| <b>ANHA Series Preface</b> .....   | VII  |
| <b>Foreword</b> .....  | XI   |
| <b>Preface</b> .....   | XIII |
| <b>Publications of Carlos Segovia</b> .....  | XV   |
| <b>List of Contributors</b> .....  | XIX  |
| <b>Carlos Segovia Fernández</b>  |      |
| <i>Roberto A. Macías and José L. Torrea</i> .....  | 1    |
| <b>Balls as Subspaces of Homogeneous Type: On a Construction due to R. Macías and C. Segovia</b> |      |
| <i>Hugo Aimar</i> .....  | 25   |
| <b>Some Aspects of Vector-Valued Singular Integrals</b>  |      |
| <i>Oscar Blasco</i> .....  | 37   |
| <b>Products of Functions in Hardy and Lipschitz or BMO Spaces</b>                                |      |
| <i>Aline Bonami and Justin Feuto</i> .....   | 57   |
| <b>Harmonic Analysis Related to Hermite Expansions</b>   |      |
| <i>Liliana Forzani, Eleonor Harboure, and Roberto Scotto</i> .....                               | 73   |
| <b>Weights for One-Sided Operators</b>   |      |
| <i>Francisco Javier Martín-Reyes, Pedro Ortega, and Alberto de la Torre</i> .                    | 97   |
| <b>Lectures on Gas Flow in Porous Media</b>  |      |
| <i>Luis A. Caffarelli and Aram L. Karakhanyan</i> .....  | 133  |

**Sharp Global Bounds for the Hessian on Pseudo-Hermitian Manifolds**

*Sagun Chanillo and Juan J. Manfredi* ..... 159

**Recent Progress on the Global Well-Posedness of the KPI Equation**

*Carlos E. Kenig* ..... 173

**On Monge–Ampère Type Equations and Applications**

*Cristian E. Gutiérrez* ..... 179

**Index** ..... 191
