CONTENTS

List of Tablesx1. Mikindani and the Swahili Coast1Mikindani, a Town on the Southern Tanzanian Coast1The East African Swahili Coast1Geographical and Cultural Background1History of Archaeological and Historical1
Mikindani, a Town on the Southern Tanzanian Coast1The East African Swahili Coast1Geographical and Cultural Background1History of Archaeological and Historical
The East African Swahili Coast1Geographical and Cultural Background1History of Archaeological and Historical1
Research3Regional Differentiation along the Swahili Coast5Research Questions and Broader Themes7Mikindani and Swahili Networks8Organization of Work8
2. Understanding the Mikindani Region 9
Mikindani's Geographic Context9Mikindani's Historical Context10Historical Records of Mikindani10Archaeological Work around Mikindani Bay11Persistent Questions12
3. Archaeological Methodologies of the Project 14
Defining a Study Region14Phase I: Excavations at Mikindani15Phase II: Archaeological Survey15Phase III: Selective Excavations at Recovered Sites19Excavations from Phase I and Phase III20Phase I20Phase III31
4. Environment and the Historical Ecology of Mikindani 49
Regional Environmental Overview49Climate and the Indian Ocean Monsoon49Geology and Soil Chemistry50Vegetation and Local Fauna51Correlations with Microenvironments52Human Interaction with the Mikindani Environment53Historical Evidence for the Indian Ocean53Archaeobotanical Evidence53Faunal Evidence59Human Impact on Soil Chemistry62Overview of Mikindani's Historical Ecology67Implications of Grain Macrobotanicals67Implications of Faunal Remains68Implications of Phytolith and Soil Chemistry62
Results69Orientations to the Environment69

5. Local Ceramics from the Mikindani Region	71
Methodology of Ceramic Analysis	72
Results of Quantitative Analysis	74
Overview of the Assemblages	74
Results Sorted by Site	74
Results Sorted by Period	79
Local Ceramic Typology	85
First Millennium Types	85
Early Second Millennium Types	86
Late Second Millennium Types	87
Discussion of Typology	87
Connections to Other Eastern African Assemblages	88
Comparisons Based on Attributes	88
Comparisons Based on Types	91
Results Sorted by Microenvironment	92
Refined Ceramic Periodisation of Mikindani Region	94
Implications of the Typology and Ceramic Analyses	96
6. Imported Goods and Interregional Trade at	
Mikindani	98
Imported Goods Commonly Found on the Swahili	
Coast	98
Ceramics	98
Beads	100
Glass Vessels	102
Other Common Imports	102
Imported Goods Found in the Mikindani Region	102
Ceramics	102
Beads	104
Glass Artefacts	105
Other Artefacts	105
Comparison of the Mikindani Region with Other	
Coastal Regions	106
Implications of Mikindani Region Imports	107
Nature of Interregional Trade	107
Relationship with Kilwa	108
Connection with the Middle East	109
7. Production Activities and Small Finds	111
Iron Artefacts and Iron Production	111
Iron Artefacts	111
Slag	111
Tuyeres	112
Implications	112
Other Artefacts from Production Activities	113
Spindle Whorls	113
Pottery-Making Artefacts	114
Bead-Making Artefacts	115
Building Material	115
Coral	115
Daub	116
Features	117
Stone and Bone Artefacts	118
Flaked Tools	118
Bone Tools	118

Grindstones	119
Net Weights	119
8. Spatial Analysis of the Mikindani Region	120
Results of the Survey	120
Survey Results by Time Period	121
Survey Results by Microenvironment	123
Characterising Settlement in the Mikindani Region	124
Survey Unit STP Data	124
Revised Predictions	134
Information Gleaned from Excavations	134
Overview of Settlement Characterisation	135
Locational Models and Settlement Patterns in the	
Mikindani Region	137
Site Distribution in the Mikindani Region	137
Rank-Size Rule	138
Site Catchment Analysis	141
Landscape Archaeology and Cultural Significance of	
Space	142
Functional Analysis of Shifting Settlement Patterns	
in the Mikindani Region	143
	115
9. Conclusion: Mikindani in the Swahili World	145
Occupation Periods: Building an Archaeological	
Narrative for the Milkindani Region	145
Narrative for the Mikindani Region Period One (at least 200 BCE-300 CE)	145 145
Period One (at least 200 BCE-300 CE)	145
Period One (at least 200 BCE-300 CE) Period Two (ca. 300-550 CE)	145 145
Period One (at least 200 BCE-300 CE) Period Two (ca. 300-550 CE) Period Three (550-900 CE)	145 145 147
Period One (at least 200 BCE-300 CE) Period Two (ca. 300-550 CE) Period Three (550-900 CE) Period Four (900-1100 CE)	145 145 147 147
Period One (at least 200 BCE-300 CE) Period Two (ca. 300-550 CE) Period Three (550-900 CE) Period Four (900-1100 CE) Period Five (1100-1500 CE)	145 145 147 147 149
Period One (at least 200 BCE-300 CE) Period Two (ca. 300-550 CE) Period Three (550-900 CE) Period Four (900-1100 CE) Period Five (1100-1500 CE) Period Six (1500-1800 CE)	145 145 147 147 149 149
Period One (at least 200 BCE-300 CE) Period Two (ca. 300-550 CE) Period Three (550-900 CE) Period Four (900-1100 CE) Period Five (1100-1500 CE) Period Six (1500-1800 CE) Period Seven (1800-present)	145 145 147 147 149
Period One (at least 200 BCE-300 CE) Period Two (ca. 300-550 CE) Period Three (550-900 CE) Period Four (900-1100 CE) Period Five (1100-1500 CE) Period Six (1500-1800 CE) Period Seven (1800-present) Deviations and Continuities: The Mikindani Region	145 145 147 147 149 149 151
Period One (at least 200 BCE-300 CE) Period Two (ca. 300-550 CE) Period Three (550-900 CE) Period Four (900-1100 CE) Period Five (1100-1500 CE) Period Six (1500-1800 CE) Period Seven (1800-present) Deviations and Continuities: The Mikindani Region and Swahili Meta-Narratives	145 145 147 147 149 149 151 152
Period One (at least 200 BCE-300 CE) Period Two (ca. 300-550 CE) Period Three (550-900 CE) Period Four (900-1100 CE) Period Five (1100-1500 CE) Period Six (1500-1800 CE) Period Seven (1800-present) Deviations and Continuities: The Mikindani Region and Swahili Meta-Narratives Summary	145 145 147 147 149 149 151
Period One (at least 200 BCE-300 CE) Period Two (ca. 300-550 CE) Period Three (550-900 CE) Period Four (900-1100 CE) Period Five (1100-1500 CE) Period Six (1500-1800 CE) Period Seven (1800-present) Deviations and Continuities: The Mikindani Region and Swahili Meta-Narratives	145 145 147 147 149 149 151 152 153
Period One (at least 200 BCE-300 CE) Period Two (ca. 300-550 CE) Period Three (550-900 CE) Period Four (900-1100 CE) Period Five (1100-1500 CE) Period Six (1500-1800 CE) Period Seven (1800-present) Deviations and Continuities: The Mikindani Region and Swahili Meta-Narratives Summary Lessons for the Functioning of the Swahili Coast Networks	145 145 147 147 149 149 151 152
