Introduction	1
<i>William R. McFarlane</i>	
<b>I. From Long Experience: The View from Opposite Sides of the Room</b>	
Chapter 1. Thoughts on Family Therapy and Schizophrenia: Interviews with Christian F. Midelfort and Carl A. Whitaker	17
Chapter 2. What Families Want of Family Therapists	41
<i>Agnes B. Hatfield</i>	
<i>How Families Are Affected, 42; The Study, 45; Implications for Treatment, 53; Implications for Research and Training, 55; An Educational Approach to Families, 57; Impetus for Change, 60; Summary and Conclusions, 63; References, 63</i>	
<b>II. The Psychoeducational Approaches</b>	
Chapter 3. Stages and Impact of Crisis-Oriented Family Therapy in the Aftercare of Acute Schizophrenia	69
<i>Hal S. Kopeikin, Valerie Marshall, and Michael J. Goldstein</i>	
<i>Overview of the Aftercare Program, 70; Crisis-Oriented Family Therapy, 71; Medication, 81; Method for Investigating the Aftercare Program, 82; Effects of Aftercare, 84; Determinants of Effective Crisis-Oriented Family Therapy, 88; Discussion, 93; References, 96</i>	
Chapter 4. A Psychoeducational Program for Families of Patients with Schizophrenia	99
<i>Carol M. Anderson</i>	
<i>Assumptions, 100; Phase I: Connecting with the Family, 102; Phase II: The Survival</i>	

*Skills Workshop, 103; Phase III: Reentry and Application of Workshop Themes, 110; Phase IV: Continued Treatment or Disengagement, 112; Preliminary Findings and Insights, 112; Summary, 114; Acknowledgments, 115; References, 115*

**Chapter 5. Behavioral Family Interventions in the Management of Chronic Schizophrenia 117**

*Ian R. H. Falloon and Robert P. Liberman*

*Introduction, 117; Family Problems with Schizophrenia, 119; Educational Workshop for Patients and Relatives, 120; Personal Effectiveness Training in a Family Group, 122; Development of a Problem-Solving Approach, 126; Home-Based Family Therapy, 130; Conclusions, 136; References, 137*

**III. The Multiple-Family Approaches**

**Chapter 6. Multiple Family Therapy in Schizophrenia 141**

*William R. McFarlane*

*Introduction: The Origins of Multiple Family Therapy, 141; Schizophrenia-Specific Therapeutic Mechanisms in Multiple Family Therapy, 143; Goals of Multiple Family Therapy, 150; A Schema of Multiple-Family Group Interventions, 151; Varieties of Multiple-Family Groups, 153; Phase-Specific Techniques in a Long-Term Closed Group, 155; The Effects of Multiple Family Therapy, 168; Conclusion, 170; References, 171*

**Chapter 7. Intervention in Families of Schizophrenics and Its Effect on Relapse Rate 173**

*Julian P. Leff, Liz Kuipers, and Ruth Berkowitz*

*Family Influences on Schizophrenia, 173; A Trial of Intervention, 176; Clinical Material, 181; Outcome of Intervention, 185; References, 186*

**Chapter 8. Supportive Group Counseling for the Relatives of Schizophrenic Patients 189**

*Nancy Atwood*

*Professional Attitudes, 190; Support Groups and the Medical/ Rehabilitative Model, 191; Principles and Methods of Supportive Group Counseling, 193; The Practice of Supportive Group Counseling for Relatives, 197; How the Groups Facilitate Changes That Benefit Patients, 201; From Group Counseling to Self-Help, 202; Conclusion, 203; References, 203*

**IV. The Intensive Family Therapies**

**Chapter 9. Strategic Therapy of Schizophrenia 209**

*Cloé Madanes*

*Diagnosis, 209; Therapy, 212; The First Stage, 214; The Second Stage, 216; The Third*

*Stage, 220; The Fourth Stage, 221; Special Circumstances, 221; Summary of the Therapeutic Strategy, 222; References, 225*

**Chapter 10. Systemic Family Therapy in Schizophrenia 227**

*William R. McFarlane*

*Paradoxical Techniques with the Individual: A Short Review, 228; The Milan Method, 229; A Theoretical Adaptation for Schizophrenia, 232; The Application of Systemic Therapy in Schizophrenia, 236; A Case of Intractable Headache, 239; Conclusion, 245; Acknowledgments, 246; References, 246*

**V. Forces from Outside the Family: Time, Brain, and Society**

**Chapter 11. A Phase-Oriented Approach to Treatment with Schizophrenics and Their Families 251**

*Lyman C. Wynne*

*A Multifaceted Approach, 252; A Problem-Oriented Approach, 252; A Phase-Oriented Approach, 253; A Systems Orientation to Treatment, 261; A Four-Part Perspective, 263; A Postscript, 264; References, 264*

**Chapter 12. The Coordination of Family Therapy with Other Treatment Modalities for Schizophrenia 267**

*Douglas W. Heinrichs and William T. Carpenter, Jr.*

*Introduction, 267; Clinical Model, 268; Illustrations, 279; Conclusion, 285; References, 286*

**Chapter 13. Family Therapy of the Schizophrenic Poor 289**

*Steven J. Goldstein and Lawrence Dyche*

*Introduction, 289; Philosophies, Theories, and Techniques, 290; The Need for an Ecological Framework, 291; The Working Context, 293; Beginning Phase, 293; Middle Phase, 298; Third Phase, 303; Summary, 306; References, 306*

**VI. Toward a Synthesis**

**Chapter 14. Family Research in Schizophrenia: A Review and Integration for Clinicians 311**

*William R. McFarlane and C. Christian Beels*

*Key Family Characteristics, 312; Interactions of Family Factors Associated with Schizophrenia, 318; Other Key Dimensions: The Patient and the Treatment System, 320; References, 322*

Chapter 15. A Decision-Tree Model for Integrating Family Therapies for Schizophrenia	325
<i>William R. McFarlane and C. Christian Beels</i>	
<i>General Principles, 326; A Decision-Tree Model, 330; Conclusion, 334; Reference, 335</i>
