# UNWANTED EFFECTS OF COSMETICS AND DRUGS USED IN DERMATOLOGY

*Third edition*

**Anton C. de Groot, M.D., Ph.D.**  
Department of Dermatology  
Carolus-Liduína Hospital  
's-Hertogenbosch  
The Netherlands

**J. Willem Weyland, Ph.D.**  
Food Inspection Service  
Cosmetics Department  
Enschede  
The Netherlands

**Johan P. Nater, M.D., Ph.D.**  
*formerly* Department of Dermatology  
Academic Hospital  
State University of Groningen  
The Netherlands

**1994**

**ELSEVIER - Amsterdam - London - New York - Tokyo**

# Table of contents

<b>Chapter 1. Contact dermatitis</b>	<b>1</b>
Introduction	1
Morphological aspects of contact dermatitis	1
<b>Chapter 2. Toxic and irritant contact dermatitis</b>	<b>2</b>
Acute toxic contact dermatitis	2
Irritant contact dermatitis	2
Irritant dermatitis due to topical drugs and cosmetic ingredients	3
<b>Chapter 3. Allergic contact dermatitis (general aspects)</b>	<b>6</b>
Immunological aspects	6
The technique of patch testing	6
Patch testing with topically applied medicaments	7
The test concentration	7
The vehicle to be used for patch testing	8
Photopatch testing	8
The interpretation of patch test results	9
List of (pseudo)cross-reactions	15
Risks of patch testing for the patient	28
The use of patch tests in drug eruptions	29
The persistence of acquired epidermal sensitivity	33
<b>Chapter 4. Unusual manifestations of allergic contact sensitivity</b>	<b>41</b>
Purpuric allergic contact dermatitis	41
Pigmented contact dermatitis	41
Follicular contact dermatitis	42
Erythema multiforme-like eruptions	42
Contact urticaria (immediate contact reactions)	44
Lichenoid eruptions	44
Contact granuloma	44
Focal contact sensitivity	45
Toxic epidermal necrolysis (Lyell)	46
Lymphomatoid contact dermatitis	46
Pustular contact dermatitis	47
Miscellaneous unusual cutaneous manifestations	48
Allergic contact dermatitis complicated by extracutaneous symptoms	48
Miscellaneous	49
<b>Chapter 5. Allergic contact dermatitis from topical drugs</b>	<b>55</b>
Preservatives: antimicrobials and antioxidants	56
Fragrance materials	65

Local anesthetics	73
Vehicle constituents	75
Antibiotics and chemotherapeutics	80
Antihistamines	83
Antimycotics	86
Corticosteroids	89
Drugs used in the treatment of psoriasis, acne, eczema and pruritus	93
Plant-derived substances in topical drugs	95
Antiparasitic drugs	98
Miscellaneous drugs	99
Pigments used in tattoos	104
Accidental contactants	105
<b>Chapter 6. Phototoxic and photoallergic contact dermatitis</b>	<b>136</b>
<b>Chapter 7. The contact urticaria syndrome</b>	<b>155</b>
<b>Chapter 8. Necrosis of the skin and the mucous membranes due to topical drugs</b>	<b>169</b>
<b>Chapter 9. Acne-folliculitis</b>	<b>171</b>
<b>Chapter 10. Discoloration of the skin and appendages</b>	<b>174</b>
<b>Chapter 11. Stinging sensations due to ingredients of cosmetics and topical pharmaceutical preparations</b>	<b>181</b>
<b>Chapter 12. Miscellaneous side effects</b>	<b>182</b>
<b>Chapter 13. Drugs used on the mucosae</b>	<b>187</b>
Drugs used on the oral mucosa	187
Drugs used on the vaginal mucosa	193
Drugs used in ophthalmological practice	195
Drugs used on the nasal and bladder mucosa	208
<b>Chapter 14. Local side effects of topical corticosteroids</b>	<b>217</b>
<b>Chapter 15. Percutaneous absorption of topically applied drugs</b>	<b>226</b>
<b>Chapter 16. Systemic side effects caused by topically applied drugs and cosmetics</b>	<b>228</b>
<i>Anaphylactic reactions to topically applied drugs and cosmetics</i>	228
<i>Toxic action of topically applied drugs and cosmetics</i>	228
Arsenic	228

Benzocaine	229
Boric acid	229
Calcipotriol	230
Camphor	230
Capsicain	231
Carmustine (BCNU)	232
Castellani's solution	232
Chloramphenicol	232
Clindamycin	232
Coal tar	233
Cocaine	233
Corticosteroids	234
Diethyltoluamide (DEET)	236
Dimethyl sulfoxide (DMSO)	236
Dinitrochlorobenzene (DNCB)	237
Diphenhydramine hydrochloride	237
Diphenylpyraline hydrochloride	238
Dithranol (cignolin, anthralin)	238
Ethyl alcohol	238
5-Fluorouracil	239
Fumaric acid monoethyl ester	240
Gentamicin	240
Henna dye and <i>p</i> -phenylenediamine	240
Hexachlorophene	241
4-Homosulfanilamide	242
Iodine	243
Isopropyl alcohol	243
Lead	243
Lidocaine	244
Lindane	244
Malathion	246
Mercury and mercurial compounds	246
Minoxidil	249
Monobenzone	250
Monosulfiram	251
2-Naphthol	251
Neomycin	251
Phenol (carbolic acid)	253
<i>p</i> -Phenylenediamine	254
Podophyllum resin	254
Povidone iodine	255
Prilocaine	257
Promethazine	258
Quinine analogs	258
Resorcinol	259
Salicylic acid	260
Selenium sulfide	262
Sex hormones	262
Silver nitrate	263

Sulfadiazine silver	264
Sulfur	265
Tretinoin	265
Triclocarban	266
Triphenylmethane dyes	267
Transdermal drug delivery systems	267
Clonidine	267
Estrogens	267
Glycopyrrolate	268
Nicotine	268
Nitroglycerin	268
Scopolamine (Hyoscine)	269
Testosterone	270
<b>Chapter 17. Systemic eczematous contact-type dermatitis medicamentosa</b>	<b>286</b>
<b>Chapter 18. Side effects of photochemotherapy</b>	<b>295</b>
PUVA therapy	295
Oncogenic effects of the Goeckermann regimen	316
<b>Chapter 19. Side effects of systemic drugs used in dermatology</b>	<b>328</b>
Corticosteroids	328
Retinoids	335
Antibiotics	353
Antifungal drugs	365
Cytostatics and immunosuppressants	371
Cyclosporin A	376
Antihistamines	382
Antimalarials	389
Miscellaneous drugs	392
Acyclovir	392
Dapsone	394
Fumaric acid	396
<b>Chapter 20. Other therapeutic modalities</b>	<b>415</b>
Dermal implants	415
Laser therapy	417
Chemical face peels	418
Cryotherapy	419
<b>Chapter 21. Cosmetics: Introduction</b>	<b>422</b>
Cosmetics: what they are and what they do	422
Cosmetics: the extent of their usage	423
The ingredients of cosmetics	427
The frequency of usage of cosmetic ingredients	429
Legislation	433

<b>Chapter 22. The spectrum of side effects of cosmetics</b>	<b>437</b>
<b>Chapter 23. The frequency of adverse reactions to cosmetics and the products involved</b>	<b>442</b>
<b>Chapter 24. Contact allergy to cosmetics</b>	<b>452</b>
Clinical picture of allergic cosmetic dermatitis	452
The products causing cosmetic allergy	452
The allergens	452
<b>Chapter 25. Patch testing with cosmetic preparations</b>	<b>469</b>
<b>Chapter 26. Hair cosmetics</b>	<b>473</b>
Shampoo and anti-dandruff shampoo	473
Conditioning shampoo and hair conditioner (after-shampoo rinse)	476
Hair colours	478
Permanent wave	482
Hairspray, hairsetting lotion and styling foam	484
Hair bleach	485
Hair dressing	486
Hair straightener (hair relaxer)	487
Hair growth promotion	488
<b>Chapter 27. Face cosmetics</b>	<b>498</b>
Face cream (moisturizing cream)	498
Cleansing lotion	501
Facial make-up	505
Face mask	506
Aftershave	508
Other shaving aids	510
Eye make-up	511
Anti acne-products	514
Camouflage and greasepaint ("schmink")	515
Toothpaste and mouthwash	516
Lipstick and lipbalm	516
<b>Chapter 28. Nail cosmetics</b>	<b>524</b>
<b>Chapter 29. Cosmetics for the body and parts of the body</b>	<b>530</b>
Bath and shower cosmetics	530
Hand and body lotion	532
Body talc	535
Soap	536
Fluid soap and hand cleaner	537
Depilatory preparations	539
Skin bleaching agents	540
Deodorant-antiperspirant	542
Body make-up	547

Sun and solarium cosmetics	548
Sport and massage oils	557
Foot cosmetics	558
Barrier cream	560
<b>Chapter 30. Tabulation of ingredients of cosmetics</b>	<b>567</b>
<i>Antimicrobials and antioxidants</i>	569
Antioxidants and chelating agents	569
Acids, esters, alcohols, amides	571
Formaldehyde and donor compounds	572
Mercurials	573
Phenols, halogenated phenols, organohalogen compounds	574
Cationic compounds	576
All other antimicrobials	577
<i>Fragrance materials</i>	578
<i>Colours</i>	628
Colours	631
Colour ingredients of hair dye preparations	646
<i>Sunscreens</i>	650
<i>Lipids and surfactants</i>	655
Lipids (hydrocarbons, fatty acids, fatty alcohols, esters and silicones)	655
Anionic surfactants	663
Cationic surfactants	666
Non-ionic surfactants	669
Amphoteric surfactants	680
Amines-aminoalkanols	682
Diols and polyols	683
<i>Botanical ingredients</i>	685
<i>Miscellaneous cosmetic ingredients</i>	700
<b>Index</b>	<b>725</b>
