## PART I Introduction to Motor Development

---

### **1 Fundamental Concepts 3**

Defining Motor Development 4

Constraints: A Model for Studying Motor Development 6

How Do We Know It Is Change? 10

A Developmental Paradox: Universality Versus Variability 14

Summary and Synthesis 15

### **2 Theoretical Perspectives in Motor Development 19**

Maturation Perspective 20

Information Processing Perspective 23

Ecological Perspective 24

Summary and Synthesis 29

### **3 Principles of Motion and Stability 33**

Understanding the Principles of Motion and Stability 35

Using the Principles of Motion and Stability to Detect  
and Correct Errors 44

Summary and Synthesis 45

## PART II Physical Growth and Aging

---

### **4 Physical Growth, Maturation, and Aging 51**

Prenatal Development 53

Postnatal Development 58

Summary and Synthesis 74

### **5 Development and Aging of Body Systems 77**

Development of the Skeletal System 78

Development of the Muscular System 82

Development of the Adipose System 86

Development of the Endocrine System 88

Development of the Nervous System 90

Summary and Synthesis 95

**PART III Development of Motor Skills  
Across the Life Span**

.....

<b>6</b>	<b>Early Motor Development</b>	<b>101</b>
	How Do Infants Move? 103	
	Why Do Infants Move? The Purpose of Reflexes 110	
	Motor Milestones: The Pathway to Voluntary Movements 111	
	Development of Postural Control and Balance in Infancy 118	
	Summary and Synthesis 119	
<b>7</b>	<b>Development of Human Locomotion</b>	<b>123</b>
	The First Voluntary Locomotor Efforts: Creeping and Crawling 125	
	Walking Across the Life Span 126	
	Running Across the Life Span 132	
	Other Locomotor Skills 136	
	Summary and Synthesis 154	
<b>8</b>	<b>Development of Ballistic Skills</b>	<b>157</b>
	Overarm Throwing 158	
	Kicking 170	
	Punting 172	
	Sidearm Striking 174	
	Overarm Striking 178	
	Summary and Synthesis 182	
<b>9</b>	<b>Development of Manipulative Skills</b>	<b>185</b>
	Grasping and Reaching 186	
	Catching 194	
	Anticipation 198	
	Summary and Synthesis 203	

**PART IV Perceptual-Motor Development**

.....

<b>10</b>	<b>Sensory-Perceptual Development</b>	<b>209</b>
	Visual Development 211	
	Kinesthetic Development 218	
	Auditory Development 224	
	Intermodal Perception 229	
	Summary and Synthesis 232	
<b>11</b>	<b>Perception and Action in Development</b>	<b>235</b>
	The Role of Action in Perception 236	
	Postural Control and Balance 246	
	Summary and Synthesis 249	

<b>..... PART V Functional Constraints to Motor Development .....</b>	
<b>12</b>	<b>Social and Cultural Constraints in Motor Development 255</b>
	Social and Cultural Influences as Environmental Constraints 257
	Other Sociocultural Constraints: Race, Ethnicity, and Socioeconomic Status 270
	Summary and Synthesis 271
<b>13</b>	<b>Psychosocial Constraints in Motor Development 273</b>
	Self-Esteem 275
	Motivation 280
	Summary and Synthesis 285
<b>14</b>	<b>Knowledge as a Functional Constraint in Motor Development 289</b>
	Knowledge Bases 290
	Memory 295
	Speed of Cognitive Functions 297
	Summary and Synthesis 301
<b>..... PART VI Interaction of Exercise Task and Structural Constraints .....</b>	
<b>15</b>	<b>Development of Cardiorespiratory Endurance 305</b>
	Physiological Responses to Short-Term Exercise 307
	Physiological Responses to Prolonged Exercise 309
	Summary and Synthesis 323
<b>16</b>	<b>Development of Strength and Flexibility 325</b>
	Development of Strength 326
	Development of Flexibility 338
	Summary and Synthesis 343
<b>17</b>	<b>Development of Body Composition 345</b>
	Body Composition and Exercise in Children and Youths 347
	Body Composition and Exercise in Adults 353
	Obesity 355
	Summary and Synthesis 358
<b>18</b>	<b>Conclusion: Interactions Among Constraints 361</b>
	Using Constraints to Enhance Learning in Physical Activity Settings 363
	Interacting Constraints: Case Studies 374
	Summary and Synthesis 376
	Appendix: Skinfold, Body Mass Index, and Head Circumference Charts 379
	References 385
	Index 415
	About the Authors 427
