rift Valley	1:3 000 000	9
<b>Mapping time and space - Strasbourg</b>		
Height representation in maps		12/13
The Tatras - Physical	1:500 000	13
British Isles - Physical map	1:4 000 000	14
The physical map legend		15
Thematic cartography - Map graphics		16
Thematic cartography - Points, lines and areas		17
Alpine transit		17
Goods transport on the road		17
Natural vegetation and agriculture		18/19
World production of crops and livestock		18
Economic maps		20/21
Economic sectors in the map - Connections		20
<b>History and religion in maps - Searching for traces</b>		
The spread of Christianity in the Roman Empire	1:25 000 000	22
Lourdes - Pilgrimage town	1:12 500	23
The world - Religions	1:140 000 000	23
Statistical maps/Diagrams		24/25

<b>Europe - Physical</b>		
Last ice age	1:40 000 000	26 <b>1</b>
Europe - Physical map	1:18 000 000	26/27 <b>2</b>
<b>Europe - antiquity</b>		
Phoenician and Greek colonization	1:24 000 000	28 <b>1</b>
Greek mythology	1:16 000 000	28 <b>2</b>
Trade and economy in the Roman Empire	1:24 000 000	29 <b>3</b>
Invasions and empires (before the death of Theodoric in 526)	1:60 000 000	29 <b>4</b>
<b>Europe - Middle Ages</b>		
Europe at the end of Charlemagne's reign in circa 814	1:30 000 000	30 <b>1</b>
Europe during the first crusades in the late 12 <sup>th</sup> century	1:30 000 000	30 <b>2</b>
Trade and economy in the 15 <sup>th</sup> Century	1:24 000 000	31 <b>3</b>
<b>Europe - The modern age</b>		
The Reformation in Europe circa 1570	1:24 000 000	32 <b>1</b>
Wartburg (Thuringia)	1:2 000	32 <b>2</b>
Absolutism in Europe circa 1740	1:24 000 000	33 <b>3</b>
Versailles circa 1700	1:40 000	33 <b>4</b>
Karlsruhe circa 1740	1:10 000	33 <b>5</b>

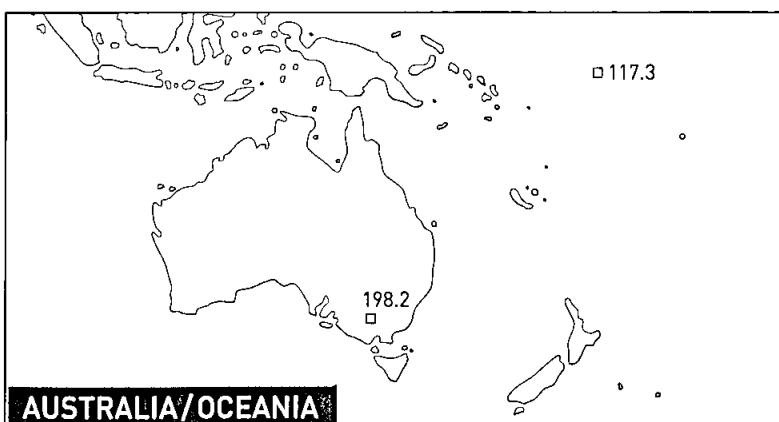

<b>Europe - The modern age</b>		
The age of Napoleon circa 1812	1:24 000 000	34 <b>1</b>
Revolution and reaction 1848/49	1:24 000 000	34 <b>2</b>
Vienna (Austria) - Imperial residence city circa 1850	1:45 000	35 <b>3</b>
Manchester (England) - Early industries circa 1850	1:30 000	35 <b>4</b>
<b>Europe - Countries from 1914 to 1990</b>		
Europe before World War One (1914)	1:36 000 000	36 <b>1</b>
Europe after World War One (1920/21)	1:36 000 000	36 <b>2</b>
Europe before World War Two (1939)	1:36 000 000	36 <b>3</b>
Europe after World War Two (1949)	1:36 000 000	36 <b>4</b>
Berlin - Centre 1932/1980/2009	1:50 000	37 <b>5</b>
<b>Europe - Countries</b>		
Europe - Political map	1:24 000 000	38 <b>1</b>
Flags and names of European Union countries		38 <b>2</b>
European confederations	1:30 000 000	39 <b>3</b>
Brussels - EU headquarters	1:25 000	39 <b>4</b>
Structure of the European Union		39 <b>5</b>
<b>Europe - European regions</b>		
EU - Infrastructure and development in the Baltic States	1:5 000 000	40 <b>1</b>
EU - Regional employment structure	1:30 000 000	40 <b>2</b>
EU - Regional economic power	1:30 000 000	41 <b>3</b>
Foreign labour	1:30 000 000	41 <b>4</b>
<b>Europe - Population</b>		
Age distribution		42 <b>1</b>
Population	1:30 000 000	42 <b>2</b>
Population development in a highly developed country (example: Germany)		42 <b>3</b>
National languages and language minorities	1:30 000 000	43 <b>4</b>
Germany - Age structure 2007 and 2025 (projection)	1:7 000 000	43 <b>5</b>
<b>Europe - Climate</b>		
January temperature	1:36 000 000	44 <b>1</b>
July temperature	1:36 000 000	44 <b>2</b>
Precipitation (October - March)	1:36 000 000	45 <b>3</b>
Precipitation (April - September)	1:36 000 000	45 <b>4</b>
<b>Europe - Agriculture</b>		
Agriculture	1:18 000 000	46/47 <b>1</b>
Wiesengut Hennef (Germany) - Organic farming	1:10 000	47 <b>2</b>
El Ejido (Spain) - Greenhouse cultivation	1:200 000	47 <b>3</b>
<b>Europe - Energy</b>		
Energy resources	1:36 000 000	48 <b>1</b>
Electricity generation and consumption	1:36 000 000	48 <b>2</b>
Öresund - Offshore wind farms	1:250 000	49 <b>3</b>
Rhenish lignite mining - Landscape change	1:250 000	49 <b>4</b>
<b>Europe - Economy</b>		
Industrial centres circa 1850	1:18 000 000	50 <b>1</b>
Interconnected economic centres circa 1900	1:18 000 000	50 <b>2</b>
The economy today	1:18 000 000	50/51 <b>3</b>
<b>Europe - Structural economic change</b>		
Geographic models of the European economy	1:30 000 000	52 <b>1</b>
Cambridge 1880	1:50 000	52 <b>2</b>
Cambridge 2010	1:50 000	52 <b>3</b>
The Ruhr circa 1840	1:500 000	53 <b>4</b>
The Ruhr circa 1960	1:500 000	53 <b>5</b>
The Ruhr today	1:500 000	53 <b>6</b>
<b>Europe - Transport</b>		
Europe - Long distance traffic	1:18 000 000	54 <b>1</b>
Rotterdam - Port	1:200 000	55 <b>2</b>
Frankfurt - Airport	1:75 000	55 <b>3</b>
<b>Europe - Tourism</b>		
Tourism	1:18 000 000	56/57 <b>1</b>
Marina Baja (Alicante Prov.) - Tourism and water supply	1:200 000	57 <b>2</b>
Albir and Benidorm - Different types of tourism	1:20 000	57 <b>3</b>
<b>Northern Europe - Economy</b>		
Northern Europe - Physical map	1:6 000 000	60/61
<b>Northern Europe - Resources</b>		
Hordaland (Norway) - Aquacultures in the fjords	1:1 000 000	62 <b>1</b>

North Atlantic Ocean – Sea fishing	1: 36 000 000	62	<b>2</b>
Lake Saimaa (Finland) – Production sites of the wood industry	1: 500 000	63	<b>3</b>
Stora Enso (Finland) – A global player in the forest, paper and packaging industry		63	<b>4</b>
<b>Western Europe – Physical map</b>	1: 6 000 000	64/65	
<b>British Isles – History and economy</b>		66/67	
Industrialization in the 19 <sup>th</sup> century	1: 4 000 000	66	<b>1</b>
Economy today	1: 4 000 000	67	<b>2</b>
<b>London and Paris – Global cities</b>		68/69	
The growth of London	1: 1 000 000	68	<b>1</b>
London	1: 50 000	68	<b>2</b>
The world's largest airports		68	<b>3</b>
The world's biggest companies		68	<b>4</b>
The growth of Paris	1: 1 000 000	69	<b>5</b>
Paris	1: 50 000	69	<b>6</b>
The world's largest financial centres		69	<b>7</b>
The world's richest agglomerations		69	<b>8</b>
<b>Central Europe – Physical map</b>	1: 6 000 000	70/71	
<b>Germany – Economic transition</b>		72/73	
Germany 1979 – Economy	1: 3 500 000	72	<b>1</b>
Germany 2009 – Economy	1: 3 500 000	73	<b>2</b>
<b>South-West Europe – Physical map</b>	1: 6 000 000	74/75	
<b>Southern Europe/Turkey – Physical map</b>	1: 6 000 000	76/77	
<b>Southern Europe – Tourist destinations</b>		78/79	
Rome – Top destination for city tourism	1: 50 000	78	<b>1</b>
Gulf of Naples – Recreation and sightseeing around the volcano Vesuvius	1: 300 000	78	<b>2</b>
Upper Engadin (Switzerland) – Alpine tourism in a changing environment	1: 100 000	79	<b>3</b>
Danube Delta (Romania) – Environmentally-sensitive tourism	1: 900 000	79	<b>4</b>
<b>Southern Europe – Economy</b>	1: 10 000 000	80/81	
<b>Eastern Europe – Physical map</b>	1: 6 000 000	82/83	
<b>Russia</b>		84	
Russia's emergence as a world power 1462–1914	1: 48 000 000	84	<b>1</b>
Moscow – Russia's centre of power	1: 50 000	84	<b>2</b>

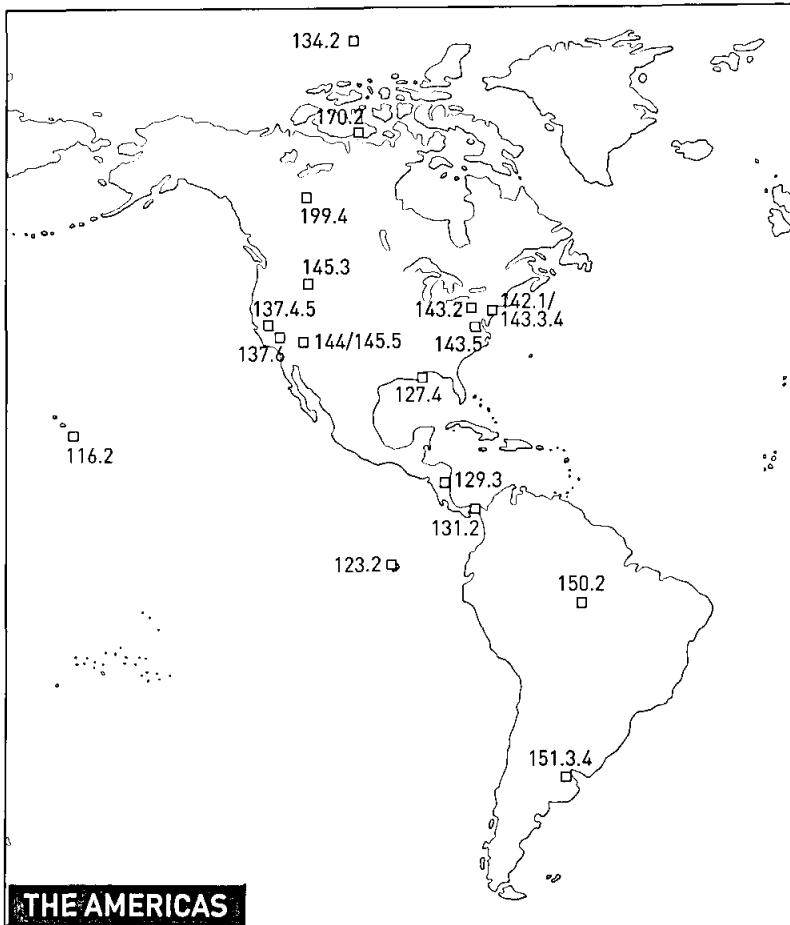

<b>Central Asia</b>		85	
Norilsk – Nickel mining under subarctic conditions	1: 600 000	85	<b>3</b>
Aral Sea – Landscape change 1960/2010	1: 6 000 000	85	<b>2</b>
<b>Russia/Central Asia – Physical map</b>	1: 18 000 000	86/87	
<b>Russia/Central Asia – Economy</b>	1: 18 000 000	88/89	
<b>Eurasia – Physical</b>		90/91	

Eurasia – Physical map	1: 36 000 000	90/91	<b>3</b>
Bangladesh – Physical map	1: 4 000 000	91	<b>2</b>
<b>Asia – Countries and history</b>		92/93	
Alexander's campaign 334–323 BC	1: 28 000 000	92	<b>2</b>
Asia circa 1300	1: 56 000 000	92	<b>2</b>
The Silk Road in the age of Marco Polo (1254–1324)	1: 42 000 000	93	<b>2</b>
Asia – Political map	1: 56 000 000	93	<b>2</b>
<b>Asia – Agriculture and climate</b>		94/95	
Agriculture	1: 36 000 000	94/95	<b>2</b>
January temperature and wind	1: 100 000 000	95	<b>2</b>
July temperature and wind	1: 100 000 000	95	<b>2</b>
Annual precipitation	1: 100 000 000	95	<b>2</b>
South Asia – Monsoon	1: 36 000 000	95	<b>2</b>
Southwest and Northeast monsoon		95	<b>2</b>
<b>Asia – Economy/Global city Singapore</b>		96/97	
Economy (overview)	1: 36 000 000	96/97	<b>2</b>
City-state Singapore – South-East-Asia's economic centre 1980/2007	1: 250 000	97	<b>2</b>
<b>Western and South Asia – Physical map</b>	1: 18 000 000	98/99	
<b>Israel</b>		100/101	
Palestine in the age of Jesus	1: 2 500 000	100	<b>2</b>
Water supply and distribution	1: 2 500 000	100	<b>2</b>
Settlement and boundaries	1: 1 000 000	100	<b>2</b>
Aleppo (Halab, Syria) – Oriental city	1: 25 000	101	<b>2</b>
Jerusalem – Holy City for three world religions	1: 25 000	101	<b>2</b>
<b>West and South Asia – Economy</b>	1: 18 000 000	102/103	
<b>Persian Gulf region</b>		104/105	
Al Hasa – Oasis	1: 375 000	104	<b>2</b>
Arab States of the Persian Gulf – Economy	1: 6 000 000	104	<b>2</b>
Abu Dhabi – Emerging global city	1: 200 000	104	<b>2</b>
India and neighbours – Development	1: 36 000 000	105	<b>2</b>
Umbalacheri – Land ownership	1: 20 000	105	<b>2</b>
Madras (Chennai)	1: 100 000	105	<b>2</b>
<b>East Asia – Physical map</b>	1: 18 000 000	106/107	
<b>East Asia – Economy</b>		108/109	
Beijing (Peking) – Capital of China	1: 50 000	108	<b>2</b>
China – Regional development since 1980	1: 36 000 000	108	<b>2</b>
Economy	1: 18 000 000	108/109	<b>2</b>
<b>China and Japan</b>		110/111	
Huang He and Yangtze – Water related problems	1: 16 000 000	110	<b>2</b>
Yangtze River – Three Gorges Project	1: 1 800 000	110/111	<b>2</b>
Japan – Population	1: 16 000 000	110	<b>2</b>
Japan – Natural risks	1: 16 000 000	110	<b>2</b>
Kobe (Japan) – Land reclamation and tectonics	1: 125 000	111	<b>2</b>
<b>South-East Asia – Physical map</b>	1: 18 000 000	112/113	
<b>South-East Asia – Economy</b>		114/115	
Economy	1: 18 000 000	114/115	<b>2</b>
Borneo 1980 – Economy	1: 18 000 000	115	<b>2</b>

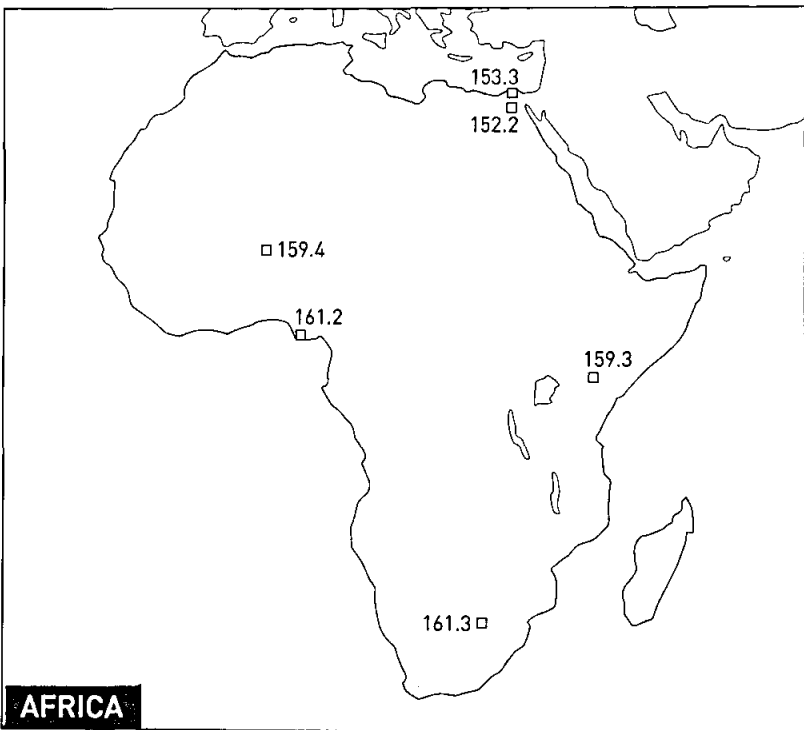

<b>Australia/Oceania – Physical</b>		116/117	
Australia/Oceania – Physical map	1: 36 000 000	116/117	<b>1</b>
Hawaii	1: 2 000 000	117	<b>2</b>
Maloelap Atoll (Marshall Islands)	1: 500 000	117	<b>3</b>

Australia/Oceania – Physical map	1: 18 000 000	118/119
Australia and New Zealand		120/121
Economy	1: 18 000 000	120/121 <b>1</b>
Annual precipitation	1: 84 000 000	120 <b>2</b>
January temperature	1: 84 000 000	120 <b>3</b>
July temperature	1: 84 000 000	120 <b>4</b>
Original inhabitants (Aborigines)	1: 54 000 000	121 <b>5</b>
Immigration	1: 54 000 000	121 <b>6</b>

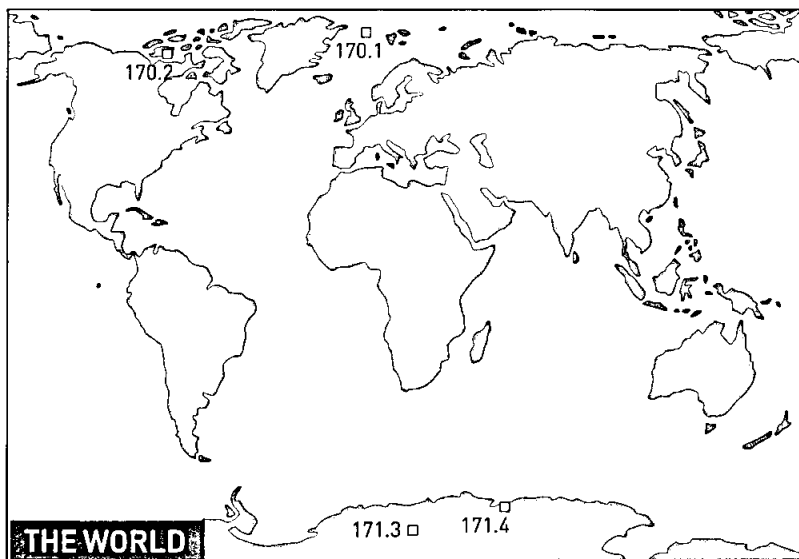

The Americas – Physical		122/123
Physical map	1: 36 000 000	122/123 <b>1</b>
Galápagos Islands – Nature tourism and conservation	1: 2 000 000	123 <b>2</b>
The Americas – States and history		124/125
Original inhabitants in the 16 <sup>th</sup> century	1: 64 000 000	124 <b>1</b>
European colonization in the mid-18 <sup>th</sup> century	1: 64 000 000	124 <b>2</b>
Nation building circa 1825	1: 64 000 000	125 <b>3</b>
America – Political map	1: 64 000 000	125 <b>4</b>
The Americas – Climate		126/127
January temperature	1: 64 000 000	126 <b>1</b>
July temperature	1: 64 000 000	126 <b>2</b>
Annual precipitation	1: 64 000 000	127 <b>3</b>
Hurricane Katrina	1: 16 000 000	127 <b>4</b>
The formation of a hurricane		127 <b>5</b>
The Americas – Agriculture		128/129
Agriculture	1: 36 000 000	128/129 <b>1</b>
Banana trade – CO <sub>2</sub> emissions		128 <b>2</b>
Central America – Banana cultivation	1: 16 000 000	129 <b>3</b>
The Americas – Economy		130/131
Economy (overview)	1: 36 000 000	130 <b>1</b>
Panama Canal – Connecting two oceans	1: 600 000	131 <b>2</b>
North America (northern part) – Physical map	1: 18 000 000	132/133
North America (northern part) – Economy		134/135
North America (northern part) – Economy	1: 18 000 000	134/135 <b>1</b>
Arctic climate change 1979–2005		134 <b>2</b>
U.S.A. – Past and present		136/137
Immigration and settlement	1: 36 000 000	136 <b>1</b>
Political development	1: 36 000 000	136 <b>2</b>
Ethnic structure	1: 36 000 000	136 <b>3</b>

California – Land use circa 1830	1: 6 000 000	137 <b>4</b>
California – Land use today	1: 600 000	137 <b>5</b>
Central Valley (California) – Mixed intensive agricultural at Diener Farm (Fresno County)	1: 50 000	137 <b>6</b>
United States and Central America – Physical map	1: 18 000 000	138/139
United States and Central America – Economy	1: 18 000 000	140/141
U.S.A. – Cities in the North-East		142/143
New York – Manhattan	1: 50 000	142 <b>1</b>
BosWash Region – Population density and distribution	1: 5 000 000	143 <b>2</b>
New York – Ethnic residential areas	1: 200 000	143 <b>3</b>
New York – Population density	1: 500 000	143 <b>4</b>
Washington D.C. – The U.S. centre of power	1: 50 000	143 <b>5</b>
U.S.A. – National parks		144/145
Yellowstone Caldera – Volcanic traces and seismic activity	1: 1 000 000	144 <b>1</b>
Origin of the Yellowstone Caldera		144 <b>2</b>
Yellowstone National Park	1: 1 000 000	145 <b>3</b>
The formation of the Grand Canyon through tectonics and erosion		145 <b>4</b>
Colorado Plateau/Grand Canyon – Land use of a dry region	1: 1 000 000	144/145 <b>5</b>
South America – Physical map	1: 18 000 000	146/147
South America – Economy		148/149
Economy	1: 18 000 000	148 <b>1</b>
The Andes – Altitudinal zonation		149 <b>2</b>
South America		150/151
Tropical rain forest – Nutrient cycle and consequences of deforestation		150 <b>1</b>
