CHAPTER 1

Approach to Diagnosis of the Kidney Biopsy, 1

CHAPTER 2

Normal Growth and Maturation, 9

CHAPTER 3

Glomerular Diseases, 19

PRIMARY GLOMERULAR DISEASES, 20

Glomerular Diseases That Cause Nephrotic Syndrome: Non-Immune Complex, 20

Minimal Change Disease and Focal Segmental Glomerulosclerosis: Introduction, 20

Minimal Change Disease, 20

Focal Segmental Glomerulosclerosis, 25

Congenital Nephrotic Syndrome of Finnish Type, 49

Diffuse Mesangial Sclerosis, 52

Glomerular Diseases That Cause Nephrotic/Nephritic Syndrome:

Complement Related, 57

C1q Nephropathy, 57

C3 Glomerulopathies, 59

Glomerular Diseases That Cause Nephrotic Syndrome: Immune Complex, 71

Membranous Nephropathy, 71

Membranoproliferative Glomerulonephritis, 88

Fibrillary Glomerulonephritis, 100

Immunotactoid Glomerulopathy, 108

Glomerular Diseases That Cause Hematuria or Nephritic Syndrome:

Immune Complex, 112

Acute Postinfectious Glomerulonephritis, 112

IgA Nephropathy, 122

SECONDARY GLOMERULAR DISEASES, 134

Diseases Associated With Nephrotic Syndrome, 134

Monoclonal Immunoglobulin Deposition Disease, 134

Amyloidosis, 147

Proliferative Glomerulonephritis With Monoclonal Deposits, 161

HIV-Associated Nephropathy, 164

Sickle Cell Nephropathy, 170

Fabry Disease, 177

Lipoprotein Glomerulopathy, 183

- Lecithin-Cholesterol Acyltransferase (LCAT) Deficiency, 185
Hereditary Focal Segmental Glomerulosclerosis, 188
- Diseases Associated With Nephritic Syndrome or Rapidly Progressive Glomerulonephritis (RPGN): Immune Mediated, 190**
- Lupus Nephritis, 190
Atypical Presentations of Renal Involvement in SLE, 209
Henoch–Schönlein Purpura (IgA Vasculitis), 219
Mixed Connective Tissue Disease, 230
Mixed Cryoglobulinemia, 236
Anti-GBM Antibody–Mediated Glomerulonephritis, 246
- Diseases Associated With the Nephritic Syndrome or RPGN: Antineutrophil Cytoplasmic Autoantibody (ANCA)–Associated Small-Vessel Vasculitis (Pauci-Immune- or Non-Immune-Mediated), 254**
- Introduction, 254
Microscopic Polyangiitis (MPA), 256
Granulomatosis With Polyangiitis (Wegener’s Granulomatosis), 258
Eosinophilic Granulomatosis With Polyangiitis (Churg–Strauss Syndrome), 266
Polyarteritis Nodosa, 267
- Diseases With Abnormal Basement Membranes, 268**
- Alport Syndrome, 268
Thin Basement Membrane Lesions, 278
Nail-Patella Syndrome, 281
- Glomerular Involvement With Bacterial Infections, 282**
- Subacute Bacterial Endocarditis, 282
Shunt Nephritis, 288

CHAPTER 4

Vascular Diseases, 295

- Diabetic Nephropathy, 295
Thrombotic Microangiopathy/Thrombotic Thrombocytopenic Purpura, 307
Scleroderma (Systemic Sclerosis), 321
Antiphospholipid Antibody Disease, 328
Preeclampsia and Eclampsia, 329
Fibromuscular Dysplasia, 338
Arterionephrosclerosis, 343
Accelerated/Malignant Hypertension, 354
Atheroemboli, 359

CHAPTER 5

Tubulointerstitial Diseases, 365

- Introduction, 366
Infections of the Kidney, 367
Acute Pyelonephritis, 367
Chronic Pyelonephritis and Reflux Nephropathy, 373
Xanthogranulomatous Pyelonephritis, 376
Malakoplakia, 378
Acute Tubulointerstitial Nephritis—Viral Infection, 380

- Acute Tubulointerstitial Nephritis—Drug-Related, 380**
- Tubulointerstitial Nephritis With Uveitis, 387**
- Anti-Tubular Basement Membrane Antibody Nephritis, 388**
- Idiopathic Hypocomplementemic Tubulointerstitial Nephritis, 390**
- IgG4-Related Tubulointerstitial Nephritis, 391**
- Interstitial Nephritis of Sjögren Syndrome, 396**
- Sarcoidosis, 397**
- Acute Kidney Injury/Acute Tubular Necrosis, 400**
 - Ischemic Acute Tubular Injury, 401
 - Acute Phosphate Nephropathy, 408
 - Nephrotoxic Acute Tubular Necrosis, 412
- Warfarin-Induced Acute Kidney Injury/Anticoagulant-Related Nephropathy, 421**
- Heavy Metal Nephropathy (Lead and Cadmium Nephropathy), 421**
- Analgesic Nephropathy and Papillary Necrosis, 422**
- Light Chain Cast Nephropathy and Tubulopathy, 425**
- Tubular Crystallopathies, 435**
 - Cystinosis, 435
 - Nephrocalcinosis, 440
 - Oxalosis, 441
 - Urate Nephropathy, 446
 - Indinavir Nephropathy, 447
- Lithium Nephropathy, 448**
- Aristolochic Acid Nephropathy, 448**

CHAPTER 6**Endemic Nephropathies, 449**

Introduction, 449

Aristolochic Acid Nephropathy (Chinese Herb Nephropathy, Balkan Endemic Nephropathy), 450

Other Endemic Fibrosing Nephropathies, 451

Ochratoxin Nephropathy, 451

Chronic Kidney Disease of Unknown Etiology in Sri Lanka, 451

Mesoamerican Nephropathy, 452

Apolipoprotein L1-Associated Nephropathies, 453

CHAPTER 7**Chronic Kidney Disease, 457**

Introduction, 457

Age-Related Sclerosis, 459

Glomerular Versus Tubulointerstitial Versus Vascular Disease, 460

Segmental Glomerulosclerosis: Primary Versus Secondary, 461

CHAPTER 8**Renal Transplantation, 463**

Introduction, 463

Evaluation of Donor Kidneys, 466

Antibody-Mediated Rejection, 467

Chronic Active Antibody-Mediated Rejection and Transplant Glomerulopathy, 469

Acute T Cell–Mediated Rejection, 471

Borderline Changes: "Suspicious for Acute Rejection," 471

Banff Type I Acute Rejection, 472

Banff Type II Acute Rejection, 473

Banff Type III Acute Rejection, 473

Chronic Active T–Cell Mediated Rejection, 476

Interstitial Fibrosis and Tubular Atrophy (Chronic Allograft Failure, Chronic Allograft Nephropathy), 476

Cyclosporin/Tacrolimus Nephrotoxicity, 478

Sirolimus (Rapamycin) Nephrotoxicity, 481

Posttransplant Lymphoproliferative Disease, 481

Viral Infections, 483

Recurrent Renal Disease, 488

CHAPTER 9**Cystic Diseases of the Kidney, 491**

Introduction, 491

Autosomal Dominant Polycystic Kidney Disease, 491

Autosomal Recessive Polycystic Kidney Disease, 497

Medullary Cystic Diseases, 500

Medullary Sponge Kidney, 504

Acquired Cystic Disease, 504

Cystic Renal Dysplasia, 506

CHAPTER 10**Renal Neoplasia, 511**

Introduction, 511

Renal Neoplasms, 511

Benign Epithelial Neoplasms, 511

Renal Cell Carcinomas, 512

Nephroblastoma (Wilms Tumor), 525

Renal Angiomyolipoma, 528

Urothelial (Transitional Cell) Carcinoma of the Renal Pelvis, 529

INDEX, 531
