PREFACE xiii

## Part One: Foundations

- Chapter 1: Introduction 3**  
The Field of Organizational Behavior 3  
Format of the Text 4  
Underlying Philosophy 5  
Content and Outline 6
- Chapter 2: Understanding People 9**  
The Uniqueness of Human Beings 11  
The Continuity of Growth 13  
Internal versus External Determinants of Behavior 15  
Human Limitations 18  
Understanding Behavior: Learning 19  
Implications for Research 32  
Implications for Practice 33  
Case: Learning About Booze 34
- Chapter 3: Understanding Organizations 37**  
Why Organizations Exist 38  
Structural Characteristics of Organizations 43  
Tasks in Organizations 53  
The Social Aspect of Organizations 57  
Putting it All Together: An Open Systems Theory Perspective 63  
Implications for Research 68  
Implications for Practice 69  
Case: Starting a New Division 70

## Part Two: Individual Characteristics

- Chapter 4: Perception and Personality 77**  
Person Perception: Forming Impressions of Others 78  
Perceiving the Causes of Behavior 81  
Systematic Errors in Perception 87  
Personality 92  
Personality and Behavior in Organizations 100  
Implications for Research 107  
Implications for Practice 108  
Case: The Selection Interview 110
- Chapter 5: Attitudes 115**  
Background 116  
Attitude Organization and Dynamics 124  
Persuasion as a Strategy for Attitude Change 131  
Attitudes and the World of Work 136  
Implications for Research 146  
Implications for Practice 147  
Case: Morale and Malaise 149
- Chapter 6: Motivation 152**  
A Model of Motivation and Performance 153  
Theory and Practice: Arousal 158  
Theory and Practice: Intentions 163  
Motivation, Behavior, and Performance 180  
Implications for Research 181  
Implications for Practice 182  
Case: Pushing Papers Can Be Fun 184

<b>Chapter 7: Job Stress</b>	188
Prevalence of Stress	189
Conceptualizing Stress	191
Environmental and Interpersonal Stressors	196
Personal and Situational Moderators	201
Reactions to Stressors	206
The Management of Stress	207
Implications for Research	215
Implications for Practice	215
Case: The Stresses of Everyday Life	217

---

### Part Three: Social Processes

<b>Chapter 8: Group Dynamics</b>	223
What is a Small Group?	224
Individuals and Groups	225
An Overview of Group Variables	229
Situational Variables Affecting Groups	231
The Impact of Group Composition	241
Implications for Research	251
Implications for Practice	252
Case: The Drill Team	253
<b>Chapter 9: Roles, Norms, and Status</b>	257
Role Relationships	259
Norms	268
Status	280
Implications for Research	288
Implications for Practice	289
Case: Cross-Cultural Encounter	290
<b>Chapter 10: Communication</b>	294
The Motives for Communicating	295
Communication Networks: Who Communicates with Whom	304
A Communication Model	310
Blocks to Effective Communication	315
Implications for Research	323
Implications for Practice	324
Case: On Being Informed and Being Well Informed	326

---

### Part Four: Accomplishing Organizational Objectives

<b>Chapter 11: Individual Decision Making</b>	331
Why Study Decision Making?	332
The Decision-Making Process	333
A Contingency Model of Individual Decisions	335
Aided Analytic Decision Processes	340
Unaided Analytic Decisions	348
Nonanalytic Strategies	350
Image Theory	352
Cognitive Biases	357
Implications for Research	362
Implications for Practice	362
Case: The Vehicle of Choice	364
<b>Chapter 12: Group Decision Making</b>	368
Background	369
Participation in Decision Making	372
Contingency Models of Participation	374
Group Decision Processes	378
Formal Procedures for Changing Group Process	382
Managing Group Meetings	387
Contingency Models for Group Decision Making	389
Implications for Research	393
Implications for Practice	393
Case: Guidelines and Standards—Who Decides?	394
<b>Chapter 13: Power and Politics</b>	398
Social Power	399
Power in Use	402
Politics	413
Implications for Research	427
Implications for Practice	429
Case: Obedient Betty	430

<b>Chapter 14: Leadership</b>	<b>433</b>
Defining Leadership	434
Leader Effectiveness: A Conceptual Framework	444
Universal Traits	446
Situation-Contingent Traits	448
Universal Behaviors	452
Situation-Contingent Behaviors	455
Implications for Research	462
Implications for Practice	464
Case: A Scientist's Scientist	465

---

**Part Five: Individual and Organizational Effectiveness**

<b>Chapter 15: Formal Systems for Managing Employee Performance</b>	<b>473</b>
Determinants of Performance	474
Employee Selection Systems	477
Performance Appraisal Systems	489
Systems of Reward	496
Implications for Research	504
Implications for Practice	505
Case: Affirmative Action in Action	507

<b>Chapter 16: The Line Manager's Impact on Employee Performance</b>	<b>510</b>
Socializing the New Employee	512
Managing the Poor Performer	523
Managing the Effective Employee	536
Implications for Research	541
Implications for Practice	542
Case: Malpractice or Minor Mistake?	543

<b>Chapter 17: Change in Organizations</b>	<b>547</b>
Perspectives on Change	549
The Change Process	554
Organizational Change Strategies	560
Change in Organizations: A Final Comment	575
Implications for Research	578
Implications for Practice	579
Case: Implementing Change	580
