

Exceeding Our Grasp

*Science, History, and the Problem
of Unconceived Alternatives*

P. KYLE STANFORD

OXFORD
UNIVERSITY PRESS

2006

Contents

- 1 Realism, Pessimism, and Underdetermination, 3
 - 1.1 Scientific Realism: What's at Stake?, 3
 - 1.2 Problems for Pessimism and Underdetermination, 9
 - 1.3 Recurrent, Transient Underdetermination, and a New Induction over the History of Science, 17

- 2 Chasing Duhem: The Problem of Unconceived Alternatives, 27
 - 2.1 Duhem's Worry: Eliminative Inferences and the Problem of Unconceived Alternatives, 27
 - 2.2 Confirmation: Holism, Eliminative Induction, and Bayesianism, 38
 - 2.3 Pessimism Revisited, 43

- 3 Darwin and Pangenesis: The Search for the Material Basis of Generation and Heredity, 51
 - 3.1 Preliminary Worries, 51
 - 3.2 Pangenesis: Darwin's "Mad Dream" and "Beloved Child", 60
 - 3.3 Darwin's Failure to Grasp Galton's Common Cause Mechanism for Inheritance, 71

- 4 Galton and the Stirp Theory, 80
 - 4.1 The Transfusion Experiments: "A Dreadful Disappointment to Them Both", 80

- 4.2 Galton's Stirp Theory and Its Maturation, Invariant Conception of Inheritance, 86
 - 4.3 Galton's Understanding of "Correlation" and "Variable Influences" in Development, 94
 - 5 August Weismann's Theory of the Germ-Plasm, 105
 - 5.1 German Biology at the End of the Nineteenth Century and Weismann's Theory of the Germ-Plasm, 105
 - 5.2 Germinal Specificity, the Search for a Mechanism of Cellular Differentiation, and the Reservation of the Germ-Plasm, 110
 - 5.3 Invariance, Multiplication, and the Fate of Active Germ-Plasm, 121
 - 5.4 Productive and Expendable Germinal Resources, 126
 - 5.5 Conclusion: Lessons from History, 128
 - 6 History Revisited: Pyrrhic Victories for Scientific Realism, 141
 - 6.1 Realist Responses to the Historical Record, 141
 - 6.2 Once More into the Breach: The Pessimistic Induction, 142
 - 6.3 Reference without Descriptive Accuracy, 147
 - 6.4 Diluting Approximate Truth, 155
 - 7 Selective Confirmation and the Historical Record: "Another Such Victory over the Romans"?, 164
 - 7.1 Realism, Selective Confirmation, and Retrospective Judgments of Idleness, 164
 - 7.2 Theoretical Posits: They Work Hard for the Money, 169
 - 7.3 Trust and Betrayal, 173
 - 7.4 Structural Realism and Retention, 180
 - 7.5 Selective Confirmation: No Refuge for Realism, 183
 - 8 Science without Realism?, 188
- References, 215
- Index, 223
