Preface . . . . .	VIII
Acknowledgement . . . . .	XI

## *Vitamin A*

Seifter, E.; Rettura G.; Padawer, J.; Levenson, S.M. (Bronx, N.Y.): Vitamin A and Beta-Carotene as Adjunctive Therapy to Tumor Excision, Radiation Therapy, and Chemotherapy . . . . .	1
Moon, R.C.; Mehta, R.G.; McCormick, D.L. (Chicago, Ill.): Modulation of Mammary Carcinogenesis by Retinoids . . . . .	20
Basu, T.K.; Chan, U.; Fields, A. (Edmonton, Alta.): Vitamin A (Retinol) and Epithelial Cancer in Man . . . . .	33

## *Vitamin C and Vitamin E*

Newberne, P.M.; Suphakarn, V. (Cambridge, Mass.): Influence of the Antioxidants Vitamins C and E and of Selenium on Cancer . . . . .	46
Bright-See, E. (Toronto, Ont.): Role of Vitamins C and E in the Etiology of Human Cancer . . . . .	68
Prasad, K.N.; Rama, B.N. (Denver, Colo.): Modification of the Effect of Pharmacological Agents, Ionizing Radiation and Hyperthermia on Tumor Cells by Vitamin E . . . . .	76
Patnaik, R.; Kessie, G.; Nair, P.P.; Biswal, N. (Baltimore, Md.): Vitamin E-Binding Proteins in Mammalian Cells . . . . .	105
Sadek, I. (Cairo): Vitamin E and Its Effect on Skin Papilloma . . . . .	118
Tengerdy, R.P.; Mathias, M.M.; Nockels, C.F. (Ft. Collins, Colo.): Effect of Vitamin E on Immunity and Disease Resistance . . . . .	123
Black, M.M.; Zachrau, R.E. (Valhalla, N.Y.); Dion, A.S. (Camden, N.J.); Katz, M. (New York, N.Y.): Stimulation of Prognostically Favorable Cell-Mediated Immunity of Breast Cancer Patients by High Dose Vitamin A and Vitamin E <sup>1</sup>	134

Gilbert, H.S. (New York, N.Y.): Role of Tocopherol and Cholesterol in Myeloproliferative Diseases . . . . .	147
London, R.S.; Sundaram, G.S.; Manimekalai, S.; Murphy, L.; Reynolds, M.A.; Goldstein, P. (Baltimore, Md.): Serum Alpha-Tocopherol Levels in Relation to Serum Lipids and Lipoproteins after Oral Administration of Vitamin E . . . .	159

### *Other Vitamins and Nutrients*

Kennedy, A.R. (Boston, Mass.): Prevention of Radiation Transformation in vitro . .	166
Kollmorgen, G.M.; King, M.M.; Kosanke, S.D.; Do, C. (Oklahoma City, Okla.): Inhibition of Prostaglandin E <sub>2</sub> Synthesis Controls Tumor Growth and Metastases Mediated by Dietary Fats . . . . .	180
Broitman, S.A. (Boston, Mass.): Relationship of Ethanolic Beverages and Ethanol to Cancers of the Digestive Tract . . . . .	195
Reddy, B.S. (Valhalla, N.Y.): Dietary Macronutrients and Colon Cancer . . . . .	212
De Sousa, M.; Potaznik, D. (New York, N.Y.): Proteins of the Metabolism of Iron, Cells of the Immune System and Malignancy . . . . .	231
Schrauzer, G.N. (La Jolla, Calif.): Selenium in Nutritional Cancer Prophylaxis: An Update . . . . .	240
Thanassi, J.W. (Burlington, Vt.): Vitamin B <sub>6</sub> Metabolism in Relation to Morris Hepatomas . . . . .	251

### *Clinical Trials*

Meyskens, F.L., Jr. (Tucson, Ariz.): Prevention and Treatment of Cancer with Vitamin A and the Retinoids . . . . .	266
Helson, L. (New York, N.Y.): A Phase I Study of Vitamin E and Neuroblastoma . .	274

### *Chemoprevention Program at NCI*

Greenwald, P.; DeWys, W.D.; Carrese, L.M.; Murray, B. (Bethesda, Md.): Chemoprevention Program of the National Cancer Institute . . . . .	282
---	-----

### *Abstracts*

Boutwell, R.K.; Verma, A.K. (Madison, Wisc.): Mechanisms of Carcinogenesis and the Role of Retinoids . . . . .	292
Moon, T.E.; Meyskens, F.L., Jr. (Tucson, Ariz.): Statistical Considerations in the Design of Chemoprevention Studies . . . . .	292
Flavin, D.F. (Washington, D.C.): Putative Mechanisms in Nutrient Inhibition of Cancer . . . . .	293
Abdelmegid, N.; Ismail, A.; Sadek, I.A. (Alexandria): Retinyl Palmitate and Its Effect on Enzymes in Skin Papillomas of the Egyptian Toad . . . . .	294
Kandarkar, S.V.; Sirsat, S.M. (Bombay): Vitamin A and Oral Carcinogenesis . . . .	294

Hendricks, D.G.; Cornforth, D.P.; Bartholomew, D.T.; Kangsadalampai, K.; Mahoney, A.W. (Logan, Utah): Influence of Dietary Bread, Vitamins A and C, and Meat Cookery Method upon Mutagenicity of Human Fecal Extracts . . . . .	295
Okoye, Z.S.C.; Bassir, O.; Adekunle, A.A. (Jos): Mechanism of Action of Vitamins A and C in Aflatoxin Demethylation in the Guinea Pig . . . . .	296
Rettura, G.; Levenson, S.M.; Seifter, E. (Bronx, N.Y.): Beta Carotene Prevents Dimethylbenz[a]anthracene-Induced Tumors . . . . .	296
Speers, W.C.; Zimmerman, B.; Altmann, M. (Denver, Colo.): Transplantation of Retinoic Acid Differentiated Murine Embryonal Carcinomas . . . . .	297
Thomas, M.R.; Robinson, W.A.; Peterson, V.M.; Mughal, T.I.; Perry, G.; Krebs, L. (Denver, Colo.): Adjuvant Vitamin A Treatment in Stage I and II Malignant Melanoma - Preliminary Results . . . . .	297
Meadows, G.G.; Abdallah, R.M. (Pullman, Wash.): Antimetastatic Activity of Combined Ascorbate and Levodopa Methyl Ester-Benserazide against B16-BL6 Melanoma . . . . .	298
Rama, B.N.; Prasad, K.N. (Denver, Colo.): Enhancement of the Effect of Hyperthermia on Neuroblastoma Cells by <i>DL</i> -Alpha-Tocopheryl Succinate . . . . .	299
Sarria, A.; Prasad, K.N. (Denver, Colo.): Enhancement of the Effect of Gamma-Irradiation on Neuroblastoma Cells by <i>DL</i> -Alpha-Tocopheryl Succinate . . . . .	299
London, R.S.; Sundaram, G.S.; Manimekalai, S.; Murphy, L.; Reynolds, M.; Goldstein, P.J. (Baltimore, Md.): The Effect of Vitamin E on Serum Steroid Concentrations in Women with Mammary Dysplasia . . . . .	300
Malkinson, A.M. (Boulder, Colo.): Pharmacologic and Genetic Studies on the Modulatory Effects of Butylated Hydroxytoluene on Mouse Lung Adenoma Formation . . . . .	301
Kuenzig, W.; Chau, J.; Norkus, E.; Holowaschenko, H.; Newmark, H.; Mergens, W.; Conney, A.H. (Nutley, N.J.): Caffeic and Ferulic Acid as Blockers of Nitrosamine Formation . . . . .	301
Wang, Y.-M.; Howell, S.K.; Bruin, T.; Haidle, C. (Houston, Tex.): Antineoplastic Anthracycline-Induced Carcinogenicity: Mechanism and Prevention . . . . .	302
Timm, C.; Fortmeyer, H.P.; Forster, H.; Bastert, G. (Frankfurt): Human Breast Cancers Heterotransplanted into Vitamin B <sub>6</sub> -Deficient Nude Mice . . . . .	303
Future Perspectives . . . . .	304
Subject Index . . . . .	307
