Comparative and Field Studies

- Vocal Communication in Primates and Birds: Parallels and Contrasts
P. Marler and J. Mitani 3
- Vocal Quavering: A Basis for Recognition in Forest Guenons
J.-P. Gautier and A. Gautier-Hion (With 8 Figures) 15
- An Analysis of Toque Macaque Cohesion Calls from an Ecological
Perspective
W. Dittus (With 6 Figures) 31
- Environmental Influences on the Structure of Primate Vocalizations
C.H. Brown and P.M. Waser (With 8 Figures) 51

Social Interactions

- A New Approach to Finding Components Essential for Intraspecific
Communication
M. Maurus, K.M. Streit, D. Barclay, E. Wiesner and B. Kühlmorgen
(With 9 Figures) 69
- Serial Calling as a Mediator of Interaction Processes: Crying in
Primates
D. Todt (With 9 Figures) 88
- Communications as Social Interaction: Its Importance in Ontogeny and
Adult Behavior
C.T. Snowdon (With 7 Figures) 108
- Conversational Vocal Exchanges in Squirrel Monkeys
D. Symmes and M. Biben (With 2 Figures) 123
- Vocal Play Behavior in Cotton-Top Tamarins
P. Goedeke (With 5 Figures) 133

Biological Substrates**Ethopharmacology of Vocal Behavior in Primates**

J.D. Newman (With 4 Figures) 145

Neural Basis of Signal Detection

P. Müller-Preuss (With 5 Figures) 154

Central Control of Monkey Calls

U. Jürgens (With 1 Figure) 162

Conceptual Frameworks**Primate Vocal Expression of Affective State**

K.R. Scherer and A. Kappas (With 1 Figure) 171

**Neurobiology and Pathology of Subhuman Vocal Communication
and Human Speech**

D. Ploog (With 11 Figures) 195

Glossary of Terms 213**Subject Index** 219
