## I. PRELIMINARY CONSIDERATIONS

<b>1. What Is Educational Psychology? .....</b>	<b>3</b>
"Psychology Is a Science, and Teaching Is an Art"—James ...	3
Inductive and Deductive Sources of the Teaching	
Method—Bain .....	4
"The Psychologist's Fallacy" .....	5
The Proper Concern of Educational Psychology .....	5
Constraints on What Is Engaged in the Book .....	5
Psychological Theory and Educational Factors .....	6
Pattern of Professional Involvement with Psychology .....	6
The Book's Liberal Arts Viewpoint .....	8
<b>2. The Quality of United States Schools: An International</b>	
<b>Comparison with Attention to Values .....</b>	<b>11</b>
Materialistic versus Idealistic Values among United States	
Freshmen .....	12
Why the Tendency toward Materialism? .....	13
Values among Nations, and How Education Is Affected .....	16
Egalitarianism, Pragmatism, and Individualism: The	
American Revolution .....	16
Egalitarianism .....	17
Pragmatism and Its Relation to Utilitarianism .....	19

Individualism .....	21
Summary .....	23
 <b>II. PSYCHOLOGICAL VIEWPOINTS AND RELATED PARADIGMS OF LEARNING</b>  	
<b>3. Functionalism: Goal-Directed Activity, Purposivity, Dewey's Pragmatism, and Modern Feedback Theory .....</b>	<b>27</b>
Definition of Functionalism .....	27
William James and Purposivism .....	28
McDougall and Purposivism .....	29
Cybernetics and Purposivism .....	30
Dewey and Pragmatism .....	31
Feedback Theory: Educational and Philosophical Implications .....	33
Open-Loop Feedback Systems .....	34
Closed-Loop Feedback Systems .....	34
Some Reflections Leading to Progressive Education .....	37
Summary .....	38
<b>4. Associationism: The Experience of Contiguity between Events and Its Molding of Thought, Perception, and Feeling .....</b>	<b>41</b>
Definitions of Association and Associationism .....	41
Philosophical Associationism: Descartes, La Mettrie, Locke, James Mill, John Stuart Mill, Hume .....	42
Experimental Associationism: Ebbinghaus and Thorndike ...	50
Clinical Associationism: Kent-Rosanoff, Rorschach, Jung .....	55
A Concluding Comment .....	60
<b>5. Russian Dialectical-Materialist Psychology: Classical Conditioning and Its Relation to Mentation and Language .....</b>	<b>61</b>
Dialectical Materialism: Its Link to Russian Psychology— Hegel, Marx, Lenin .....	62
Prerevolutionary Times: Sechenov, Dewey's Criticism .....	64

Revolutionary Times: Kornilov, Lomov, Pavlov, Sherrington, Bekhterev, Konorski, Miller .....	66
Postrevolutionary Times: Razran, Zaporozhets, Luria, Vygotsky .....	73
Summary .....	79
<b>6. Behaviorism: Instrumental Conditioning and Programmed Instruction .....</b>	<b>81</b>
Skinner's "Social Environments" .....	81
Origin and Philosophy of Behaviorism .....	82
Relation of the Debate to Russian Dialectical-Materialist Philosophy .....	84
A Finer Statement of the Problem .....	85
Relations among Operant Conditioning, Education, and Programmed Instruction .....	85
Laboratory Example: The Skinner Box .....	86
Extrapolation from Laboratory to Classroom: Chaining, Discrimination, Shaping, Intermittent Reinforcement ....	87
Assessment of Programmed Instruction .....	93
Keller's Personalized System of Instruction .....	94
Note on Behavior Modification in the Classroom .....	98
Summary .....	99
<b>7. Gestalt Psychology: Perceptual Illusions and Insight- Thinking .....</b>	<b>101</b>
Gestalt Psychology's Stand against Elementarism: Kohler ....	101
Apparent Movement and Psychophysical Isomorphism: Wertheimer .....	104
Insight-Thinking and Representational Processes in Apes ...	106
Soviet Refutation (or Is It?) of Insight-Thinking Apes .....	109
Regarding Language in Apes .....	111
Regarding Cognition in Apes .....	112
Koffka, and Back to Human Psychology .....	112
Gestalt Psychology's Specific Contributions to Education ....	113
Summary and the Future Task of Gestalt Psychology .....	114
<b>8. Freudian Psychoanalysis: Therapy as Reeducation .....</b>	<b>115</b>
The Uniqueness of Psychoanalytic Theory .....	116
Freud's Constructs .....	116

Freud's Principles .....	118
Psychosexual Stages of Development and Freud's Scolding of Educators .....	120
Therapeutic Phenomena .....	122
Psychotherapy and Teaching: The Teacher as Participant Observer .....	124
Relations of Freudian Psychoanalysis to Conventional Variables and Thereby to Education .....	124
Summary .....	128
<b>9. Criticisms of Psychoanalysis by Jung, Adler, and Sullivan:     Implications for Education .....</b>	<b>129</b>
Psychoanalytic Protest .....	129
Carl Gustav Jung and Analytical Psychology: His Disenchantment with Science Education .....	130
Alfred Adler and Individual Psychology: His Experimental School for Children .....	134
Harry Stack Sullivan and Interpersonal Theory: His Modes of Organizing Experience .....	137
Brief Critique of Psychoanalytic Approaches .....	138
Behavioristic Protest .....	139
The Trend toward Eclecticism, or Nouns Need Not Be Demons .....	140
Conclusion .....	141
<b>10. Cognitive Psychology: An Emphasis on the Mind .....</b>	<b>143</b>
The Nature of Cognitive Psychology .....	143
The Computer as a Metaphor for the Mind .....	144
How the Mind Operates upon Various Kinds of Information .....	145
Information Stemming from Motor Action .....	145
Information Stemming from Language .....	147
Information Depending upon Biological Maturation .....	149
Information Stemming from Rule Learning and Connectionist Networks .....	151
Note on the Tension between Associationism and Reason or Rationality .....	152
Memory and the Analysis of Mental Information .....	153
Episodic and Semantic Memory .....	153

A Change in Terminology and Concepts Describing Memory .....	154
Information Processing .....	155
Imaginal Information .....	157
Note on the Evolution of Cognitive Psychology .....	159
Summary .....	160

### III. PROFESSIONAL ASPECTS OF TEACHING

<b>11. Instructional Methods and Nomenclature .....</b>	<b>163</b>
Goals and Objectives .....	164
On What Teaching Strategies Can the Teacher Draw? .....	166
Teacher-Centered Strategies .....	167
Student-Centered Strategies .....	168
Different Types of Student-Centered Strategies .....	170
What Instructional Materials Are Available? .....	172
Textbooks .....	172
Other Print Materials .....	174
Educational Technology .....	175
Simulation Games .....	177
Community Resources .....	179
Tests .....	179
What Logistical Considerations Influence Teaching Strategies? .....	180
Length of the Class Period .....	180
The "Steady-State Regularity" of the Daily Schedule .....	181
The Teacher as a Person .....	182
Concluding Statement .....	182
 <b>12. Do's and Don'ts of Effective Teaching .....</b>	 <b>185</b>
Planning .....	185
Flexibility .....	187
Order .....	188
Class Management .....	189
Discipline .....	190
Relations with Students .....	191
Relations with Colleagues .....	193

Relations with Administrators .....	195
Other Do's and Don'ts .....	196
Summary .....	197
<b>13. Fundamentals of Testing .....</b>	<b>199</b>
<i>Stephen L. Koffler</i>	
What Are Tests and Why Use Them? .....	199
Why Test? .....	200
Types of Tests: Aptitude and Achievement .....	202
Norm-Referenced and Criterion-Referenced Achievement Tests .....	203
Types of Items .....	204
Selected-Response Items .....	204
Constructed-Response Items .....	206
Performance Tests .....	207
Types of Test Scores .....	208
Validity and Reliability .....	211
Validity .....	211
Reliability .....	214
Testing in the Classroom .....	217
A Final Note .....	219
<b>14. Fundamentals of Reading .....</b>	<b>221</b>
<i>Leonore Itzkowitz</i>	
Historical Overview .....	221
Readers .....	222
Perspectives (Code-Based and/or Meaning-Based Emphases) .....	223
Prior Knowledge and Schema .....	225
Developmental Approaches .....	226
Chall's Six Stages of Reading .....	227
Reading Readiness .....	228
Vocabulary .....	230
Reading Comprehension .....	234
Comprehension and Schema Theory .....	234
Advance Organizers .....	235
Content-Area Reading .....	235
Matching Materials to Reading Levels .....	236
Summary .....	239

<b>15. Epilogue and Prologue: A Look to the Future</b> .....	241
General and Individual Factors .....	243
General Factors .....	243
Individual Factors .....	246
Six Issues in the Future .....	246
The Tension between Prediction and Unfolding .....	250
Concluding Statement .....	251
<b>References</b> .....	253
<b>About the Authors</b> .....	263
<b>Index</b> .....	265
