List of Maps.....	vi
List of Figures.....	ix
List of Photographs.....	ix
List of Lead Isotope Plots.....	xi
ACKNOWLEDGEMENTS.....	xi
CHAPTER I. INTRODUCTION.....	1
CHAPTER II. METHODOLOGY.....	8
II.1. MINING-METALLURGICAL SURVEYS.....	8
II.1.1. Documentation.....	8
II.1.1.1. Geological and Metallogenetic Maps.....	8
II.1.1.2. Topographical Plans: Symbols and Toponymy.....	9
II.1.1.3. Written Sources.....	10
II.1.1.4. Unwritten Sources.....	10
II.1.2. Location of Mines.....	10
II.1.3. Study of the Mining Works.....	12
II.2. ANALYTICAL METHODS.....	12
II.2.1. Methods for Determining Elemental Composition.....	14
II.2.1.1. Atomic Absorption (AA).....	14
II.2.1.2. X-Ray Fluorescence (XRF).....	14
II.2.1.3. Electron Microprobe Analysis (EMA).....	15
II.2.1.4. Scanning Electron Microscope (SEM).....	15
II.2.1.5. Proton Induced X-Ray Emission (PIXE).....	15
II.2.2. Methods for Determining Phases and Microstructures.....	16
II.2.2.1. X-Ray Diffraction (XRD).....	16
II.2.2.2. Metallography.....	16
II.2.2.2.1. Sample preparation.....	17
II.2.2.2.2. The Internal Structure and the Fabrication Processes.....	17
II.2.3. Lead Isotopes.....	18
II.2.3.1. Theoretical Principles.....	19
II.2.3.2. Lead Isotopes and Geology.....	20
II.2.3.3. Lead Isotopes and Archaeology.....	21
II.2.3.3.1. Theoretical Bases.....	21
II.2.3.3.2. Elemental Analyses and Archaeological Non-metallurgical Application of Lead Isotope Analysis.....	23
II.2.3.3.3. Lead Isotopes Analysis Applied to Archaeometallurgy.....	24
II.2.3.3.3.1. Extractive Metallurgy.....	24
II.2.3.3.3.2. Alloys.....	25
II.2.3.3.3.3. Recycling.....	26
II.2.3.4. Analytical Procedure.....	26
II.2.3.5. Presentation of the Lead Isotope data.....	26
CHAPTER III. GEOLOGICAL BACKGROUND AND MINERAL RESOURCES.....	27
III.1. GEOLOGICAL BACKGROUND.....	27
III.1.1. Hesperian Massif.....	27
III.1.1.1. Ossa-Morena Zone.....	27
III.1.1.2. South Portuguese Zone.....	30
III.1.2. Eastern Area.....	31
III.1.2.1. Tertiary Basin of the Guadalquivir.....	31
III.1.2.2. Sub-Betic Zone of the Alpine Domain.....	31
III.2. MINERAL RESOURCES.....	31
III.2.1. Hesperian Massif.....	31
III.2.1.1. Ossa-Morena Zone.....	32
III.2.1.1.1. Sierra Albarrana Domain.....	32

III.2.1.1.2. Zafra-Alanís Domain.....	33
III.2.1.1.3. Olivenza-Monesterio Domain.....	33
III.2.1.1.4. Elvas-Cumbres Mayores Domain.....	34
III.2.1.1.5. Barrancos-Hinojales Syncline.....	34
III.2.1.1.6. Evora-Beja-Aracena Domain.....	34
III.2.1.2. South Portuguese Zone.....	35
III.2.1.2.1. Pulo de Lobo Formation.....	35
III.2.1.2.2. Pyritic Belt.....	35
III.2.1.2.2.1. Volcanic-Sedimentary Complex.....	35
III.2.1.2.2.1.1. Rio Tinto Mineral Deposit.....	35
III.2.1.2.2.2. Phyllitic-Quartzitic Formation.....	40
III.2.1.2.3. Bajo Alentejo Flych Group.....	40
III.2.1.2.3.1. Mértola Formation.....	40
III.2.1.2.3.2. Mira Formation.....	40
III.2.1.2.3.3. Bejeira Formation.....	41
III.2.2. Eastern Area.....	41
III.2.2.1. Guadalquivir Depression.....	41
III.2.2.2. Alpine Domain.....	41
III.2.3. Synopsis of Silver Mineral Resources in the South West Iberian Pensinsula.....	41
 CHAPTER IV. ARCHAEOLOGICAL REGISTER AND ANALYSIS: BASES FOR THE ARCHAEO-METALLURGICAL INVESTIGATION.....	 44
IV.1. MINING ACTIVITY.....	44
IV.1.1. Surveyed Areas.....	44
IV.1.1.1. Sierra de Aracena-Northern Sierra de Sevilla.....	45
IV.1.1.2. Aznalcóllar-Rio Corumbel-Madroño-El Castillo de las Guardas.....	67
IV.1.1.3. Other Surveyed Mines in the South Portuguese Zone.....	108
IV.1.1.4. Sub-Betic Area.....	111
IV.1.2. Catalogue of the Mineral Deposits with Evidence of Prehistoric Exploitation in the South West Iberian Peninsula.....	111
IV.2. METALLURGICAL ACTIVITY.....	143
IV.2.1. Chalcolithic.....	143
IV.2.2. Middle Bronze Age.....	173
IV.2.3. Pre-Orientalizing Late Bronze Age.....	194
IV.2.4. Orientalizing Period.....	194
 CHAPTER V. ISOTOPIC CHARACTERISATION OF THE SOUTH WEST IBERIAN PENINSULA.....	 218
V.1. ISOTOPIC CHARACTERISATION OF THE OREBODIES OF THE SOUTH WEST IBERIAN PENINSULA.....	218
V.1.1. Levels of Internal and Regional Comparison: Mineral Deposits of the South West Iberian Peninsula.....	218
V.1.2. Level of General Comparison: Mineral Deposits of the South-Central and the South-East of the Iberian Peninsula and of the Mediterranean.....	221
V.2. ISOTOPIC STUDY OF THE ARCHAEO-METALLURGICAL SAMPLES FROM THE SOUTH WEST OF THE IBERIAN PENINSULA.....	239
V.2.1. Chalcolithic.....	239
V.2.2. Middle Bronze Age.....	242
V.2.3. Pre-Orientalizing Late Bronze Age.....	249
V.2.4. Orientalizing Period.....	250
 CHAPTER VI. MINING AND METALLURGICAL TECHNOLOGY.....	 259
VI.1. MINING TECHNOLOGY.....	259
VI.1.1. Formation of the Mineral Deposits.....	259
VI.1.2. The Non-metallurgical Use of Minerals.....	260
VI.1.3. The Technological Basis: Antecedents of Metallic Mining.....	262
VI.1.4. Non-metallic Mining in the Iberian Peninsula.....	264
VI.1.5. Metallic Mining in Europe and the Near East.....	266
VI.1.6. Metallic Mining in the Iberian Peninsula.....	272
VI.1.7. Metallic Mining in the South West of the Iberian Peninsula.....	274
VI.1.7.1. Prehistoric Ore Deposits Surveying.....	274

VI.1.7.2. Mineral Species Exploited	276
VI.1.7.3. Mining Tools.....	281
VI.1.7.3.1. Stone Hammers.....	284
VI.1.7.3.1.1. Typology of the Stone Mining Hammers in the South West Iberian Peninsula	286
VI.1.7.3.2. Stone Axes	286
VI.1.7.3.3. Metallic Mining Tools	287
VI.1.7.3.4. Other Mining Tools	287
VI.1.7.4. Typology of Mine Workings	291
VI.1.7.5. Mining Accidents.....	291
VI.2. METALLURGICAL TECHNOLOGY.....	292
VI.2.1. Chalcolithic	292
VI.2.1.1. Ore Concentration.....	292
VI.2.1.1.1. Mortars: Chronology and Typology	293
VI.2.1.1.2. Ore Concentration in the Chalcolithic	294
VI.2.1.2. Transformation and Production Activities.....	294
VI.2.1.2.1. Furnaces, <i>Vase-oven</i> and Crucibles	302
VI.2.1.2.2. Tuyeres.....	304
VI.2.1.2.3. Slags.....	306
VI.2.1.2.4. Moulds	307
VI.2.1.3. Metal objects.....	307
VI.2.1.3.1. Copper-Base Objects	308
VI.2.1.3.1.1. Arrowheads.....	311
VI.2.1.3.1.2. Javelins.....	313
VI.2.1.3.1.3. Axes.....	315
VI.2.1.3.1.4. Daggers and Knives.....	318
VI.2.1.3.1.5. Awls, Spatulas and Chisels.....	320
VI.2.1.3.1.6. Saws and Sickles.....	320
VI.2.1.3.1.7. Halberds	321
VI.2.1.3.1.8. Various.....	321
VI.2.1.3.2. Native Copper.....	323
VI.2.1.3.3. Arsenical Copper	324
VI.2.1.3.4. Iron in Copper Artefacts	324
VI.2.1.3.5. Gold Objects	327
VI.2.1.3.6. Iron in the Chalcolithic?.....	329
VI.2.2. Middle Bronze Age.....	329
VI.2.2.1. Ore Concentration.....	329
VI.2.2.2. Transformation and Production Activities	329
VI.2.2.2.1. Furnaces, <i>Vase-oven</i> and Crucibles.....	332
VI.2.2.2.2. Tuyeres.....	332
VI.2.2.2.3. Slags.....	333
VI.2.2.2.4. Moulds	333
VI.2.2.3. Metal objects.....	333
VI.2.2.3.1. Copper-Base Metal objects.....	333
VI.2.2.3.1.1. Arrowheads.....	334
VI.2.2.3.1.2. Axes	336
VI.2.2.3.1.3. Daggers, Knives and Rapiers/Swords	339
VI.2.2.3.1.4. Awls and Chisels.....	341
VI.2.2.3.1.5. Saws	341
VI.2.2.3.1.6. Halberds.....	342
VI.2.2.3.1.7. Various.....	343
VI.2.2.3.2. Gold Objects	344
VI.2.2.3.3. Iron in the Middle Bronze Age?	345
VI.2.2.3.4. Silver in the Middle Bronze Age	345
VI.2.2.3.4.1. Silver Metallurgy: General Considerations	346
VI.2.2.3.4.2. Distinction between Cupelled and Non-Cupelled Silver.....	346
VI.2.2.3.4.3. Middle Bronze Age Silver Metallurgy in South West Iberian Peninsula.....	347
VI.2.2.3.4.4. Silver Objects.....	349
VI.2.3. Pre-Orientalizing Late Bronze Age.....	349
VI.2.3.1. Ore Concentration.....	349
VI.2.3.2. Transformation and Production Activities.....	350
VI.2.3.2.1. Furnaces, <i>Vase-ovens</i> and Crucibles	351

VI.2.3.2.2. Tuyeres.....	352
VI.2.3.2.3. Slags.....	352
VI.2.3.3. Metal objects.....	353
VI.2.3.3.1. Copper-Base Objects.....	353
VI.2.3.3.2. Gold Objects.....	356
VI.2.3.3.3. Iron objects.....	356
VI.2.4. Orientalizing Period.....	356
VI.2.4.1. Copper Metallurgy.....	356
VI.2.4.1.1. Transformation and Production Activities.....	356
VI.2.4.1.2. Copper-Base Objects.....	357
VI.2.4.2. Silver Metallurgy.....	358
VI.2.4.2.1. Ore Concentration.....	358
VI.2.4.2.2. Transformation and Production Activities.....	359
VI.2.4.2.2.1. Furnaces.....	359
VI.2.4.2.2.2. Tuyeres.....	360
VI.2.4.2.2.3. Silver Slags.....	362
VI.2.4.2.2.3.1. Tapped Slags.....	362
VI.2.4.2.2.3.2. “Free Silica” Slags.....	362
VI.2.4.2.2.4. Slagged Pottery.....	366
VI.2.4.2.2.5. Colanders.....	366
VI.2.4.2.2.6. Cupels.....	368
VI.2.4.2.2.7. Litharge.....	369
VI.2.4.2.2.8. Lead Drops.....	369
VI.2.4.2.2.9. Lime.....	369
VI.2.4.2.3. Silver Objects.....	370
VI.2.4.3. Gold Objects.....	370
VI.2.4.4. Iron in the Orientalizing Period.....	370
 CHAPTER VII. EVALUATION AND DYNAMICS OF MINING AND METALLURGY DURING THE RECENT PREHISTORY IN THE SOUTH WEST IBERIAN PENINSULA.....	 372
VII.1. MINERAL RESOURCES.....	372
VII.2. ISOTOPIC CHARACTERISATION OF ORE DEPOSITS.....	373
VII.3. NEOLITHIC-CHALCOLITHIC TRANSITION.....	374
VII.4. CHALCOLITHIC MINING AND METALLURGICAL TECHNOLOGY.....	376
VII.5. MIDDLE BRONZE AGE MINING AND METALLURGICAL TECHNOLOGY.....	383
VII.6. PRE-ORIENTALIZING LATE BRONZE AGE MINING AND METALLURGICAL TECHNOLOGY.....	387
VII.7. ORIENTALIZING PERIOD MINING AND METALLURGICAL TECHNOLOGY.....	391
 CHAPTER VIII. BIBLIOGRAPHY.....	 396
