Daniel Jones: Bibliography and Discography	xi
Daniel Jones: A personal tribute by Hélène N. Coustenoble	xxi

General Phonetics

W. S. ALLEN On quantity and quantitative verse	3
G. F. ARNOLD Vowel and consonant: a phonological definition re-examined	16
J. C. CATFORD Phonation types: the classification of some laryngeal components of speech production	26
YUEN REN CHAO Some feed-back effects of communication technology on styles of speech	38
ANDRÉ CLASSE Redundancy	43
PIERRE DELATTRE Classifying speech sounds by their source	46
O. VON ESSEN An acoustic explanation of the sound shift [t] > [u] and [l] > [i]	53
D. B. FRY Experimental evidence for the phoneme	59
BEATRICE HONIKMAN Articulatory settings	73
LEE S. HULTZÉN Grammatical intonation	85
ROMAN JAKOBSON and MORRIS HALLE Tenseness and laxness	96
L. KAISER Physiological factors in the coding and decoding of messages	102

CONTENTS

R. KINGDON The representation of vowels	112
BERTIL MALMBERG Juncture and syllable division	116
PETER STREVENS Phonetics, applied linguistics, and other components of language-teaching	120

The Phonetics of English

A. C. GIMSON Phonetic change and the RP vowel system	131
H. KÖKERITZ Spelling-pronunciation in American English	137
HANS KURATH British sources of selected features of American pronunciation: problems and methods	146
P. A. D. MacCARTHY Criteria for a new orthography for English	156
J. D. O'CONNOR and OLIVE M. TOOLEY The perceptibility of certain word-boundaries	171
JAMES PITMAN The Simplified Spelling Society	177
B. TRNKA On foreign phonological features in present-day English	185
JOSEF VACHEK Notes on the phonematic value of the modern English [ŋ]-sound	191
C. M. WISE Thesis and antithesis in the evolution of English linguistics	206
DAVID ABERCROMBIE Syllable quantity and enclitics in English	216
GEORGES BERTRAND L'accentuation lexicale des polysyllabes anglais	223

CONTENTS

CHARLES C. FRIES On the intonation of 'Yes-No' questions in English	242
MARIA SCHUBIGER The interplay and co-operation of word-order and intonation in English	255
GEORGE L. TRAGER The intonation system of American English	266
ELIZABETH ULDALL Dimensions of meaning in intonation	271
ROBERT H. GERHARD A suggested simple system of transcription for use by foreign students of standard American English	280
W. R. LEE Linguistics and phonetics in the training of teachers of English	286

The Phonetics of European Languages

E. BLANCQUAERT English words in spoken Flemish	299
M. CHAPALLAZ Notes on the intonation of questions in Italian	306
IVAR DAHL The pronunciation of Brazilian Portuguese	313
G. FAURE Le rôle du rendement fonctionnel dans la perception des oppositions vocaliques distinctives du français	320
PIERO FIORELLI La prononciation des plus anciens textes italiens	329
WIKTOR JASSEM A spectrographic study of Polish speech sounds	334
ANDRÉ MARTINET Pour un dictionnaire de la prononciation française	349
JULIAN T. PRING Spelling reform in modern Greek	357

CONTENTS

ALF SOMMERFELT	
Consonant clusters or single phonemes in Northern Irish	368
J. L. M. TRIM	
Tonetic stress-marks for German	374
DENNIS WARD	
A critique of Russian orthography	384

The Phonetics of Non-European Languages

J. CARNOCHAN	
Pitch, tone, and intonation in Yoruba	397
SUNITI KUMAR CHATTERJI	
Glottal spirants and the glottal stop in the aspirates in New Indo-Aryan	407
EUGÉNIE J. A. HENDERSON	
Marginalia to Siamese phonetic studies	415
KENNETH L. PIKE	
Stress trains in Auca	425
N. C. SCOTT	
Nasal consonants in Land Dayak (Bukar-Sadong)	432
W. F. STIRLING	
Observations on the transliteration of Arabic names into the Roman alphabet	437
A. N. TUCKER	
Kalenjin phonetics	445
SIDDHESHWAR VARMA	
Syllabication in the Kashmiri language	471
