

TELECOMMUNICATIONS AND PACIFIC DEVELOPMENT: Alternatives for the Next Decade

PTC '88

Proceedings of the Tenth Annual Pacific Telecommunications Conference
Honolulu, Hawaii, February 15–18, 1988

Edited by

DAN J. WEDEMEYER
University of Hawaii

and

MICHAEL R. OGDEN
University of Hawaii

1988

NORTH-HOLLAND – AMSTERDAM • NEW YORK • OXFORD • TOKYO

Table of Contents

PAGE		PAGE	
vi	FOREWORD	27	<i>Waiting for Socrates: Asking the Right Questions about Communications Standards in the Next Decade</i> Lynne Kershaw
vii	TABLE OF CONTENTS	35	Concurrent Sessions: Session 1.1: <i>Future Outlook for Telecommunications in the Pacific</i>
xiii	CONFERENCE OF THE DECADE: PTC '88 Frederick Y. Smith	37	<i>Technology Assessment and Telecom Industry Outlook</i> M. Jamil Ahmed and Elmer K. Sum
 Monday, February 15 <hr/>			
1	OPENING PLENARY SESSION: Telecommunication Structures in Transition	47	<i>The ITU and the Future of Satellite Communication in the Pacific</i> George A. Coddington, Jr.
3	<i>The Winds of Change: Changing Structures and Challenges in Global Telecommunications</i> Dennis Patrick	53	<i>Development Information Needs and Uses in the Pacific Hemisphere Community</i> B. Ray Horn and D. Ellis
7	<i>Towards the Advanced Information Society</i> Makoto Miura	75	<i>BellSouth Perspective: Telecommunications Technology/Service</i> Tom Hinton
11	<i>The Economics of Deregulation of Telecommunications and its Global Impact</i> Meheroo Jussawalla	79	<i>Future Evolution of the Information Industry in Japan</i> Ichiro Nakajima
 Tuesday, February 16 <hr/>			
19	MORNING PLENARY: User-Intensive Focus	83	<i>Future Directions in Telecommunications</i> John Spence
21	<i>Regulatory Developments in Telecommunications</i> G. McKendrick	89	Session 1.2: <i>Using Telecommunications for Education</i>
		91	<i>EDUSAT: A Project for Distribution of Educational TV Using the Morelos Mexican Satellite System</i> Arturo Serrano and Ernesto Quiroz
		95	<i>The University of the Air in Japan: The Present and the Future</i> Morio Shibayama, Yusaku Otsuka, Hiyato Yamanaka, Masaya Iwanaga and Chieko Shiozaki

PAGE		PAGE	
101	<i>Educational Telecommunications from California: A Case-Study from California State University, Chico</i> C.F. Urbanowicz, L.J. Wright and R.F. Meuter	153	<i>Telecommunications Developments in Malaysia</i> Zainal Abidin Ahmad, Shahrulzaman Hassan and Mazlan Abbas
107	Session 1.3: <i>The Role of the Telecommunications Consultant</i>	159	<i>The Strategic Role of Telecommunications in Mexico</i> Alfredo Pérez de Mendoza
109	<i>Defining the Role of the Telecommunications Consultant to Ensure a Productive Engagement</i> Joseph Freitag, Jr.	169	<i>The Pacific Islands and the Maitland Commission Mandate</i> Michael R. Ogden and Meheroo Jussawalla
111	<i>Telecommunications Consulting: Issues and Answers</i> Kenneth J. Asten	187	<i>The Potential of Mobile Satellites for Developing Nations</i> J. Raymond Marchand and Orest S. Roscoe
121	<i>The Role of the Consultant in Telecommunications Planning</i> Ralph R. Hubbard	193	Working Groups: Session 1: <i>Background Papers</i>
127	<i>Walking the Tightrope: Balancing Role and Responsibility in Determining Communication Needs in Pacific Development</i> Ron Jacobson	195	<i>Telecommunications Developments and Social Change: A Challenge to Privacy, Professional Careers and Education</i> Eugene J. Newman
135	<i>The Growing Importance of Consultants and Regional Bell Operating Companies in the Pacific Telecommunications Development Process</i> Dale J. Thomas	197	<i>Rural Radio Telephone Systems Provide Economical Answers for Communication Needs for Developing or Isolated Areas</i> W.I. Thomas
139	<i>Consulting Service — Its Role and Question in a Telecommunications Development Project</i> Yasuhiko Shigeyeda and Hajime Saito	203	<i>Satellite Work Center in Japan — C&C Satellite Office</i> Kiichi Fujino, Toshio Terashima and Midori Yokoyama
147	<i>Role of Engineering Consultants in Development of the Telecommunications Network</i> James R. Underwood, David E. Sharbutt, and Robert M. Engelhardt	213	<i>Waiting for ISDN: Toward an Agenda for Social Research</i> Robert La Rose and Charles Steinfield
151	Session 1.4: <i>Telecommunications and Development</i>	223	Special Sessions: Background Paper
		225	<i>Engineering Better Communications Satellites</i> D.N. Gregory and O.G. Bowles

PAGE

Wednesday, February 17

229 MORNING PLENARY

Provider-Intensive Perspectives

- 231 ***Toward 'Pacific' Competition — A Carrier's View***
Akira Takamatsu
- 235 ***Satellite Communications: Learning from the Past and Looking into the Future***
Sidney Topol
- 243 ***The Impact of Economic and Technological Evolution on Telecom Alternatives for the Pacific Basin***
Dennis W. Elliott
- 247 **Concurrent Sessions:**
Session 2.1:
Undersea Fiber Optics for the Pacific
- 249 ***An Update on the North Pacific Fiber Optic Cable***
David Martin
- 251 ***Fiber Optic Developments for the Pacific***
Barry A. Moul
- 255 ***Economic Opportunities for Island States Using Wideband Undersea Fiber Optic Networks***
John Stubbs, Ted Pitman and Paul Polishuk
- 261 ***The South Pacific Optical Fibre Submarine Cable Network***
F. James and Z. Kochman
- 267 **Session 2.2:**
VSAT: Technology and Use
- 269 ***VISTA and VSAT's: Communications Solutions for Rural and Remote Locations***
Jack F. Acker
- 275 ***VSAT Systems in Developing Countries***
Michael L. Blair

PAGE

- 279 ***Digital Voice Advances as Applied to Small Aperture Satellite Terminals***
Christopher Bent Sivertz
- 285 ***SOLSTAR (NEC'S Solar Powered Small Earth Station)***
Tadatsugu Tokunaga and Hiroaki Adachi
- 293 ***The Future of the VSAT Technology in Canadian Satellite Telecommunications Services***
Peter L. Senchuk and Eric K. Tsang
- 299 ***En Route to Thin Route Networks in Developing Countries***
Mark S. Fowler
- 303 **Session 2.3:**
Perspectives on Data Communications
- 305 ***Communications Standardization Procedures and Practices: Malaysian Experience***
Khairuddin Ab Hamid
- 309 ***Plan and Implementation of Data Communications Services in Taiwan***
Yu-Huei Jea
- 315 ***Addressing Major Implementation Problems in Telecommunications***
Bob M. Olson
- 321 ***High-Speed-Packet Communications for Efficient High-Speed Bursty Data Transmission***
Tatsuo Ushiki, Akira Hayakawa, Takashi Yamada and Shigehiko Suzuki
- 327 ***Is PMO the Right Choice?***
Jeffrey T. Wong and Robert L. Stickle
- 333 **Session 2.4:**
Enhancing Rural Telephony
- 335 ***Rural Telecom: Growing Market for Digital Exchanges***
William W. Ambrose
- 341 ***REDCOM's MDX — Modular Digital Exchange: A Rural Central Office with International Capabilities***
Jacqueline K. Joslyn

PAGE		PAGE	
347	Impact of Telecommunications Facility on Rural Development in India P.D. Malgavkar and V.K. Chebbi	411	Appropriate Technology: The PEACESAT Experiment Donald M. Topping and Lori Van Dusen Mukaida
357	The Use of Cellular Radiotelephone Networks to Provide Basic Exchange Individual Line Telephone Service in Rural and Suburban Areas and as an Emergency Back-Up System to the Public Switched Network in Cases of Natural Disasters Luis G. Romero-Font	417	The Demand Assigned PALAPA TDMA Network S. Gunawan, I. Hamzah and B.P. Wong
363	Radio Communications in the Rural Local Loop Craig R. Startt	423	Session 3.3: <i>ISDN Developments</i>
367	Session 3.1: <i>Applications of Information Services</i>	425	Impact of Emerging Loop Technologies on Existing Telephone Network Systems and Operations Colin P. Beasley
369	New Australian Agricultural Information Resource J.P. Brien with J.M. Brien and C.J. Brien	437	Cooperation — The Key to Successful ISDN Operations and Applications Niall Gallagher, Nellie Robinson and Matt Thomson
375	Requirements for Video Communication Services Ken'ichiro Hirota	443	ISDN Terminal's Aspects in the Term of Next Decade Yoshiharu Kan'ō
381	Developments in Public Messaging David Lawrence	447	The Research and Development of Telecommunications Technology Shyue-Ching Lu and Jin-Tuu Wang
387	Session 3.2: <i>Satellite Communications Developments</i>	451	U.D.C. and ISDN Impacts on Users and Suppliers Edward J. Poshkus
389	The Role of a Teleport John J. Reiser, Jr.	453	Envision the Opportunities J.M. Thorlton
393	Pan American Satellite and the Introduction of Specialized Communications Systems in Latin America Douglas Goldschmidt	459	Session 3.4: <i>Transmission Technology</i>
401	Advanced Satellite Communication for Multi-Media Services Masayuki Kuzu and Mutsuo Ogata	461	Progress and Prospects of Packet Radio in Malaysia Jaafar Hj. Mohamad Abu Bakar
407	Preliminary Design of Multi-Purpose Satellite System for the Republic of China Jose Shih-Hua Liu	467	Enhanced Videotex — Videotex Combined with Online Real-Time Processing Yasuo Nakamura, Akira Nakamura and Kazunori Ishida

PAGE		PAGE	
477	Implementation of a Packet Switching Network for Enhanced Network Services Mikio Makita	539	Telecommunications Market Environment in Developing Countries: The Indonesian Perspective Jonathan L. Parapak
485	The Application of Multimode Fiber in the Broadband Distribution Star Network Leping Wei and H. Kim	545	Privatization and Liberalization in the Global Telecommunications Industry: A Canadian Perspective Jean-Claude DeLorme
489	Advances in Automated HF Communications Michael Tafler	551	Working Groups: Session 2: Background Papers
495	Session 3.5: Telecommunications Systems	553	Wireless Rural Telephony: A Study of the Application of Wireless Digital Loop Carrier™ to Upgrade Rural Multi-Party Services Paul E. Clements
497	The Outlook for Electronic Data Interchange in the Pacific Region Thomas F. Horan	561	Innovations in Telecommunications Executive Management Training: A Canadian Initiative Donald J. Gillies
505	ISDN and Computers — A Vendor Perspective for the Next Decade Fred Koved	567	Concurrent Sessions Session 4.1: Country Telecommunications Perspectives
515	Tele-Cottages for Less Developed Countries — I.T. Services for Rural Village Communities Lars Qvortrup	569	Chilean Telephone Development and the Current Telecommunications Policies Carlos M. Haramoto N.
519	Broadband CATV Networks — Advances in Metropolitan Data Services — Implications for Developing Countries John G. Rivenburgh, III	577	A Tale of Two Systems George Dutch and Alex Hills
525	The INTELSAT VII System: Designed for Pacific Basin Services Peter R. Butcher and William R. Schnicke	583	Emerging Trends in Telecommunications — India 1987-2000 S.N. Kaul
531	Bend Like a Reed: The Need for Flexibility in Today's Networks Peter Hussey	587	Telecommunication Plans for French Polynesia Boris Leontieff
Thursday, February 18			
537	MORNING PLENARY Marketplace Dynamics	593	Korean Strategies for Future Information Services Yong Son, Sang-Chul Lee and Byeong-Whan Chang

PAGE		PAGE	
597	Session 4.2: <i>Broadcasting Developments</i>	631	<i>Telecommunications, International Merchant Banking and the Age of Disintermediation</i> George E. Darby
599	<i>Mass Audience Use of Global Satellite Technology</i> Sidney Pike	637	Session 4.4 <i>Telecommunications Futures</i>
603	<i>The Future of "Narrowcast" Broadcasting...An Introduction to Datanarrowcasting</i> Karl K. Rossiter and Geoffrey I. Smith	639	<i>Back from the Future: The U.S. International Telecommunications Industry in 1998</i> Timothy J. Logue
607	<i>Broadcast Data Delivery: Alaskan Developments</i> Steven Smith and Michael Levin	647	<i>Personal Satellite Communications Experiment for Future Systems in the Asia-Oceanian Region Using Milimeter-wave</i> Shunkichi Isobe, Yoshinori Arimoto, Yoshiaki Suzuki, Shigetoshi Yoshimoto, Masazumi Nishida, Tadashi Shiomi, Takashi Iida, Susumu Kitazume, Eiji Takano and Akihiko Inoue
617	Session 4.3: <i>Telecommunications Trade Issues</i>	653	<i>International Telecommunications in the Pacific Region Toward the 21st Century — Analysis of Past 10 Years and the Next Decade</i> Kenji Saga
619	<i>The Protection of Telecommunications Technologies under the Intellectual Property Laws in the United States and Elsewhere</i> Stephen E. Baldwin and Henry K. Woodward	661	<i>The Role of Telecommunications in a Regional Organisation based in the Pacific Islands</i> Charles Wilkinson
627	<i>Services, Resources and Technical Norms (or, is \$1 of Telecommunications Worth the Same Everywhere)</i> José Ricardo Melo
