## TABLE OF CONTENTS

|                                      |  |           |
|--------------------------------------|--|-----------|
| <b>LIGHTHILL,<br/>SIR JAMES</b>      | <b>WHAT IS MECHANICS?</b>  | <b>1</b>  |
|                                      | A. THE THEORETICAL FRAMEWORK   | 1         |
|                                      | 1. Newtonian Foundations   | 1         |
|                                      | 2. Mathematical Formulation of Newtonian Mechanics                           | 1         |
|                                      | 3. Improved Representation of Material Properties                            | 2         |
|                                      | 4. Consideration of Additional External Forces                               | 2         |
|                                      | 5. Advances in Mathematical Methods  | 3         |
|                                      | B. EXAMPLES OF THE APPLICATIONS OF MECHANICS                                 | 3         |
|                                      | 1. Applied Mechanics and its Growing Utilisation of<br>Theoretical Mechanics | 3         |
|                                      | 2. Structural Engineering  | 4         |
|                                      | 3. Hydraulics  | 4         |
|                                      | 4. Mechanical Engineering  | 5         |
|                                      | 5. External Fluid-dynamics   | 6         |
|                                      | 6. Planetary Sciences  | 6         |
|                                      | 7. Life Sciences   | 7         |
| <b>BATTIMELLI, G.</b>                | <b>THE EARLY INTERNATIONAL CONGRESSES OF<br/>APPLIED MECHANICS</b>           | <b>9</b>  |
|                                      | A. SUMMARY   | 9         |
|                                      | B. PREHISTORY: INNSBRUCK CONFERENCE  | 9         |
|                                      | C. FIRST CONGRESS — DELFT  | 11        |
|                                      | D. SECOND AND THIRD CONGRESSES   | 11        |
|                                      | E. INTERNATIONAL RELATIONS IN SCIENCES AFTER WWI                             | 12        |
|                                      | F. NATURE OF THE SCIENTIFIC DISCIPLINE:<br>APPLIED MECHANICS                 | 12        |
|                                      | G. EPILOGUE  | 13        |
| <b>HULT, J.<br/>and<br/>HOFF, N.</b> | <b>POST WORLD WAR II ACTIVITIES:<br/>FROM PARIS TO LYNGBY</b>                | <b>15</b> |
|                                      | A. THE UNION IS FORMED   | 15        |
|                                      | B. IUTAM SYMPOSIA  | 17        |
|                                      | C. THE CIRCUIT WIDENS  | 17        |
|                                      | D. CLOSURE   | 17        |

|   |    |
|---|----|
| <b>CONGRESSES</b>                                 | 19 |
| A. SUMMARY  | 19 |
| B. WHEN AND WHERE                                 | 20 |
| 1. Usual Cycle and Deviations                     | 20 |
| 2. Countries and Cities                           | 20 |
| 3. Congress Organizations                         | 20 |
| C. MEETING PLACES, RESIDENCES, AND TRANSPORTATION | 21 |
| 1. Congress Locations and Facilities              | 21 |
| 2. Logos, Banners and Signs                       | 21 |
| 3. Residences and Meals                           | 22 |
| 4. Transportation                                 | 22 |
| 5. Weather  | 22 |
| D. PARTICIPANTS                                   | 22 |
| 1. Number of Participants                         | 22 |
| 2. Number of Host Country Participants            | 23 |
| 3. Travel Grants and Other Support                | 23 |
| 4. Founders Participation                         | 23 |
| 5. Nature of Participation                        | 23 |
| 6. List of Participants and Name Tags             | 23 |
| 7. Photos   | 24 |
| E. PRESENTATIONS                                  | 24 |
| 1. Numbers  | 24 |
| 2. Formats  | 24 |
| 3. Acceptance Policies for Submitted Papers       | 25 |
| 4. Languages                                      | 25 |
| F. NON-LECTURE PROGRAMS                           | 25 |
| 1. Socials, General                               | 25 |
| 2. Topical Description of Past Socials            | 26 |
| 3. City Tours, Plant Visits, etc.                 | 26 |
| 4. Family Member Participation                    | 26 |
| G. EXHIBITS                                       | 26 |
| 1. "Conversazione"                                | 26 |
| 2. Publishers Exhibits                            | 27 |
| 3. Institutional Exhibits                         | 27 |
| H. PROCEEDINGS                                    | 27 |
| 1. General  | 27 |
| 2. Publication Modes                              | 28 |
| 3. Tables of Contents                             | 28 |
| I. ACCOMPLISHMENTS                                | 28 |
| 1. Advancement of the Art                         | 28 |
| 2. Building Contacts Between Participants         | 29 |
| 3. International Aspects                          | 30 |

|   |  |    |
|---|--|----|
| <b>JUHASZ, S.</b>                               | <b>SYMPOSIA</b>  | 31 |
| (Revised by<br><b>LIGHTHILL, SIR<br/>JAMES)</b> |  |    |
|   | A. SUMMARY   | 31 |
|   | B. ORIGIN  | 31 |
|   | 1. Concept   | 31 |
|   | 2. IUTAM Symposia  | 31 |
|   | C. FREQUENCY   | 32 |
|   | D. PARTICIPATION   | 32 |
|   | 1. Policies  | 32 |
|   | 2. Fully Open, Fully Closed, and Middle-of-the-Road Meetings | 32 |
|   | E. WHAT AND WHERE  | 32 |
|   | 1. Subjects and Approval of Proposals                        | 32 |
|   | 2. Locations   | 33 |
|   | F. PARTICIPANTS  | 33 |
|   | 1. Geographical Breakdown                                    | 33 |
|   | 2. Numerical Breakdown                                       | 34 |
|   | G. PROCEEDINGS   | 34 |
|   | 1. General   | 34 |
|   | 2. Advantages and Disadvantages of Publication Modes         | 34 |
|   | 3. Length  | 35 |
|   | H. SPONSORS AND ARRANGEMENTS                                 | 35 |
|   | 1. Organizers  | 35 |
|   | 2. Socials   | 35 |
|   | 3. Photos of Participants and List of Participants           | 35 |
| <b>JUHASZ, S.</b>                               | <b>GENERAL ASSEMBLIES</b>                                    | 37 |
| and<br><b>DRUCKER, D.C.</b>                     |  |    |
|   | A. WHEN AND WHERE  | 37 |
|   | B. MEMBERSHIP  | 37 |
|   | C. ACTIVITIES  | 38 |
| <b>JUHASZ, S.</b>                               | <b>REPORTS</b>   | 39 |
| and<br><b>NIORDSON, F.</b>                      |  |    |
|   | A. FREQUENCY, AVAILABILITY                                   | 39 |
|   | B. STANDARDIZATION   | 39 |
| <b>REFERENCES</b>                               |  | 40 |

| <b>PICTURE CREDITS</b>                          |  | 41 |

## APPENDICES

|  |     |
|--|-----|
|  | 43  |
| 1. Congresses by Number, Location and Year   | 45  |
| 2. Invitation Letter to Innsbruck Conference   | 46  |
| 3. Participants of Innsbruck Conference  | 47  |
| 4. Congress Participants by Countries  | 48  |
| 5. Congress Participants from "Other" Countries                                      | 50  |
| 6. Congress Participants by Continents   | 51  |
| 7. Congress Participation by Host Country Participants                               | 52  |
| 8. General and Sectional Lecturers; — Delft 1924                                     | 53  |
| 9. General and Keynote Lecturers with Lecture Titles<br>I-XVI                        | 55  |
| 10. Number of Congress Presentations, and Their<br>Publication Modes                 | 59  |
| 11. Congress Papers by Subject   | 60  |
| 12. Bibliographical Details — Innsbruck Conference<br>and I-XVI Congress Proceedings | 61  |
| 13. Photo of Published Proceedings   | 63  |
| 14. Artists Rendering of Past Congress Logos   | 65  |
| 15. Topical Description of Past Socials  | 66  |
| 16. CONVERSAZIONE: Cambridge, Mass 1938  | 67  |
| 17. Symposia Locations   | 69  |
| 18. Symposia by Subject, Location and Number of<br>Participants                      | 73  |
| 19. Symposia Publications  | 82  |
| 20. General Assemblies: Dates and Locations  | 104 |
| 21. General Assembly Members in Alphabetic Order                                     | 105 |
| 22. General Assembly Members by Countries  | 112 |
| 23. Adhering Organizations from 1985 Report  | 113 |
| 24. Affiliated Organizations from 1985 Reports                                       | 117 |
| 25. Officers and Additional Bureau Members   | 119 |
| 26. List of Reports  | 120 |
| 27. Photo of IUTAM Reports   | 121 |
