<i>List of Contributors</i>	<i>ix</i>
<i>Preface</i>	<i>xi</i>
PART 1: INTRODUCTION AND OVERVIEW	1
1. Introduction: Conceptualizing the Relations of Procrastination to Health and Well-Being	3
Fuschia M. Sirois	
Procrastination and Well-Being: a Tale of Two Traditions	5
Procrastination and Physical Health: a Tale of Two Routes	10
Concluding Thoughts	16
References	16
2. Recovering <i>Kairos</i>: Toward a Heideggerian Analysis of Procrastination	21
James Crooks	
<i>Chronos</i> in Aristotle's Physics	23
<i>Kairos</i> and the ecstatic Temporality of being and Time	28
<i>Kairos</i> in Concrete Experience—Martin Luther King's "Mountaintop Speech"	34
Conclusion— <i>kairos</i> in a Therapeutic Practice	38
References	41
3. Structured Nonprocrastination: Scaffolding Efforts to Resist the Temptation to Reconstruct Unwarranted Delay	43
Joel H. Anderson	
Introduction	43
How not to be Misled by "Structured Procrastination"	45
Defining Procrastination as Culpably Unwarranted Delay	47
Self-Indulgent Reconstruals	51
Extending the Will to Resist Self-Indulgent Reconstrual	53
Structures that Support Attention, Motivation, and Judgment	55
Conclusion	60
Acknowledgments	60
References	61

PART 2: PROCRASTINATION AND HEALTH	65
4. Procrastination, Stress, and Chronic Health Conditions: A Temporal Perspective	67
Fuschia M. Sirois	
Introduction	67
Procrastination-Health Model: Current Evidence and Extensions	68
Temporally Extending the Procrastination-Health Model	74
Temporal Myopia, Stress, and Health Behaviors	82
Procrastination as Vulnerability in the Context of Chronic Disease	84
Conclusions and Future Directions	87
References	89
5. Bedtime Procrastination: A Behavioral Perspective on Sleep Insufficiency	93
Floor M. Kroese, Sanne Nauts, Bart A. Kamphorst, Joel H. Anderson and Denise T.D. de Ridder	
Sleep Insufficiency: a Neglected Health Problem?	94
Bedtime Procrastination as a Cause of Sleep Insufficiency	99
Bedtime Procrastination in the General Population	102
Bedtime Procrastination Versus General Procrastination	105
Bedtime Procrastination Versus Other Forms of Procrastination	108
Possible Interventions	109
Avenues for Future Research	113
Conclusion	115
Acknowledgments	115
References	116
6. Measurement of Health-Related Procrastination: Development and Validation of the Exercise and Healthy Diet Procrastination Scales	121
Mohsen Haghbin and Timothy A. Pychyl	
Defining Health-Related Procrastination	123
Stages 1 and 2: Item Creation, Expert Review, and Content Validity	125
Stages 2–4: Dimensionality, Item Reduction, Reliability, and Validation	126
Dimensionality and Item Reduction	128
Validity of Health-Related Procrastination Measures	132
Antecedents of Procrastination: Personality and Self-Regulation	135
Health-Related Procrastination and Health Outcomes	137
Context-Specific Measures of Health-Related Procrastination	139
Future Directions and Concluding Thoughts	140
References	141

7. The Relation Between General Procrastination and Health Behaviors: What Can We Learn from Greek Students?	143
Maria I. Argiropoulou, Anastasia Sofianopoulou and Anastasia Kalantzi-Azizi	
Introduction	143
What Can We Learn from Greek University Students?	152
References	155
PART 3: PROCRASTINATION AND WELL-BEING	161
8. Procrastination, Emotion Regulation, and Well-Being	163
Timothy A. Pychyl and Fuschia M. Sirois	
“Giving in to Feel Good”—the Priority of Short-Term Mood Repair	164
Emotion Regulation	172
Conclusions and Future Directions	181
References	184
9. Delaying Things and Feeling Bad About It? A Norm-Based Approach to Procrastination	189
Benjamin Giguère, Fuschia M. Sirois and Mamta Vaswani	
Introduction	189
Procrastination as Self-Regulation Failure	190
Procrastinatory Behavior from a Norms Perspective	191
“Feeling Bad” About Procrastinating	194
A Norm-Based Approach to Procrastination and Emotions	198
Managing Bad Feelings from Procrastination	204
Conclusions	208
References	209
10. Temporal Views of Procrastination, Health, and Well-Being	213
Eve-Marie C. Blouin-Hudon, Fuschia M. Sirois and Timothy A. Pychyl	
Temporal Self-Regulation	214
Procrastination: Temporal Self as Other	216
Self-Continuity and Future Self	220
Self-Continuity: Benefits for Health and Well-Being	226
Conclusion: a Focus on the Past	227
References	228

11. Procrastination and Well-Being at Work	233
Wendelien van Eerde	
Introduction	233
Delay and Procrastination	233
Student Procrastination and Procrastination at Work	234
A Conceptual Framework for Workplace Procrastination	236
Characteristics of the Person	238
Characteristics of the Context	242
Conclusions	248
Strengths and Limitations	248
Future Research Directions	249
References	250
12. Future of Research on Procrastination, Health, and Well-Being: Key Themes and Recommendations	255
Fuschia M. Sirois and Timothy A. Pychyl	
Looking Back: Three Key Themes	256
Looking Ahead: Four Key Issues in Procrastination, Health, and Well-Being Research	258
Concluding Thoughts	268
References	269
Index	273
