Strategy and Organization in Supply Chains – New Frontiers for Research .....	1
<i>Stefan Seuring, Martin Müller</i>	

## Part 1 – Supply Chain Organization

The Use of Information Technologies in Supply Chains – A Transaction Cost Analysis.....	17
<i>Martin Müller</i>	

Interorganizational Theories Behind Supply Chain Management – Discussion and Applications .....	31
<i>Árni Halldórsson, Tage Skjøtt-Larsen, Herbert Kotzab</i>	

Coordinating Interaction in Supply Chains – The Example of Greening Textile Chains.....	47
<i>Maria Goldbach</i>	

Power and Incentives in Environmental Supply Chain Management .....	65
<i>Beatrice Kogg</i>	

“Symbols” and “Substances” – An Interpretive Supply Chain Management Perspective .....	83
<i>Uwe Schneidewind</i>	

A Configurational Approach to Supply Chain Governance .....	99
<i>Sascha Albers, Martin Gehring, Caroline Heuermann</i>	

Organizational Architecture in Supply Chains..... 115  
*Maria Rita Pontes Assumpção*

Success Factors for Collaborative Planning..... 131  
*Anna Windischer, Gudela Grote*

## **Part 2 – Supply Chain Strategy**

Increasing Competitiveness in the Grocery Industry –  
Success Factors in Supply Chain Partnering..... 149  
*Christoph Teller, Herbert Kotzab*

Competencies in Supply Chain Management –  
The Contribution of the Resource-Based View of the Firm..... 165  
*Klaus Felix Heusler*

Strategic Supply Chain Management –  
From Focused Factories to Focused Supply Chains ..... 181  
*Stefan Seuring*

Order Winners, Order Qualifiers and Supply Chain Strategies – A Comparison 197  
*Patrik Appelqvist*

Applying the Theory of Constraints in Analysing Bottlenecks in an  
Agri-Food Supply Chain..... 211  
*Sergio Luiz Lessa de Gusmão*

Supply Chains as Strategic Alliances –  
A Route Map for Cooperation Management..... 225  
*Andreas Aulinger*

## **Part 3 – Instruments and Applications**

Upstream and Downstream Knowledge in the Supply Chain – An Empirical  
Investigation of Impact upon Performance ..... 241  
*Adrian Done, Mark Frohlich*

Critical Factors of Collaborative Software Development in Supply Chain Management..... 257  
*Mojgan Mohtashami, Fadi P. Deek, Il Im*

Web Technologies in Supply Chains ..... 273  
*Dennis Drews, Marcelo Wesseler*

Using the Balanced Scorecard for Supply Chain Management – Prerequisites, Integration Issues, and Performance Measures..... 289  
*Ingmar Ackermann*

A Model for the Support and Evaluation of Strategic Supply Chain Design..... 305  
*Gerald Reiner, Reinhold Schodl*

Risk Management in Supply Chains ..... 321  
*Peter Kajüter*

International Supply Chain Management – The Strategic Options of Transport Operators ..... 337  
*Lars Stemmler*

Recycling-Oriented Information Management in Closed Loop Supply Chains in the Electrical and Electronic Equipment Industry..... 353  
*Thomas Spengler, Wiebke Stölting*

Organizing a Closed Loop Supply Chain for Used Textiles – The ECOLOG Case Study ..... 369  
*Romy Morana, Stefan Seuring*
