Glossary	xi
1 Introduction.....	1
1.1 Introduction	1
1.2 Who is this book for?	3
1.3 Minimum requirements.....	4
1.4 Some digital preservation myths	5
1.5 The current situation.....	6
1.6 A very brief history of digital preservation	9
1.7 A note on terminology	12
1.8 Getting the most from this book.....	17
1.9 Notes.....	17
2 Making the case for digital preservation	19
2.1 Introduction.....	19
2.2 Understanding the drivers	19
2.3 Developing a policy.....	24
2.4 Developing a digital asset register	36
2.5 Developing a business case	39
2.6 Next steps	45
2.7 Key points.....	45
2.8 Notes.....	46
3 Understanding your requirements	47
3.1 Introduction.....	47
3.2 Identifying stakeholders	47
3.3 Talking to stakeholders.....	50
3.4 Modelling your processes	50
3.5 Learning from other people's requirements	53
3.6 Documenting your requirements.....	54

3.7	How to use your requirements	60
3.8	Conclusion.....	61
3.9	Key points.....	61
3.10	Notes.....	61
4	Models for implementing a digital preservation service	63
4.1	Introduction.....	63
4.2	Options.....	63
4.3	The current market.....	71
4.4	Approaches to procurement	77
4.5	Implementation.....	78
4.6	Operating a digital repository.....	79
4.7	Trusted digital repositories.....	82
4.8	A digital preservation maturity model.....	86
4.9	Case studies	91
4.10	Key points	106
4.11	Notes	106
5	Selecting and acquiring digital objects	109
5.1	Introduction	109
5.2	The selection and transfer process.....	110
5.3	Starting points for selection and transfer	111
5.4	Approaches to selection	113
5.5	Legal considerations for selection	114
5.6	Technical considerations for selection	117
5.7	Standards and methods for transfer	118
5.8	Transfer agreements.....	124
5.9	Preparing for transfer.....	125
5.10	Completing the transfer process.....	126
5.11	Conclusion.....	126
5.12	Key points	126
5.13	Notes.....	127
6	Accessioning and ingesting digital objects	129
6.1	Introduction	129
6.2	Defining an accession process.....	130
6.3	Creating or acquiring a Submission Information Package.....	131
6.4	Quarantine	133
6.5	Characterization	136
6.6	Validating the SIP	139
6.7	Enhancing SIP metadata.....	140

6.8	Ingest: generating an AIP	141
6.9	Normalization and other transformations	142
6.10	Automating accession	142
6.11	First aid for digital accessions.....	143
6.12	Case studies	147
6.13	Key points	153
6.14	Notes.....	153
7	Describing digital objects	155
7.1	Introduction	155
7.2	The role of metadata.....	156
7.3	Metadata standards	157
7.4	Deciding on metadata standards	173
7.5	Sources of metadata.....	176
7.6	Storing and managing metadata.....	178
7.7	Associating metadata and data	181
7.8	Interoperability.....	182
7.9	Case studies	183
7.10	Key points	189
7.11	Notes.....	189
8	Preserving digital objects	193
8.1	Introduction	193
8.2	The goals of preservation	193
8.3	The nature of digital information.....	195
8.4	The challenge: threats to preservation	202
8.5	Preservation strategies	208
8.6	Managing change: the concept of multiple manifestations.....	214
8.7	Bitstream preservation.....	218
8.8	Logical preservation.....	228
8.9	Conclusion: preservation in practice.....	238
8.10	Key points	140
8.11	Notes.....	241
9	Providing access to users	243
9.1	Introduction	243
9.2	What do we mean by access?.....	243
9.3	Finding digital objects	244
9.4	Options for access: technical considerations	248
9.5	Options for access: conditions of access	250
9.6	Options for access: online versus on-site access	254

VIII PRACTICAL DIGITAL PRESERVATION

9.7 Understanding user expectations255

9.8 Access and reuse.....257

9.9 Access systems in practice258

9.10 Designing a front end.....260

9.11 Citing digital records: persistent identifiers262

9.12 Case studies264

9.13 Key points271

9.14 Notes271

10 Future trends273

10.1 Introduction273

10.2 Preservation tools and services.....273

10.3 Preservation-as-a-Service.....275

10.4 Representation information registries.....277

10.5 Storage.....282

10.6 Training and professional bodies284

10.7 Certification schemes.....285

10.8 New paradigms285

10.9 Current and future research.....287

10.10 Digital preservation in the developing world.....288

10.11 Moving to the mainstream.....289

10.12 Conclusion.....291

10.13 Notes291

Appendices293

1 Creating a digital asset register.....293

2 Digital preservation maturity model.....299

3 Systems, tools and services303
