Prologue	A Prosthodontist's Perception of Osseointegration <i>George A. Zarb</i>	13
<hr/>		
Part I	Fundamentals	
Chapter 1	Biomechanical Considerations <i>John B. Brunski / Richard Skalak</i>	15
Chapter 2	Physiological Aspects of Implant-Supported Protheses <i>Daniel van Steenberghe / Reinhilde Jacobs</i>	40
Chapter 3	Influence of Age on Tissue Healing <i>Poul Holm-Pedersen</i>	47
Chapter 4	The Basis of Antibiotic Prophylaxis <i>Richard G. Topazian</i>	57
Chapter 5	Bacteria-Host Interactions <i>Michael G. Newman / Thomas F. Flemmig</i>	67
Chapter 6	Radiographic Examination of Endosseous Implants in the Jaws <i>Lars Hollender</i>	80
Chapter 7	The Surgical Principles of Osseointegration <i>Ragnar Adell</i>	94
<hr/>		
Part II	Surgical Considerations: The Mandible	
Chapter 8	Fundamental Aspects of Mandibular Atrophy <i>Gunnar E. Carlsson / Torgny Haraldson</i>	109
Chapter 9	Clinical Aspects of Severe Mandibular Atrophy <i>Philip Worthington</i>	119
Chapter 10	Onlay Bone Grafts to the Mandible <i>Per Åstrand</i>	123
Chapter 11	Mobilization of the Inferior Alveolar Nerve to Allow Placement of Osseointegratable Fixtures <i>W. Howard Davis / Björn Rydevik / Göran Lundborg / Nils Danielsen / Jarg-Erich Hausamen / Friedrich W. Neukam</i>	129

Part III Surgical Considerations: The Maxilla

Chapter 12	Surgical Reconstruction of Advanced Maxillary Resorption with Composite Grafts <i>Eugene E. Keller / Dan E. Tolman / Per-Ingvar Brånemark</i>	146
Chapter 13	The Maxillary Interpositional Composite Graft <i>Eugene E. Keller</i>	162
Chapter 14	Bone Grafting in the Maxillary Sinus Floor <i>David A. Hochwald / W. Howard Davis</i>	175
Chapter 15	Osseointegrated Fixtures in the Pterygoid Region <i>Jecn F. Tulasne</i>	182
Chapter 16	Bone Grafting into the Nasal Floor <i>Kenji Higuchi</i>	189

Part IV Special Situations and Prosthodontic Aspects

Chapter 17	Partial Edentulism <i>Ingvar Ericsson / Per-Ingvar Brånemark / Per-Olof Glantz</i>	194
Chapter 18	Single Tooth Replacement <i>Lars-Olof Öhrnell / Jan Palmquist / Per-Ingvar Brånemark</i>	211
Chapter 19	Overdentures <i>Bo Engquist</i>	233
Chapter 20	Hypodontia and Oligodontia <i>Kenji Higuchi</i>	248
Chapter 21	Endosseous Implant Placement Immediately Following Dental Extraction and Alveoloplasty <i>Dan E. Tolman / Eugene E. Keller</i>	253
Chapter 22	Hemimandibulectomy <i>Phillip Worthington</i>	259
Chapter 23	Hemimaxillectomy <i>Per-Ingvar Brånemark</i>	267
Chapter 24	Microvascular Bone Grafting Techniques in Combination with Osseointegrated Fixtures <i>Friedrich W. Neukam / Jarg-Erich Hausamen</i>	276
Chapter 25	Craniofacial Defects <i>Anders Tjellström / Kerstin Jansson / Per-Ingvar Brånemark</i>	293
Chapter 26	Maxillofacial Prosthetic Considerations <i>Patrick J. Henry</i>	313
Chapter 27	The Cleft Palate <i>Per-Ingvar Brånemark</i>	327

Chapter 28	The Use of Hyperbaric Oxygen to Prevent Implant Loss in the Irradiated Patient <i>Gösta Granström</i>	336
<hr/>		
Part V	Further Aspects of Osseointegration Surgery	
Chapter 29	Psychological Aspects of Treatment Results and Patient Selection <i>Stig Blomberg</i>	347
Chapter 30	Cost-Benefit Considerations <i>Kenji Higuchi</i>	353
Chapter 31	Maintenance and Monitoring <i>Patrick J. Henry</i>	356
Chapter 32	Medicolegal Aspects <i>Robert W. Sargeant</i>	368
Chapter 33	Soft Tissue Problems <i>Daniel van Steenberghe / Marc Quirynen / Michael G. Newman</i>	377
Chapter 34	Problems and Complications with Osseointegrated Implants <i>Philip Worthington</i>	386
<hr/>
