

Contents

Identification of Glycosyl-Phosphatidylinositol Membrane Anchors by Fatty Acid Labeling M.A.J. FERGUSON (With 1 Figure).....	1
[³ H]Myristate-Labeled Variant Surface Glycoprotein from <i>Trypanosoma brucei</i> : Preparation and Use in the Assay of Glycan-Phosphatidylinositol-Specific Lipases D. HERELD, J.L. KRAKOW, G.W. HART, and P.T. ENGLUND (With 2 Figures).....	9
Identification of the Glycolipid Anchor of Alkaline Phosphatase by Metabolic Labeling Y. IKEHARA and N. TAKAMI.....	16
Reductive Radiomethylation and Amino Acid Analysis. A Sensitive Procedure to Identify Amine Components in Glycolipid Anchors of Membrane Proteins R. HAAS and T.L. ROSENBERRY.....	22
Analytical and Preparative Phase Separation of Glycolipid-Anchored Membrane Proteins in Triton X-114 Solution C. BORDIER.....	29
Assay and Purification of PI-Specific Phospholipase C from <i>Bacillus cereus</i> Using Commercially Available Phospholipase C S. STIEGER and U. BRODBECK (With 2 Figures).....	34
Use of Phenylsepharose to Discriminate Between Hydrophilic and Hydrophobic Forms of Decay Accelerating Factor M.A. DAVITZ.....	40
PI-PLC Assay on Nitrocellulose Filter Immobilized Proteins C. DEREGNAUCOURT and Y. CAPDEVILLE.....	43

Deacylation and Reacylation of a Pure Enzyme to Demonstrate Covalent Glycerolipid P.R.V. NAYUDU, B. LAMBRECHT, and M.F.G. SCHMIDT.....	46
Incorporation of Rat Brain Thy-1 Antigen into Mouse T Lymphocytes M. PUKLAVEC and A.F. WILLIAMS (With 1 Figure).....	51
Identification and Characterization of Fatty Acid-Acylated Proteins in Cultured Cells by Radiolabeling A.I. MAGEE.....	59
Chemical Analysis of Fatty Acids Covalently Attached to Proteins P.J. CASEY and J.E. BUSS (With 1 Figure).....	64
Identification and Characterization of Proteins Undergoing Reversible Fatty Acid Acylation M. STAUFENBIEL.....	72
Acylation of Proteins in Isolated Mitochondria E. SIGEL, L. LEHMANN, and J.W. STUCKI (With 1 Figure).....	76
Plant Protein Acylation: Identification of the Modified Proteins and Analysis of the Bound Fatty Acid Ligand A.K. MATTOO, H.A. NORMAN, F.E. CALLAHAN, J.B. ST.JOHN, and M. EDELMAN (With 2 Figures).....	82
Identification and Characterization of Lipid-Modified Membrane Proteins in Bacteria S. HAYASHI and H.C. WU.....	88
Detection of Palmitoylating Activity with Exogenous Viral Acceptor Proteins M.F.G. SCHMIDT, G.R. BURNS, M. BERGER, and M. SCHMIDT.....	94
Lipid-Mediated Protein Glycosylation: Assembly of Lipid-Linked Oligosaccharides and Post-Translational Oligosaccharide Trimming W. MCDOWELL and R.T. SCHWARZ.....	99

Immunochemical Characterization of the Ia Associated Invariant Chain N. KOCH (With 1 Figure).....	119
Acylation and Activation of Venom Phospholipase A₂ Enzymes by Acyl Imidazolides A.J. LAWRENCE and S. CHETTIBI (With 1 Figure).....	123
Isolation and Characterization of Bovine Erythrocyte Acetyl- cholinesterase Solubilized by PI-PLC H. IKEZAWA and R. TAGUCHI.....	127
Characterization of Amphiphilic Forms of Cholinesterases by their Interactions with Non-Denaturing Detergents in Centrifugation and Charge-Shift Electrophoresis J. MASSOULIE, J.P. TOUTANT, and S. BON (With 5 Figures).....	132
Subject Index.....	143
