List of Contributors	XXI		
Introduction			
Andrology: Definition, Clinical Issues and Prevalence			
W.-B. SCHILL, F. COMHAIRE, T.B. HARGREAVE	1	I.1.1.5 Prognosis	22
References	3	References	22
Layout and How to Use the Book			
F. COMHAIRE	4	I.1.2 Disorders of Sexual Differentiation	
		G.G.R. T'SJOEN	23
		I.1.2.1 Definition	23
		I.1.2.2 Aetiology and Pathogenesis	23
		I.1.2.3 Classification of Intersex	23
		I.1.2.4 Clinical Findings	24
		I.1.2.5 Management	24
		I.1.2.6 Prevention	25
		References	25
General Considerations			
Evidence-Based Medicine in Reproductive Medicine and Andrology			
F. COMHAIRE, A. MAHMOUD	5	I.2 Problem: Abnormal Pubertal Development	
References	6	S.A. WUDY	27
Economic Cost and Cost-Effectiveness			
F. COMHAIRE, A. MAHMOUD	7	I.2.1 Physiology	27
References	9	I.2.2 Precocious Puberty	27
Ethics of Reproductive Research and Treatment			
T.B. HARGREAVE	9	I.2.3 Delayed Puberty	28
Introduction	9	References	28
Basic Principles Underlying Ethical Considerations	10	I.3 Male Factor Fertility Problems	
Consent	10	I.3.1 Consensus-Based Approach to Standardized Diagnosis and Management of the Infertile Male	
Applying the Principles to Reproductive Medicine	11	F. COMHAIRE, A. MAHMOUD	29
Conclusion	13	References	30
References	13	I.3.2 WHO Recommended Diagnostic Flow Chart	
Human Tissue for Research			
T.B. HARGREAVE	14	F. COMHAIRE, A. MAHMOUD	31
I Diagnosing and Solving Clinical Problems			
I.1 Problem: Gender Dysphoria and Disorders of Sexual Differentiation			
I.1.1 Gender Dysphoria			
G.G.R. T'SJOEN	19	I.3.3 Implications of Multifactorial Aetiology in the Diagnosis and Management of Male Infertility	
I.1.1.1 Definition	19	F. COMHAIRE, A. MAHMOUD	33
I.1.1.2 Aetiology and Pathogenesis	19	References	35
I.1.1.3 Clinical Findings	19	I.3.4 Sexual Dysfunction and Male Fertility	
I.1.1.4 Treatment	20	T.B. HARGREAVE	35
		I.3.4.1 Definition of the Disease	35
		I.3.4.2 Aetiology and Pathogenesis	35
		I.3.4.3 Clinical Findings: History, Physical Examination, Technical Investigations, Laboratory Findings	36

I.3.4.4	Differential Diagnosis	37	
I.3.4.5	Treatment	37	
I.3.4.6	Results of Treatment	37	
I.3.4.7	Prevention	39	
	References		
I.3.5	Reference Values of Semen Variables and Their Interpretation		
F. COMHAIRE, A. MAHMOUD	40
