Opening Remarks	
D. Ploog	1
Bulimia: Symptoms, Syndrome, and Predicament	
P. J. V. Beumont. With 2 Tables	2

I. Nutrition and Behavior in Eating Disorders

Serotonin Implicated in the Etiology of Seasonal Affective Disorder with Carbohydrate Craving	
D. O'Rourke, J. J. Wurtman, and R. J. Wurtman. With 2 Tables . . .	13
Culturally Corralled into Food Abuse: The Eating Disorders as Physiologically Reinforced Excessive Appetites	
D. A. Booth	18
Restraint and Excess in Dieters and Bulimics	
C. P. Herman and J. Polivy	33
Restricted Caloric Intake Causes Neuroendocrine Disturbances in Bulimia	
M. M. Fichter, K. M. Pirke, J. Pöllinger, G. Wolfram, and E. Brunner With 4 Figures and 2 Tables	42

II. Metabolic and Endocrine Aspects of Eating Disorders

Metabolic and Endocrine Factors in Regulation of Nutrient Balance	
G. A. Bray. With 5 Figures	59
Consequences of Dieting at Normal Weight: Implications for the Understanding and Treatment of Bulimia	
U. Schweiger, R. G. Laessle, M. M. Fichter, and K. M. Pirke With 7 Figures and 1 Table	74
Evidence for Altered Serotonin Function in Bulimia and Anorexia Nervosa: Behavioral Implications	
D. C. Jimerson, H. A. Brandt, and T. D. Brewerton	83

Eating Disorders and Depression: Psychobiological Findings in Bulimia and Anorexia Nervosa R. G. Laessle, U. Schweiger, M. M. Fichter, and K. M. Pirke With 2 Figures and 4 Tables	90
Cranial Computed Tomography Findings in Patients with Eating Disorders J.-C. Krieg. With 1 Figure and 1 Table	101
 III. Hunger and Satiety in Eating Disorders	
Regulation of Eating in Obesity and Bulimia Nervosa V. Pudel, T. Paul, and N. Maus. With 7 Figures and 1 Table	109
Cognitive and Metabolic Responses to Eating in Anorexia Nervosa and Bulimia K. A. Halmi	120
 IV. Treatment of Bulimia Nervosa	
The Uncertain Status of the Cognitive Approach to Bulimia Nervosa C. G. Fairburn. With 2 Figures	129
Cognitive-Behavioral Treatments of Bulimia Nervosa: The Role of Exposure G. T. Wilson. With 1 Table	137
The Anxiety Model of Bulimia Nervosa and Treatment with Exposure Plus Response Prevention J. C. Rosen and H. Leitenberg	146
Preliminary Results of a Comparison Treatment Trial of Bulimia Nervosa J. E. Mitchell, R. L. Pyle, E. D. Eckert, D. Hatsukami, C. Pomeroy, and R. Zimmerman. With 2 Figures and 1 Table	152
Body Image Disturbances in Eating Disorders from the Viewpoint of Experimental Research R. Meermann and W. Vandereycken. With 1 Figure and 1 Table . . .	158
An Experimental Video-Confrontation Procedure as a Therapeutic Technique and a Research Tool in the Treatment of Eating Disorders W. Vandereycken, M. Probst, and R. Meermann. With 3 Tables . . .	172
 Summary	
Research and Treatment in the Psychobiology of Bulimia Nervosa K. M. Pirke and W. Vandereycken	179
