

Contents

Introductory Lecture

Inositol Lipids, G-Proteins and Signal Transduction S. Cockcroft (With 2 Figures)	3
--	---

Calcium Binding Proteins in Muscle Tissues

Soluble Calcium Binding Proteins in Vertebrate and Invertebrate Muscles Ch. Gerday (With 4 Figures)	23
---	----

The Rat Parvalbumin Gene M.W. Berchtold (With 3 Figures)	40
---	----

Calcium Binding to Troponin C and the Regulation of Muscle Contraction: a Comparative Approach W. Wnuk (With 2 Figures)	44
---	----

Caldesmon and Ca^{2+} Regulation in Smooth Muscles S. Marston, W. Lehman, C. Moody, K. Pritchard, and C. Smith (With 10 Figures)	69
---	----

Thin Filament-Linked Regulation in Vertebrate Smooth Muscle M.P. Walsh, G.C. Scott-Woo, M.S. Lim, C. Sutherland, and Ph.K. Ngai (With 7 Figures)	82
--	----

Calcium Binding Proteins in Non-Muscle Tissues

Parvalbumin in Non-Muscle Cells C.W. Heizmann	93
--	----

S100 Proteins: Structure and Calcium Binding Properties J. Baudier (With 4 Figures)	102
--	-----

Mechanisms of Action of the S100 Family of Calcium Modulated Proteins

L.J. Van Eldik and D.B. Zimmer (With 1 Figure). 114

Comparative Studies on Oncomodulin

J.P. MacManus, L.M. Brewer, and M.F. Gillen (With 4 Figures). 128

Calmodulin in the Regulation of Cellular Activity

Cation Binding to Calmodulin and Relation to Function

J.A. Cox, M. Comte, A. Mamar-Bachi, M. Milos, and J.-J. Schaefer
(With 12 Figures) 141

Regulatory Properties of Bovine Brain Calmodulin-Dependent Phosphatase

W.Y. Cheung 163

Calmodulin and Calmodulin Binding Proteins During Differentiation of Human Intestinal Brush Borders

C. Rochette-Egly, B. Lacroix, M. Kedinger, and K. Haffen
(With 9 Figures) 179

Site-Specific Mutagenesis and Protein Engineering Approach to the Molecular Mechanism of Calcium Signal Transduction by Calmodulin

J. Haiech and D.M. Watterson 191

The Role of Calcium in the Regulation of Plant Cellular Metabolism

D. Marm  . 201

Calcium in Different Biological Systems

Calcium Homeostasis in Exocrine Secretory Cells

R.M. Case, T.-A. Ansah, S. Dho, A. Miziniak, and L. Wilson
(With 6 Figures) 211

The Regulation of the Ca-Pumping Activity of Cardiac Sarcoplasmic Reticulum by Calmodulin

M. Chiesi and J. Gasser (With 5 Figures). 220

Calcium Binding and Structural Characteristics of Muscle Calsequestrins

S. Salvatori, M. Bravin, and A. Margreth (With 4 Figures) 228

**Studies on Voltage-Gated Calcium Channels by Means of
Fluorescent [Ca^{2+}] Indicators**

**J. Meldolesi, A. Malgaroli, A. Pandiella, A. Ambrosini, L.M. Vicentini,
D. Milani, F. DiVirgilio, and T. Pozzan (With 2 Figures) 236**

Calcium Entry Blockers

M. Wibo and T. Godfraind (With 6 Figures) 243

Subject Index 255
