PREFACE XIX

ACKNOWLEDGMENTS XXII

PART I: DOING ENVIRONMENTAL ETHICS 1

1 WHAT IS ENVIRONMENTAL ETHICS? 2

1.1 What Are Environmental Issues? 6

1.2 Why Environmental Ethics? 7

1.3 Three Bases for Environmental Ethics 9

1.4 The Radicalness of Environmental Ethics 11

1.5 Summary, Key Terms, Questions, and Further Reading 13

2 METHODS OF ENVIRONMENTAL ETHICS 16

2.1 Description, Explanation, Prediction, and Prescription 16

2.2 Environmental Ethics and Environmental Science 18

2.3 Justification in Ethics: The Philosophical Method
and Evaluating Arguments 26

2.4 Skepticism about Ethics 30

2.5 God and Ethics 34

2.6 Summary, Key Terms, Questions, and Further Reading 35

PART II: NATURE AND NATURALNESS 39

3 THE NORMATIVITY OF NATURE 40

3.1 What Is Nature? 40

- 3.2 Is Nature Normative? 45
 - 3.2.1 Is It Wrong to Interfere with Nature? 45
 - 3.2.2 Should We Follow Nature? 49
 - 3.2.3 Is a Behavior Wrong if It Is Unnatural? 53
- 3.3 Evolution and Prescription 60
- 3.4 Summary, Key Terms, Questions, and Further Reading 63

4 NATURAL VALUE 66

- 4.1 Instrumental Value 67
- 4.2 Final Value (or Intrinsic Value) 69
- 4.3 Economic Valuation and Environmental Values 74
- 4.4 Is Naturalness Valuable? 77
- 4.5 Summary, Key Terms, Questions, and Further Reading 85

PART III: MORAL CONSIDERABILITY: WHICH INDIVIDUALS MATTER? 89

5 ANTHROPOCENTRISM, RATIOCENTRISM, AND INDIRECT DUTIES 90

- 5.1 Moral Status Terminology 95
- 5.2 Arguments for Anthropocentrism 96
- 5.3 Ratiocentrism 100
- 5.4 Actual Preference Anthropocentrism 106
- 5.5 Technological Optimism 107
- 5.6 Indirect Duties Views 109
- 5.7 Summary, Key Terms, Questions, and Further Reading 112

6 ENLIGHTENED ANTHROPOCENTRISM: EFFICIENCY, SUSTAINABILITY, AND FUTURE GENERATIONS 116

- 6.1 The Elements of Unwise Resource Use 117
 - 6.1.1 Inefficient Use 118
 - 6.1.2 Underutilization 118
 - 6.1.3 Short-Term Use 119
 - 6.1.4 Exclusive Use 122
 - 6.1.5 Narrow Use 123
- 6.2 Ideal Preference Anthropocentrism 124
- 6.3 The Problem of Future Generations 127
- 6.4 Summary, Key Terms, Questions, and Further Reading 134

7 NONANTHROPOCENTRIC INDIVIDUALISM: THE MORAL CONSIDERABILITY OF PLANTS AND ANIMALS 138

- 7.1 Arguments for Sentientism 140
- 7.2 Responses to the Arguments for Sentientism 144

- 7.3 Do Plants Have Interests? 148
- 7.4 Should We Care about the Interests of Plants? 155
- 7.5 Pluralism 159
- 7.6 Summary, Key Terms, Questions, and Further Reading 163

PART IV: NORMATIVE THEORIES: HOW DO THINGS MATTER? 167

8 CONSEQUENTIALIST ENVIRONMENTAL ETHICS: ANIMAL WELFARE AND UTILITARIANISM 168

- 8.1 Distinguishing Normative Theories 169
- 8.2 Utilitarianism 174
- 8.3 Identifying and Weighing Interests 177
- 8.4 Secondary Principles and Indirect Consequentialism 188
- 8.5 *Concerns about Utilitarian Environmental Ethics* 190
- 8.6 Summary, Key Terms, Questions, and Further Reading 194

9 DEONTOLOGICAL ENVIRONMENTAL ETHICS: RESPECT FOR NATURE, ANIMAL RIGHTS, AND ENVIRONMENTAL RIGHTS 198

- 9.1 The Motivations for Deontology 199
- 9.2 Respect for Nature 203
- 9.3 Animal Rights 206
- 9.4 Human Rights and the Environment 209
- 9.5 *Concerns about Deontological Environmental Ethics* 217
- 9.6 *Summary, Key Terms, Questions, and Further Reading* 219

10 CHARACTER ETHICS: VIRTUE, VICE, AND THE ENVIRONMENT 222

- 10.1 What Are Environmental Virtues and Vices? 224
- 10.2 Character and Environmental Ethics 226
- 10.3 Environmental Virtue Ethics 229
- 10.4 *Concerns Regarding Environmental Virtue Ethics* 233
- 10.5 *Evaluating Ethical Theories* 234
- 10.6 Summary, Key Terms, Questions, and Further Reading 237

PART V: HOLISTIC ENVIRONMENTAL ETHICS 241

11 ECOCENTRISM 242

- 11.1 The Argument for the Land Ethic 243
- 11.2 Implications of the Land Ethic 252
- 11.3 Moral Development and Outdoor Recreation 257
- 11.4 *Concerns Regarding Ecocentrism* 261

- 11.4.1 Problematic Implications: Ecofascism and Misanthropy 261
- 11.4.2 Conceptual Clarity: Defining Ecosystems and Ecological Integrity 262
- 11.4.3 Misapplication of Moral Concepts 265
- 11.5 Summary, Key Terms, Questions, and Further Reading 269

12 DEEP ECOLOGY 272

- 12.1 Principles of Deep Ecology 272
- 12.2 Metaphysical Holism and Self-Realization 279
- 12.3 The “Deep” in Deep Ecology 283
- 12.4 Concerns Regarding Deep Ecology 286
- 12.5 Spiritual Experience and Environmental Ethics 289
- 12.6 Summary, Key Terms, Questions, and Further Reading 290

13 SPECIES AND BIODIVERSITY 294

- 13.1 What Are Species and Biodiversity? 296
- 13.2 The Instrumental Value of Species and Biodiversity 299
- 13.3 The Final Value of Species 304
 - 13.3.1 The Natural Historical Value of Species 306
 - 13.3.2 Do Species Have Inherent Worth? 309
- 13.4 Is There a Duty to Preserve Species? 314
- 13.5 Climate Change and the Conservation Dilemma 316
- 13.6 Novel Species Conservation Strategies 319
- 13.7 Intervention or Restraint? 322
- 13.8 Summary, Key Terms, Questions, and Further Reading 325

PART VI: SOCIAL JUSTICE AND THE ENVIRONMENT 329

14 ECOFEMINISM AND ENVIRONMENTAL PRAGMATISM 330

- 14.1 Ecofeminism: Background and Context 331
- 14.2 The Logic of Domination and the Ethics of Care 333
- 14.3 The Importance of Diverse Perspectives 335
- 14.4 The Motivation for Pragmatism 343
- 14.5 Themes of Environmental Pragmatism 345
- 14.6 Practical Efficacy in Environmental Ethics 348
- 14.7 Summary, Key Terms, Questions, and Further Reading 351

15 ENVIRONMENTAL JUSTICE 354

- 15.1 Unequal Exposure and Environmental Injustice 354
- 15.2 Environmental Justice and Cost-Benefit Analysis 363
- 15.3 Addressing Environmental Injustice 365

- 15.4 The Ethical Dimensions of Consumption 374
- 15.5 Summary, Key Terms, Questions, and Further Reading 379

16 GLOBAL JUSTICE: POPULATION, POVERTY, AND THE ENVIRONMENT 384

- 16.1 The Extent and Sources of Malnutrition 385
- 16.2 The Lifeboat Ethic 387
- 16.3 Feeding People and Saving Nature 390
- 16.4 An Obligation to Assist? 395
- 16.5 How Much to Assist? 400
- 16.6 Summary, Key Terms, Questions, and Further Reading 406

PART VII: FINAL THOUGHTS 409

17 THE ANTHROPOCENE AND ENVIRONMENTAL ETHICS 410

- 17.1 Are We in the Anthropocene? 413
- 17.2 Why This Definition and This Name? 413
- 17.3 Environmental Ethics with or without the “Anthropocene” 416
- 17.4 Conclusion, Key Terms, Questions, and Further Reading 418
