

Table of Contents/Table des matières

Preface by Gary Phillips	15
------------------------------------	----

Part/Partie 1

Developing Student Achievement Indicators *Mise au point des indicateurs de réussite scolaire*

Introduction by Aletta Grisay	21
---	----

Chapter/Chapitre 1

National Experiences Using International Student Outcome Indicators *L'utilisation des indicateurs internationaux de la réussite scolaire : l'expérience des différents pays*

Jay Moskowitz

1. International Reaction	27
2. National Utilisation	27
3. The School on Report: Flemish Education in an International Context	28
4. National Education Indicators for Switzerland	31
5. Education in States and Nations: A US "Offshoot" of <i>Education at a Glance</i>	33
6. Education Indicators: Development in Finland	37
7. Conclusion	39
Notes	40

Chapter/Chapitre 2

International Comparisons of Student Achievement: Problems and Prospects *Comparaisons internationales de la réussite scolaire : problèmes et perspectives*

Thomas Kellaghan and Aletta Grisay

1. National Assessments and International Studies	43
2. Targeted Achievement	46
3. Conditions Surrounding the Collection of Data	49
Administration, Scoring and Reporting Procedures	50
Participants' Perceptions of the Assessment Situation	51

4. Characteristics of Participants	53
Level of Data Collection and Reporting	53
Target Populations	53
Sampling	55
Participation	56
Students' Educational Experiences	56
5. Conclusion	56
References	59

Chapitre/Chapter 3
Réflexions sur quelques indicateurs inaboutis
Reflections on Some Unsuccessful Indicators
Aletta Grisay

1. Introduction	65
2. Ratio matière apprise/matière enseignée	66
Un indicateur intéressant, mais trop âgé	67
Et à l'avenir?	68
3. Variance entre écoles et entre classes des scores en mathématiques	69
Un indicateur "trop complexe"	70
Et à l'avenir?	71
4. Évolution des compétences en lecture entre 1970 et 1991	72
Un effet de mode	72
Et à l'avenir?	73
5. Handicap en lecture des élèves parlant en famille une autre langue que la langue d'enseignement	73
Et à l'avenir?	75
6. Familiarité avec l'ordinateur	76
Un indicateur victime des options nationales	76
Et à l'avenir?	78
7. Conclusion	78
Notes	79
Références	80

Chapter/Chapitre 4
**Calculation and Interpretation of Between-School and Within-School Variation
in Achievement (ρ)**
*Calcul et interprétation des variations de la réussite entre écoles et à l'intérieur
d'un même établissement (ρ)*
T. Neville Postlethwaite

1. Introduction	83
2. Types of Difference	83
Differences among Communities	83

Differences between Schools	83
Differences within Schools	84
3. Two Hypothetical Examples	84
Parental Education	84
Differences in Achievement	85
4. A Graphical Presentation	87
5. The <i>rhos</i> for the OECD Countries	88
Word of Warning	89
References	91

Part/Partie 2

Developing an Indicator of Cross-Curricular Competencies
Mise au point d'un indicateur de compétences transdisciplinaires

Introduction by Jules Peschar	95
---	----

Chapter/Chapitre 5

Cross-Curricular Competencies: Rationale and Strategy for Developing a New Indicator
Les compétences transdisciplinaires : raison d'être et stratégie de mise au point
d'un nouvel indicateur

Uri Peter Trier and Jules L. Peschar

1. Background	99
2. Policy Issues and Relevance of Cross-Curricular Competencies (CCC)	100
3. Cross-Curricular Practices in OECD Countries	101
4. Towards CCC Indicators	102
5. Aims and Purposes of the CCC Project	103
6. A Work Plan	104
The Preliminary Stage	104
Feasibility/Pilot Study	105
7. Conclusions and Further Steps	105
Notes	106
References	107

Chapter/Chapitre 6

Measuring and Comparing Democratic Values
Mesurer et comparer les valeurs démocratiques

Loek Halman

1. Values	110
2. Measuring Values	112
3. Democratic Values	114
4. Comparing Values	116

5. Conclusion	118
Notes	119
References	120

Chapter/Chapitre 7

**Personality Theories and Developmental Processes: Their Implications for Indicators
of the Quality of Schooling**

*Les théories de la personnalité et les processus dynamiques :
incidences pour les indicateurs qualitatifs de l'enseignement*

Helmut Fend

1. Overview	125
2. The Perspectives	125
Theoretical Traditions	126
Values and Virtues	126
Structural-Functional Approaches to Defining Cross-Curricular Competencies	127
The Compatibility of Institutional Demands and Personality Functioning	130
Clinical Concepts of the "Healthy" Personality in Children of School Age	133
Coping with School from a Developmental Perspective	134
Character and Competence: New Concepts of Coping	136
3. Summary: Evaluation Topics and Instruments of Measurement	137
Note	137
References	138

Chapter/Chapitre 8

Problem-Solving and Communication Skills as Part of Preparation for Real Life
*Les techniques de résolution des problèmes de communication dans la préparation
à la vie réelle*

G. Douglas Hodgkinson and Michelle Crawford

1. Focus on Outcomes	143
2. CCC Background	144
A First Step	144
Communication Skills	146
3. Idealism and Pragmatism	147
Measuring a Broad Domain	148
Real-Life Problems	150
Cost and Format	151
4. Conclusion	154
References	155

Part/Partie 3

Developing an Indicator of National Education Goals
Mise au point d'un indicateur d'objectifs nationaux de l'enseignement

Introduction by Marit Granheim 161

Chapter/Chapitre 9

Goals Orientation and Attainment in Learning Systems
Le choix des objectifs et leur réalisation dans les systèmes d'enseignement

Marit Granheim and Sten Pettersson

1. Introduction 167
2. A Frame of Reference 168
3. Outcomes Related to Different Levels or Arenas 168
 Outcomes Related to Arenas 169
 Goals 171
 Categories of Goals 172
 A Pilot Study 176
Reference 177

Chapter/Chapitre 10

The GOALS Study: Analysis and Implications
L'étude GOALS : analyse et incidences

Astrid Eggen Knutsen

1. Procedure for Data Collection 180
2. Survey of Aims and Objectives 181
3. Policy Orientations Survey 181
4. Response Reconciliation Table 181
5. Remarks Concerning Procedure, Content and the Instrument 181
 Procedural Comments 190
 Layout and Comments on the Instrument 190
 Content, Terminology and Scales 191
6. Implications for a Conceptual Framework, Data-Collection Procedure
 and Revision of the Instrument 192
 Conceptual Framework 192
 Procedure for Data Collection 193
 Revision of the Instrument 193
Note 193

Chapter/Chapitre 11

Curriculum Style as a Process Variable

Le style du programme d'études en tant que variable de processus

Kevin Piper

1. The Concept of Curriculum Style	196
2. A Typology of Curriculum Style	197
3. Characteristics of Style Types	199
Type I Styles	199
Type II Styles	200
Type III Styles	201
Mixed Styles	202
4. Curriculum Style and Education Goals	202
5. Curriculum Style and Learning Outcomes	204
6. The Measurement of Curriculum Style	205
7. Curriculum Style and the Network A Programme	208
References	209

Chapter/Chapitre 12

**Towards a Strategic Approach for Developing International Indicators
of Student Achievement**

*Vers une approche stratégique pour développer les indicateurs internationaux
de réussite scolaire**

Eugene Owen, G. Douglas Hodgkinson and Albert Tuijnman

1. Brief History and Progress of Network A	212
2. Towards a Strategic Plan	212
3. Developing a Strategy for Regular Reporting of Certain Indicators	213
4. Developing New Sources of Data	216
5. New Indicators	217
6. New Publications	218
7. Reviewing the Processes of Indicator Selection	219
8. Conclusion	219
