Chapter 1. Emergence of Interest in and Theories of Consumer Behavior	3
Three Eras of Consumption	3
Adversary Relationships: Conflict and Cooperation	11
Explanations and Descriptions of Behavior	12
Current Consumer Behavior Models	14
Chapter 2. Consumer Nature	20
Consumers as Resource Utilizers	20
Genetic and Environmental Influences on People	21
Patterns of Individual Development	24
Chapter 3. An Adaptation Model of Consumer Behavior	36
Adaptation: The Basis for Consumer Behavior	36
Life Instinct and Basic Needs	39
Activity Support: Secondary Needs	41
Consequences of Adaptive Behavior	43
Survival and Nonsurvival Adaptation	49
Sexual Needs and Motives	50
Behavior and Experience	50
Concepts Incident to an Adaptation Model	51
Activity Support and "Substance" Delivery Systems	55
Adaptation of Support Systems for Survival	61

Chapter 4. The Resource Environment: Material Resources	63
Consuming Is Derived from the Environment	63
Subsystems of the Consumer Environment	66
Chapter 5. The Social and Cultural Environment: The Environment for Processing and Delivering Consumables	86
Populations	86
Culture	94
PART II THE ENVIRONMENT-CONSUMER INTERACTION AND MOTIVATION	117
Chapter 6. Environmental Encounters: Contingencies, Threats, and Barriers	119
Contingencies	120
Barriers and Threats	125
Chapter 7. Part 1. Needs and Motives	140
Needs and Motives	140
Motivation	145
Theoretical Background: Essential Motives	149
Chapter 7. Part 2. Needs and Motives: Derived Motives	158
Derived or Learned Motives	158
Sexual Motivation	169
PART III. PERCEPTION: INFORMATION NEED AND ACQUISITION	173
Chapter 8. Information Need and the Process of Perceiving	175
Information Need and Motive	175
Perceiving as Activity	181
The Process of Perceiving	183
Chapter 9. Information and the Problem of Reality	193
Perception and Reality	193
Reality and Information	198
The Construction of Reality	204
Summary	209
Chapter 10. The Perception of Communication	211
Special Problems in the Perception of Communication	211

Perception and Persuasion	226
Theories of Perception: Differentiation and Construction	237
PART IV. THE DERIVATION OF MEANING AND VALUE	247
Chapter 11. Concepts and Attitudes	249
Meaning	249
Concepts	250
Attitudes	256
Concept Research and Positioning	260
Chapter 12. Preference	268
Preferences and Outcomes	269
Substance Preference	271
Stimulus Characteristics	278
Chapter 13. Personality and Life-Style	282
Personality	283
Habits, Routines, and Traits	287
Values and Life-Style	294
PART V. PRODUCT DOMAINS AND PRODUCT APPEALS	301
Chapter 14. Symbols of Membership and Status	303
Symbols of Membership	304
Symbolizing Ego Identity and Individuality	307
Products as Symbols	311
Symbols Used to Identify and Characterize Products	319
Chapter 15. Substances: Foods, Beverages, Drugs	323
The Nature of Substances and Substance Needs	323
Food Consumption	327
Fluids and Beverages	334
Tobacco and Alcohol	337
Products for the Relief of Pain and Stress	343
Chapter 16. Recreational and Cultural Activities	354
Experiencing as Need	354
Anxiety Motivation and Displacement Behavior	362
Other Theories of Leisure-Time Needs	364
Experiences and Activities That Defend Against Boredom and Anxiety	366
Hedonic Arousal: Sex-Related Experiencing	376

Chapter 17. Tools for Adapting	378
The Nature of Tools	378
Automobiles	384
Homes: Houses and Apartments	394
Consumer Options and Choice	403
Chapter 18. Social Tools: Help	408
Health Services	409
Repair and Maintenance Services	415
Beauty Services	419
PART VI. PROBLEM SOLVING	423
Chapter 19. Problem Solving, Deciding, and Planning	425
Problem Solving	425
Acquiring Information	432
Comparisons, Decisions, and Plans	436
References	443
Author Index	461
Subject Index	467
