<b>1. Introduction</b>	<b>1</b>
Collapse of the Bretton Woods System	2
Monetary Reform Efforts	3
Interests of the Developing Countries	5
<b>2. Flexible Exchange Rates and the Developing Countries</b>	<b>8</b>
Flexible Rates for Developing Countries Themselves:	
Pros and Cons	9
Flexible Rates among Developed Countries: LDC Attitudes	12
Theoretical Considerations	14
Empirical Evidence	35
Implications of the Oil Price Rise	44
Conclusion	46
<b>3. The SDR Aid Link</b>	<b>48</b>
Evolution of the Link Concept	50
Economic Arguments for and against a Link	58
A Model of the Link's Effect on Payments Imbalances and Inflation	77
IMF Gold Sales through a Trust Fund	87
Summary Assessment	91
<b>4. The Adequacy of World Reserves</b>	<b>96</b>
Influence of Flexible Exchange Rates	96
Gold Prices	98
World Reserves and the Oil Price Rise	100
Evidence on Reserve Adequacy	105
Conclusion	107
<b>5. Conclusion</b>	<b>108</b>
Appendixes	
A. Statistical Tables	113
B. A Mathematical Model of Two Effects of the SDR Aid Link	118

Index	123
Tables	
2-1. Mean, Standard Deviation, and Coefficient of Variation of Selected Currencies in Relation to the Dollar, 1959-75	17
2-2. Export Growth of Industrial and Developing Countries, 1967-74	36
2-3. Economic Effects of the 1971 and 1973 Dollar Devaluations on Selected Economic Variables for Less Developed Countries	39
2-4. Currency Pegging Practices of Sixty-one Developing Countries with Populations of over Two Million, 1971-75	42
3-1. Percentage Shares by Country of Special Drawing Rights Allocated under Actual and Two Alternative Distributions, 1970-72	80
3-2. Effect of an Emission of One Billion SDRs on the Reserves of Selected Industrial Countries under 1970-72 and Two Alternative Distributions	82
3-3. Effect of an Emission of One Billion SDRs on the Exports of Selected Industrial Countries under 1970-72 and Two Alternative Distributions	83
3-4. Effect of an Emission of One Billion SDRs on the Reserves and Imports of Selected Developing Countries under 1970-72 and Two Alternative Distributions	84
3-5. Estimated Impact of the SDR Aid Link on Payments Imbalances among Developed Countries	85
3-6. Estimated Net Impact of the SDR Aid Link on Export Demand of Selected Industrial Countries, SDR Emission of Three Billion SDRs	88
4-1. Indicators of World Reserve Adequacy, 1971-74	106
A-1. Allocation of Special Drawing Rights to Least Developed Countries, by Amount and Percentage of Total Allocation to Less Developed Countries, 1970-72	114
A-2. Ratio of Reserves to Imports of Goods and Services, Forty-seven Developing Countries, 1967-71	115
A-3. Marginal Import Shares for Forty-seven Developing Countries from Developed Countries, 1967-71	116
Figures	
2-1. Welfare Effects of Changes in Wealth under Risk Aversion	16
2-2. Illustrative Movements of the Exchange Rate under Fixed- and Flexible-Rate Regimes	16
3-1. IMF Quotas per Capita in Relation to Income per Capita for Seventy-two Less Developed Countries	62
