

Table of contents

Introduction

CHAPTER 1

- Understanding gesture: Description, mechanism and function 3
Spencer D. Kelly, R. Breckinridge Church and Martha W. Alibali

Part 1. The function of gesture production

Section 1. The function of gesture production for language

CHAPTER 2

- Representational gestures help speakers package information for speaking 15
Martha W. Alibali, Amelia Yeo, Autumn B. Hostetter and Sotaro Kita

CHAPTER 3

- Function and processing of gesture in the context of language 39
Aslı Özyürek

CHAPTER 4

- The asymmetric redundancy of gesture and speech 59
J. P. de Ruiter

CHAPTER 5

- Gesture-speech unity: What it is, where it came from 77
David McNeill

CHAPTER 5 SUPPLEMENT

- Exchange on gesture-speech unity: What it is, where it came from 103
Renia Lopez-Ozieblo and David McNeill

Section 2. The function of gesture for cognition and social interaction

CHAPTER 6

- The function of gesture in learning and memory 129
Susan Wagner Cook and Kimberly M. Fenn

CHAPTER 7		
Gestures highlight perceptual-motor representations in thinking		155
	<i>Autumn B. Hostetter and Rebecca Boncoddo</i>	
CHAPTER 8		
One function of gesture is to make new ideas: The action-cognition transduction hypothesis		175
	<i>Mitchell J. Nathan</i>	
CHAPTER 9		
Gesture in socio-moral reasoning		197
	<i>Leanne Beaudoin-Ryan</i>	
CHAPTER 10		
Multi-modal communication of common ground: A review of social functions		213
	<i>Judith Holler and Janet Bavelas</i>	
 Part 2. The function of gesture comprehension		
CHAPTER 11		
Exploring the boundaries of gesture-speech integration during language comprehension		243
	<i>Spencer D. Kelly</i>	
CHAPTER 12		
Computational gesture research: Studying the functions of gesture in human-agent interaction		267
	<i>Stefan Kopp</i>	
CHAPTER 13		
Making and breaking common ground: How teachers use gesture to foster learning in the classroom		285
	<i>Mitchell J. Nathan, Martha W. Alibali and R. Breckinridge Church</i>	
CHAPTER 14		
The function of gesture in mathematical and scientific discourse in the classroom		317
	<i>Melissa Singer</i>	
CHAPTER 15		
Gesture's role in learning interactions: A focus on clinical populations		331
	<i>Eve S. LeBarton and Jana M. Iverson</i>	

CHAPTER 16

The sound of silence: The functions of gestures in pauses in native and non-native interaction 353

Gale Stam and Marion Tellier

Part 3. Why gesture? Some theoretical implications

CHAPTER 17

Understanding gesture as representational action: A functional account of how action and gesture differ with respect to thinking and learning 381

Miriam A. Novack and Susan Goldin-Meadow

CHAPTER 18

So how does gesture function in speaking, communication, and thinking? 397

R. Breckinridge Church and Susan Goldin-Meadow
