Introduction.....	1
I The Winner-Loser Effect.....	7
1 Literature	9
1.1 Methodology	9
1.2 Market Efficiency.....	10
1.3 The Winner-Loser Effect: Explanations.....	11
1.4 A More Detailed Look at the Literature	16
1.5 Summary	22
2 Empirical Evidence for Germany	23
2.1 The Winner-Loser Hypothesis and the Dataset	23
2.1.1 Hypothesis.....	23
2.1.2 Dataset.....	25
2.2 The Standard Approach.....	29
2.2.1 Evidence for the Pooled Sample	30
2.2.2 Test Methodology	35
2.2.3 Evidence on a Yearly Basis.....	39
2.2.4 Survivorship Bias	40
2.3 Transition Matrix.....	41
2.4 Summary	45

II	Explaining the Winner-Loser Effect: CAPM versus Fundamentals	47
3	Explaining the Winner-Loser Effect: Theory	49
3.1	Rational Asset Pricing	50
3.2	Unexpected Changes in Fundamentals and Unexpected Returns.....	55
3.3	Fundamentals and Rational Asset Pricing	58
3.3.1	Preliminary Remark	59
3.3.2	A Two-Period Framework	60
3.3.3	Expected Excess Returns during the Test Period	63
3.3.4	Excess Returns during the Formation Period	66
3.3.5	Intertemporal Dependence	69
3.3.6	Final Remark and Summary.....	71
3.4	Summary	72
4	The CAPM and the Winner-Loser Effect.....	75
4.1	Explaining the Winner-Loser Effect	76
4.1.1	Hypotheses.....	77
4.1.2	Estimation Results.....	78
4.1.3	Discussion	82
4.2	Expectation Building.....	84
4.2.1	Theory	84
4.2.2	Hypothesis and Empirical Results.....	86
4.2.3	Discussion	88
4.3	Summary	90
5	Fundamentals and the Winner-Loser Effect	93
5.1	Movements in Fundamentals.....	94
5.1.1	Dividends	96
5.1.2	Profits.....	98
5.1.3	Profit Components	101
5.1.4	Summary	106
5.2	Differences between the Winner and the Loser Portfolio - A Binary Choice Approach.....	107
5.2.1	Econometric Methodology.....	108
5.2.2	Estimation Results.....	109
5.2.3	Summary	116
5.3	Movements in Fundamentals and Changes in the Exposure to Systematic Risk	116

5.3.1 Hypothesis.....	117
5.3.2 Results.....	118
5.3.3 Discussion.....	121
5.3.4 Summary.....	123
5.4 Summary.....	123
6 Fundamentals versus Beta - What Drives Stock Returns?	125
6.1 Fundamentals versus Beta: A Horse Race.....	126
6.1.1 Hypotheses.....	126
6.1.2 Estimation Results.....	129
6.1.3 Summary.....	136
6.2 Time Horizon and Portfolio Effects, Nonlinearities.....	137
6.2.1 Hypotheses.....	137
6.2.2 Estimation Results.....	139
6.2.3 Discussion.....	145
6.3 Summary and Outlook.....	149
III Explaining Cycles in Fundamentals	153
7 Reversals in Stock Returns and Temporary Problems of Corporate Control.....	155
7.1 Problems of Corporate Control: Hypotheses.....	155
7.2 Estimation Results.....	160
7.3 Discussion.....	166
7.4 Summary.....	167
Conclusion.....	175
References.....	183
Author Index.....	191
