

CONTENTS

Preface *ix*

In Memoriam *xiii*

1. INTRODUCTION: WHAT ARE SOME PRESSING
ISSUES IN EDUCATIONAL PSYCHOLOGY TODAY? 1
- How Does Philosophy Relate to Science? 1
- What Is the Present State of Psychology—Eclectic or Systematic? 5
- What Has Been the Role of Systematic Thinking in the History
of Science? 8
- What Are Some Examples of Opposed Systematic Views in
Psychology? 13
- Why Is Eclecticism Profuse Among Educational Psychologists? 21
- Why Has Education Been Under Attack? 23

Part I

WHY IS AN UNDERSTANDING OF MOTIVATION IMPORTANT TO CLASSROOM TEACHERS?

2. WHY DO TEACHERS NEED TO UNDERSTAND
THEORIES OF MOTIVATION? 29
- How Has Ignoring Motivation Affected Education? 30
- Where Do Motives Come From? 34
- What Are Some Prescientific Theories of Inner Motivation? 34
- What Are Some Theories of Outer Motivation? 43
- What Is an Interactive View of Motivation? 46

3. WHAT ARE SOME MECHANISTIC THEORIES
OF MOTIVATION? 52

- What Are Some Scientific Instinct Theories of Motivation? 52
What Are Some Drive Theories of Motivation? 59
What Was Hull's Drive Theory of Motivation? 60
What Are the Implications of Drive Theory for Education? 63
How Do Reinforcement Theorists View Motivation? 64
How Does the Accountability Movement Relate to Reinforcement
Theory? 69

4. WHAT ARE SOME IMPORTANT NONMECHANISTIC
THEORIES OF MOTIVATION? 75

- How Does Self-Actualization Theory View Motivation? 75
How Have Cognitive Learning Theorists Viewed Human
Motivation? 80
What Is the Field Theory of Motivation? 85
How Do Cognitive-Field Psychologists View Motivation? 88

5. WHAT IS ACHIEVEMENT MOTIVATION? 96

- How Should This Chapter Be Studied? 97
What Are Some Key Features of Early Achievement Motivation
Theory? 98
How Has the Cognitive-Attribution Theory of
Achievement Motivation Developed? 103
What Are Some Implications of Achievement Motivation
Theory for Classroom Teaching? 114

6. HOW DOES HUMAN BIOLOGY CONTRIBUTE
TO HUMAN PSYCHOLOGY? 121

- What Is the Present State of Human Biology? 121
How Do Neurons Function? 125
What Do We Know About the Structure and Functions of the
Human Brain? 131
What Is Biofeedback and How Does It Work? 138
How May Biofeedback Be Used Therapeutically? 143
How May Neurobiology Aid in Motivating Students? 145

PART II

HOW DO HUMAN BEINGS DEVELOP?

7. WHAT IS THE NATURE AND COURSE OF PSYCHOLOGICAL
DEVELOPMENT THROUGH THE ELEMENTARY SCHOOL YEARS? 154

- How May We Think of a Child as a Purposive Person
Who Develops Through Interaction with His or Her
Psychological Environment? 155

- What Are the Aspects of "Normal" Psychological Development Through the Elementary School Years? 160
- What Is the Course of Psychological Development During the Preschool Ages 3 and 4? 161
- What Is the Course of Psychological Development During the Early Elementary School Period (Ages 5 Through 8)? 166
- What Is the Course of Psychological Development During the Middle Elementary Years (Ages 9 Through 11)? 175
8. WHAT IS THE PSYCHOLOGICAL MEANING OF ADOLESCENCE? 184
- What Are the Physiological Changes of Adolescence? 185
- What Is the Sociological Significance of Adolescence? 190
- What Is the Psychological Meaning of Adolescence? 199

PART III

HOW DO HUMAN BEINGS LEARN?

9. WHY IS CLASSROOM LEARNING A PROBLEM? 219
- What Is a Learning Theory? 221
- Why Are There Theories of Learning? 222
- How Are Learning Theories Evaluated? 224
- What Learning Theories Are Reflected in School Practice? 225
- What Concepts Characterize the Respective Learning Theories? 231
10. WHAT EARLY THEORIES OF LEARNING ARE REFLECTED IN CURRENT SCHOOL PRACTICES? 240
- What Is Mental Discipline? 240
- What Is Learning Through Unfoldment or Self-Actualization? 252
- What Is Apperception? 254
11. WHAT ARE THE TWO MAJOR FAMILIES OF CONTEMPORARY LEARNING THEORY? 268
- What Are the Historical and Ideological Roots of Current Behaviorisms? 270
- What Are the Origins of Gestalt-Field Psychology? 276
- What Is the Philosophical Thinking Behind the Two Psychological Families? 279
12. HOW DO THE TWO FAMILIES OF CONTEMPORARY LEARNING THEORY DESCRIBE THE LEARNING PROCESS? 287
- Is Learning Stimulus-Response Conditioning? 287
- Is Learning Development of Insight? 292
- What Does Motivation Mean for Each Family? 296
- How Is Observable Behavior Change Related to Learning? 299
- Do Human Beings and Lower Animals Learn Alike? 301
- How Do Adherents of the Two Learning Families Describe the Thinking Process? 305

13. HOW DOES SKINNER'S OPERANT CONDITIONING WORK? 313
How Has Skinner Used Animals to Study Operant Reinforcement? 315
What Psychological Theory Underlies Skinner's Teaching
Procedures? 317
How Is Operant Conditioning Nonphysiological and
Nonphenomenological? 319
What Is the Nature of Operant Conditioning or Reinforcement? 323
What Are the Processes of Operant Reinforcement and Extinction? 325
What Does Skinner's Operant Conditioning Imply About the
Nature of Transfer of Learning? 329
How May Operant Conditioning Be Applied to Schoolroom
Practices? 332
14. WHAT IS THE COGNITIVE-FIELD THEORY OF LEARNING? 345
What Is the Purpose of Cognitive-Field Learning Theory? 346
What Is an Insight? 347
How Might We Teach Insightfully? 348
How Does Cognitive-Field Learning Theory Differ
from the Stimulus-Response Conditioning Theories? 352
What Are the Key Constructs of Cognitive-Field Theory? 361
15. HOW DO COGNITIVE-FIELD THEORISTS USE
THE CONCEPT OF LIFE SPACE? 372
What Psychological Processes Characterize One's Life Spaces? 372
How Is Learning a Change in Insight or Cognitive Structure? 378
How May the Cognitive Structures of Life Spaces Change? 380
How Does Cognitive-Field Psychology Treat Transfer of Learning? 382
What Is the Meaning of Cognitive-Field Psychology for
Teaching Situations? 384
16. HOW DO ECLECTIC THEORISTS DEAL WITH LEARNING? 392
How Does Gagné's Behavioristic-Eclectic Psychology Describe the
Learning Process? 392
How Does Bruner's Cognitive-Oriented Eclectic Psychology Treat
Learning and Teaching? 398

PART IV
HOW MAY PSYCHOLOGY BE APPLIED
TO CLASSROOM SITUATIONS?

17. HOW IS INTELLIGENCE RELATED TO TEACHING
AND LEARNING? 410
How Have Mental Disciplinarians Viewed Intelligence? 413
How Do Psychedelic Humanists View Intelligence? 415

- How Have Herbartian Apperceptionists Viewed Intelligence? 416
 How Have Scientific Psychologists Approached the Study of Intelligence? 417
 How Do Contemporary Behaviorists View Intelligence? 421
 What Do Cognitive-Field Psychologists Mean by Intelligence? 421
18. HOW IS INTELLIGENCE MEASURED? 428
 How Have Intelligence Tests Been Developed? 429
 What Is the Meaning of IQ? 431
 How Are Intelligence Tests Administered and Evaluated? 433
 How Are Intelligence Test Scores Related to the Heredity-Environment Issue? 441
 How Can We Make the Best Use of Intelligence Tests? 443
19. HOW IS TEACHING RELATED TO LEARNING? 448
 What Is the Role of Teachers in Modern America? 448
 What Are the Levels of Teaching and Learning? 453
 What Is the Autonomous Development Level of Teaching and Learning? 459
 Can Autonomous Development Be Tested? 462
 What Is the Memory Level of Teaching and Learning? 462
 What Testing Procedures Are Appropriate to Memory Level Teaching and Learning? 464
20. HOW MAY TEACHERS TEACH FOR EXPLANATORY UNDERSTANDING? 466
 How Did Herbart's Apperception Theory Involve Understandings? 468
 How Were Judd's Generalizations Explanatory Understandings? 468
 How Have Morrison's Ideas Promoted Explanatory Understanding Level Teaching? 470
 How Are Gagné's High-Order Rules Related to Explanatory Understanding? 472
 How Does Bruner Emphasize Teaching for Understanding Through Conceptualization? 473
 How May the Explanatory Understanding Level of Teaching Be Improved? 473
21. HOW DO REFLECTIVE TEACHING AND LEARNING PROCEED? 481
 How May a Class Reflectively Study the Pony Express? 482
 How Does Reflective Thinking and Learning Differ from Classical-Humanistic Reasoning? 485
 How Is Reflection Level Learning Promoted? 487
 When Is a Problem a Problem? 488
 How Does Problem Raising Proceed? 494

How Does Problem Solving Proceed?	503
How Can Classroom Atmosphere Promote Reflective Learning?	509
In What Subject Areas Is Reflective Teaching Applicable?	514
How Are Projects and Units Related to Teaching for Understanding?	515
What Is Unique About the Reflection or Exploratory Understanding Level of Evaluation?	519
How Effective Is Reflective Teaching?	520
EPILOGUE: HOW MIGHT COGNITIVE-FIELD PSYCHOLOGY PROVIDE AN EMERGENT TEACHING THEORY AND PRACTICE?	
How Satisfactory Are the Theories of Learning that Have Preceded Cognitive-Field Theory?	530
What Is the Cognitive-Field Emphasis in Teaching?	531
How Does Cognitive-Field Psychology Eliminate Weaknesses of Both Traditionalism and Permissivism?	532
NAME INDEX	535
SUBJECT INDEX	537
